**MOTIONS:**

**4843. Motion in the name of Councillor Alison Gilliland**

That Dublin City Council make available and open temporarily to the residents of Belmayne the DCC owned land in front of Belmayne Estate bordered by the Malahide Rd. This area of land is flat, it is well fenced off and secure and is maintained by the Housing Department of the DCC. While the area forms part of DCC strategic landbank for future housing development no such plans for development are in place. The residents of Belmayne are currently suffering from the impact of an unfinished estate with very few green areas for children and older teens to play in. This well-maintained area would provide a ready-made secure green space for such recreational activity adjacent to the estate and within a view of many parents living in the estate until such time development begins on the land.

**Order: Motion carried. Report to Councillor**

**4844. Motion in the name of Councillor Deirdre Heney**

That the laneway that joins La Vista Avenue to Killester Park be cleared of overgrowing Ivy, bushes weeds etc and cleared of rubbish and that the manager examine the possibility of making safe the 3 steps at the entrance to the lane from La Vista Avenue as local elderly residents complain that these steps are hazardous with broken concrete piece(s) at the base as well as the fact that there is no hand rail – residents report that the steps are quite hazardous, particularly for the two blind people who live nearby.

**Order: Report to Councillor**

**4845. Motion in the name of Councillor Naoise O’Muirí**

That the Manager please outline when the road at Windsor Villas was last resurfaced and consider it for inclusion in the next resurfacing programme.

**Order: Report to Councillor**

**4846. Motion in the name of Councillor Micheál MacDonncha**

In light of the widespread community-based and community-led peaceful protest and resistance to the imposition of the double taxation of water charges, notably in the North Central Area of Dublin City Council and across the city and country, this Area Committee calls on the Government to adhere to the democratic wishes of the people, as expressed in the May 2014 local and European elections and abolish these charges, investing the funding reserved for installation of water meters in the repair and upgrading of the water infrastructure.

**Order: Report to Councillor**
