4811. Motion in the name of Councillor Michael O'Brien

That this area committee favours the building of social and affordable housing on available and suitable council owned land banks by means of directly employed council labour over any new form of public private partnership including one that involves gifting private developers a share of council own land for private development for profit.

4815. Motion in the name of Councillor John Lyons

This committee recognises the invaluable community resource that is the Darndale/Belcamp Intergrated Childcare Service, otherwise known as the Jigsaw creche, is fully cognisant of the devastating impact its closure would have on the local community, particularly the families that avail of the centre's services and the workers employed there, and demands that the new Minister For Children & Youth Affairs, James Reilly, liaise with the relevant state agencies to secure the €200,000 in funding needed to ensure that the quality childcare this centre provides to two hundred and fifty children each and every day is guaranteed not only for this year but long into the future. A letter outlining this demand from the area committee will be sent to the Minister Department for Children & Youth Affairs as a matter of urgency.

4816. Motion in the name of Councillor John Lyons

That this committee welcomes the Local Authority Construction Initiative for Darndale that will see 35 new homes built in the Buttercup area at a cost of €35 million and supports the demand that a social clause be activated in this instance which would require of the main contractor the following:

A few key roads to mention are Middle Third in Killester, Castle Avenue, the Stiles Road, Hollybrook Road, Fairview / Marino Mart, Watermill Drive. CITYWIDE INITIATIVES

RUGBY DEVELOPMENT OFFICER CITY WIDE INITIATIVE

Dublin City Cup: The annual DCC cup is scheduled for Wednesday the 7th of May in Donnybrook stadium; the cup is DCC team of competent young rugby players from non- traditional rugby schools against a traditional rugby playing school. The competition has been set up to facilitate the growth of the sport of the Dublin City region and is seen as a stepping stone for teams into the Development cups. All of the teams have undertaken a period of preparation, with most participating in localised training sessions and blitzes pre-Christmas. The hope from the competition is that more of the players will go to further their rugby experience by playing in clubs and the local clubs will be invited to the matches to speak to the players.

The ethos of rugby has been very much in evidence thus far, with all schools playing with discipline and fairness through were physical encounters.

Other programmes that are up and coming in the DCC area are the DCC blitz which will take place in May with approximately 400 kids that have been coached through 6 week blocks of tag rugby. Also in mid May, will be the culmination of the Dublinia u14 team, were a group of kids, again from non traditional areas will play against a known rugby school, having participated in 8 weeks of coaching by Leinster Community Rugby Officers.

FAIRVIEW PARK PAVILLION

Fairview Park Pavilion is currently used by Sheriff YC (7 soccer teams), Belvedere FC (16 soccer teams), St. Josephs O' Connell Boys (6 GAA teams) and St. Josephs East Wall (7 soccer teams). A number of other clubs use pitches within the park but did not express an interest in using the pavilion for the 2013/ 2014 season (They include St. Vincents GAA, Scoil Uí Chonaill and Marino FC). The changing facilities are predominantly used by clubs for their weekend fixtures. The changing facilities are also used for midweek fixtures (where applicable).

For the 2013/14 season clubs were charged €200 per changing room for use of changing rooms. This charge will continue for the 2014/2015 season. The charge is used as a contribution towards insurance, utilities, security and general maintenance of the building. Application forms for both the use of pitches and pavilion are due to be issued to clubs shortly for the 2014/2015 season. They will be offered under the one permit in order to get clubs to use the changing facilities available. It is noted that the occupancy rate during daytime (midweek) is currently low. To address this, local schools and youth groups will also be written to for similar expressions of interest under the same criteria as club access. Dublin City Council is also considering the development of a Café within the pavilion to increase footfall through this area.

**With reference to a proposal to extinguish the Public Right of Way over underpass at Oscar
Traynor Road, Northside Shopping Centre.**

Proposal

A request to have the public right of way extinguished over the underpass at Oscar Traynor Road, Northside Shopping Centre was received from N1 Property Developments Limited. The extent of the proposed extinguishment is shown on Drawing No R.M. 26252 (copy attached). The North Central Area Committee at its meeting on 18th November, 2013, agreed to initiate the statutory procedures to extinguish the Public Right of Way over the above area.

Statutory Requirement

By public advertisement on 21st November, 2013 representations or objections were invited by 6th January, 2014. No residential objections were received within this period.

Service Checks

A service check was carried out and the following were received:

Drainage and Waste Water Services Division

There is a 300mm pipeline and a manhole located within the underpass. The developer has given commitment that a 900mm steel door will be included in the reinforced concrete wall to which Drainage and Waste Water Services Division will be given a key in order to facilitate access.

Gardai, Traffic

"While there is no objection from a traffic point of view to the extinguishing of this right of way, the issue of pedestrian safety needs careful consideration and liaison should take place with the DTU, DMR North".

Parks

"The proposal to close the right of way by backfilling and closing the underpass will have significant drainage implications.

The walk ways and grassed area south of the underpass drain towards a manhole located mid way along the underpass which is then connected to a manhole located on Oscar Traynor Road, approximately 75M west of the underpass. Blocking off and backfilling the underpass would effectively prevent access to the manhole located in the underpass and would prevent the City Council dealing with flooding in the park land area directly adjacent to the underpass."

The applicant has agreed to meet the requirements of Parks by provision of a steel door to give drain access. Additionally the provision of a reinforced and rendered concrete wall on the south side of the Oscar Traynor Road along with appropriate landscaping highlighted by Parks would meet the requirements outlined by Parks.

Roads Maintenance, DCC

“Recommended by Parks Department that the proposed method of closure would be by way of reinforced concrete wall and not “a rendered block wall” at the park entrance, due to the risk of proposed block wall being vandalised and a long term maintenance issue”.

UPC

“UPC does not have services within the area of the proposal, however we do have underground services in the pavement above the underpass and that the services indicated contains live fibre, transmitting data traffic of a highly sensitive nature”. Any work to be carried out in the vicinity of this ducting will necessitate that a UPC Plant Protection Officer be present during the work.

Recommendation

I recommend that the Committee approve the extinguishment of the public right of way over the area as shown on Drawing No. R.M. 26252 for consideration later by the City Council.

**Proposal to initiate the procedure for the taking in charge of Clonshaugh Court, Clonshaugh,
Dublin 17.**

A request was received from the owners to initiate procedures for the taking in charge of the above estate. It is intended that the roads and footpaths in the estate, as indicated on the attached Drawing No R.M. 26314 be **taken in charge**.

The Planning Department by order G14106 recommends that the formal procedure be initiated to have the development known as Clonshaugh Court, Clonshaugh, Dublin 17 **taken in charge** by Dublin City Council.

Recommendation

It is recommended that the North Central Area Committee now agree to the initiation of procedure under Section 11 of the Roads Act 1993, as set out in Subsections 4 and 5 of Section 180 Planning and Development Act 2000, as amended by Planning and Development (Amendment) Act 2010, to declare the roads and footpaths indicated on Drawing R.M. 26314 to be public roads and footpaths in order that the process can be recommended to the City Council.

Changes to Area Services in Kilbarrack

In 2011 the public counter service was removed from the Kilbarrack Office which is situated in the Greendale Shopping Centre. At the same time the Kilbarrack Housing function and associated staff transferred to the Darndale Office. The remaining six staff in the Greendale Shopping Centre now accept service requests by email and telephony only. There is no public access to the office which is an internal and windowless space within the building.

The work carried out by the six staff can be conducted from any location and there is now suitable space available in the Civic Centre in Bunnratty Road to facilitate the six staff. This will improve cover and enhance the services delivered from the Bunnratty Office by consolidating staff in one building. Their senior manager is already based in Bunnratty Road. The Civic Centre will possibly, be a more attractive location for customers as it houses a cluster of other public service providers and is adjacent to shopping and good transport routes. The Area Office will save in rent and associated costs while providing staff with improved working conditions.

As a result of these changes I intend to improve the housing counter services available to Kilbarrack residents by extending Housing Maintenance queries to a full service Monday to Friday in the Bunnratty Office. The service will be adjusted according to demand over the first few months. Currently there is only a half day a week service for Kilbarrack housing queries already based in the Civic Centre in Bunnratty. The Housing Welfare Service provided by personnel from the Civic Offices (one half day a week in Greendale Shopping Centre) will also be relocated to the Bunnratty Office where more suitable accommodation will be provided.

I have consulted and informed the relevant staff and continue to work out some practical details regarding the changes. I have consulted with our Employee Relations Unit in the Human Resources Department and Impact Trade Union representatives as per agreed protocols. The proposed move is expected to be completed by September 2014.

With further reference to the disposal of the former access road at Howth Junction Cottages, Dublin 5 to the owners of Nos 1-23 Howth Junction Cottages and the proposed disposal of a site to the rear of No. 4 Howth Junction Cottages, Kilbarrack, Dublin 5.

Report No. 212/1998, which was assented to by the City Council on 5th October 1998 approved of the disposal of the former access road at Howth Junction Cottages to the owners of Nos. 1-23 Howth Junction Cottages for incorporation into their gardens.

The legal formalities have not yet been completed in some of the cases and the Law Agent has now been informed that Mr. & Mrs. P. O'Connor of No. 4 Howth Junction Cottages, Dublin 5 have since disposed of their interest in No. 4 Howth Junction Cottages to Jean Joyce.

It is therefore proposed to vary Report 212/1998 insofar as it refers to the name of the other party in the case of No.4 Howth Junction Cottages and to dispose of the land, which is shown coloured pink and labelled Plot A on Map Index No 11567-6, to Jean Joyce subject to the same terms and conditions.

An application has also been received from Jean Joyce to purchase the plot of ground to the rear of her newly acquired property at No. 4 Howth Junction Cottages, Kilbarrack, Dublin 5.

The plot of ground in question has been incorporated into her rear garden for many years. It has an area of approx 60 sq. m and is shown coloured pink and labelled Plot B on Map Index No. 11567-6, a copy of which is submitted with this report.

Therefore, it is proposed to dispose of the fee simple in this plot of ground to Jean Joyce subject to the following terms and conditions:

1. The consideration shall be €600 (six hundred euro).
2. The purchaser shall pay Valuers fees of €250 (two hundred and fifty euro) plus V.A.T.
3. The purchaser shall pay their own and the Council's legal fees.

4. The transaction shall be completed within three months of the date of the Council's approval of the disposal.

5. Necessary wayleaves shall be retained in relation to any services located on the property.

The dates for the performances of any of the requirements of the proposed agreement may be amended at the absolute discretion of the Executive Manager.

The disposal shall be subject to such conditions as to title to be furnished as the Law Agent in his discretion shall stipulate.

No agreement enforceable at law is created or intended to be created until an exchange of contracts has taken place.
