What is the TEAM DUBLIN CLEAN-UP 2016?

The TEAM DUBLIN CLEAN UP 2016 is based on the many small community clean ups and Adopt the Street schemes that have taken place across the City and inspired by the success of a similar Team Limerick Clean-Up Event in 2015. It is also based on the premise that a clean Dublin is a Dublin to be proud of and is a shared responsibility of us all so we are inviting members of the public, resident's association, sporting groups, businesses, everybody to join the TEAM DUBLIN CLEAN -UP 2016 on Easter Saturday to help us make Dublin a litter free City.

Re: St. Declans Road

Further to the Motion No. 4993 of the NCAC December 2015 meeting, concerning the impact of the fruiting roadside trees at St Declan's Road and other roads in the Marino area, Parks and Landscape Services has examined the roadside trees in detail at this location.

This Service following the examination has found that there is a total of 447 No. roadside trees on the 28 No. streets/roadways at the Marino Estate. Of these trees there are 218 Pyrus spp. (Ornamental pear) the majority of which are Pyrus regalii.

Following the representations made regarding the impact of fallen fruit on residents and the request to consider the removal of some roadside trees as a result, Parks and Landscape Services proposes the removal of a total of 47 No. Pyrus spp. to take place during 2016, distributed on roadways with ornamental pear, throughout the estate, to be followed by an assessment of the impact of the result of this tree removal, including consideration of possible planting of alternative species, subject to site limitations.

The removal of the above number of trees forms approximately 21% of the overall number of ornamental pear at this estate and 10.5 % of the overall numbers of roadside trees currently present. It is acknowledged that the proposed tree removal will not completely remove the negative impacts however there should be a significant reduction in the problem while retaining a number of specimen which provide the positive characteristics previously described.

Community Grants Scheme 2016

Set out below are details of the applications together with recommendations in relation to the amount of grant assistance for each applicant body.

It is recommended that Dublin City Council make the grants to the groups as set out in the report below. There is provision in the 2016 budget to meet this expenditure.

With reference to the disposal of the laneway to side of No. 29 Adare Park, Coolock, Dublin 5

An application was received from Gregory Meade to purchase the laneway to the side of his property at No. 29 Adare Park, Coolock, Dublin 5. The plot of ground in question is shown delineated in red on Map Index No. SM-2015-0671 and has an area of approx 87 sq. m or thereabouts.

It is proposed to dispose of the City Council's interest in the laneway to the side of 29 Adare Park to Gregory Meade subject to the following terms and conditions:

1. That the disposal price in full and final settlement shall be in the sum of €5,000 (five thousand euro) plus VAT if applicable.

3. That the Council shall transfer the unencumbered freehold title or equivalent in the subject plot.
4. That the applicant shall be responsible for Dublin City Council's professional fees.

The dates for the performances of any of the requirements of the proposed agreement may be amended at the absolute discretion of the Executive Manager.

The disposal shall be subject to any such covenants and conditions as the Law Agent in his discretion shall stipulate.

No agreement enforceable at law is created or intended to be created until an exchange of contracts has taken place.
