RED STABLES MARKET, ST. ANNE'S PARK

Following an invitation to tender which was advertised in October 2015, the concession to operate a full day weekend farmers market in St. Anne's Park was awarded to Jackie Spillane. The concession will be for a three year period, with the option, at the sole discretion of Dublin city Council, to extend for a further two periods of one year each.

The current operators of the market, ALA Markets and Events will remain in situ until Saturday 30th April 2016 and Jackie Spillane will then commence operating the market on Saturday 7th May 2016. The market will be re-branded as The Red Stables Market and will operate every Saturday from 11.30am to 4pm. The market will focus on providing high quality artisan produce, in season vegetables and arts and crafts stalls. The operator will promote the market through a newsletter, which will be made available in electronic format and there will also be a leaflet drop to residential properties in advance of the commencement date.

St. Anne's Park is one of the most popular parks in the city and currently provides a wide variety of public amenities. It is anticipated that the re-invigorated market will enhance the enjoyment of the park by providing an additional and alternative retail experience for park users. Research from both Europe and the US, indicates that well run public markets tend to boost adjacent retail business and the market can also provide an alternative option to businesses in the area to take a stall and promote their products to a wider audience. It is hoped that the Red Stables Market will not only raise the profile of the park itself but the wider area generally.

As there is not enough space to create a right-turn feeder lane, the provision of a right turn filter light would be of limited benefit. As such, no changes to the existing signal operation are recommended at present.	0	14/12/2015
2	Pedestrian Facilities	20870	COLLINS AVENUE EAST (NC-EA)	D5	Pedestrian Crossing	At the bend, close to 53 Avenue Bistro.	cllr Heney	Recommended	Following investigation and in light of the recent accidents at this location, a Pedestrian crossing has been recommended between Killester College and the Railway bridge to the west. This crossing has been included on the 2016 Works Programme but is dependant on some design considerations including visibility on both approaches, property entrances, access to underground services and bus cage locations.	0	19/10/2015
3	Parking Prohibitions	28105	COLLINS AVENUE EAST (NC-EA)	D5	Double Yellow Lines (Extend)	on the railway bridge.	Deputy Haughey	Not Recommended	Parking restrictions exist north of the entrance to Killester College Car Park to improve visibility. Further restrictions would shift parking further north and would result in increased traffic speeds on the approach to the Killester College. Therefore further restrictions are not recommended. It should be noted that a pedestrian crossing has been recommended along this stretch of carriageway subject to certain design considerations. The location of the proposed crossing may impact or require the removal of this parking.	0	25/11/2015

4	Parking Prohibitions	20802	DUNDANEL ROAD (NC-EA)	D5	Parking Prohibition	at the junction of Dundaniel Road and Ballyshannon Road.	resident	Not Recommended	Under The Road Traffic (Traffic & Parking) Regulations, Section 36 paragraph(2) c, It is illegal to park "within 5 meters of a road junction; Likewise; Under The Road Traffic (Traffic & Parking) Regulations, Section 36 paragraph(2) k, it is illegal to park "in a manner in which it will interfere with the normal flow of traffic or which obstructs or endangers other traffic;" It is not recommended to introduce parking restrictions where restrictions are already covered under the law, such as extending yellow lines around corners, as this would lead to a proliferation of same and additional expense due to maintenance etc. Infringements of the Act is being referred to Dublin Street Parking Services Ph.6022500 for enforcement under the law.	0	13/10/2015
5	Pedestrian Facilities	27635	KILMORE ROAD (NC-EA)	D5	Pedestrian Refuge Island	at Ardlea Road junction	Cllr Gilliland	Recommended	Following examination a buildout is recommended on either side of Ardlea Road at its junction with Kilmore road junction, in order to slow traffic and facilitate pedestrian crossing. 6	Traffic Conditions	29373	KINCORA GROVE (NC-EA)	D3	Traffic Calming	Traffic calming measures for Kincora Grove, Clontarf.	Cllr Heney	Recommended	Following a speed survey conducted on 11/2/2016 the 85th percentile speed was 54k/hr. This would indicate that traffic calming is required. It is therefore recommended that three no ramps should be provided located at Lamp Standards nos14,12 and 5m east of Lamp Standard no 9. This measure will be included in a future works programme subject to availability of funding.	1	04/02/2016
7	Traffic Signals	28697	SPRINGDALE ROAD (NC-EA)	D5	Right Turn Filter Light	From Springdale Road onto Harmonstown Road.	resident	Not Recommended	A review of the traffic signal operation at the junction of Springdale Road/Harmonstown Road was carried out. Due to the low traffic volumes in this area, there is no requirement for a right turn filter light. No changes are recommended at this time.	1	05/01/2016

Kilbarron Road

Kilbarron Road and surrounding Roads adjacent to Beaumont Hospital are standard 6m wide residential streets with off road parking available to most residents. The public carriageway is free to all & residents have no rights over others regarding parking outside their homes. Parking arrangements are usually based on common courtesy between neighbours; however problems can arise when there is a deficit of on street parking due to multi vehicle households or intrusion from outside as is the case with overspill parking from the Hospital.

Parking restrictions have been provided where appropriate on residential roads adjacent to Beaumont hospital while at the same time being mindful not to inconvenience local residents with further restrictions.

Parking restrictions and other measures are generally not provided in situations that are already covered under the Road Traffic Act, where enforcement can be carried out by the Gardaí or Dublin Street Parking Services.

Dublin City Council cannot provide for 'Residents only Parking' on a particular road as there is no legal basis to restrict parking on a public road to the residents of that road.

A measure to address the situation in the Cul De Sac on Kilbarron Road has been recently recommended by The Traffic Advisory Group on 23/02/2016.

In order to prevent parking on the concrete island and to regularise on street parking, it has been recommended that indented parking be provided on the southern side of the island. This will be included on a future works programme when there is available funding. This measure together with the existing double yellow lines at either side of the entrance to the cul de sac should relieve the parking situation on this section of Kilbarron Road.

Dublin City Council will continue to deal with parking issues as they arise on a case by case basis in the appropriate manner.
