Planning Application No. 4185/15 verbal update by Bryan Ward

MOTIONS:

5081. Motion in the names of Councillor John Lyons, Councillor Paddy Bourke & Councillor Larry O'Toole

To ask the manager to make available to the local community the city council building located in the Cromcastle Court flat complex, Kilmore Road by way of a rental arrangement through which the residents of Kilmore will have a community space at an affordable cost.

5082. Motion in the name of Councillor Alison Gilliland

That DCC extend the right to be assessed for the Housing Assistance Payment to those persons on priority bands on the housing lists (Medical, welfare, exceptional social circumstances, vulnerable and over-crowding) in order to provide alleviation to their waiting times, if they so wish.

5083. Motion in the name of Councillor Deirdre Heney

That the manager refer to my previous requests (and his agreement) to provide a pedestrian crossing on Philipsburg Avenue at its junction with Griffith Avenue and say that he will agree to give this crossing priority in 2016 and provide the necessary pedestrian crossing in order to make this crossing safe for pedestrians, particularly very young children and older people.

5084. Motion in the name of Councillor Deirdre Heney

That this area committee calls on the manager to immediately remove the vandalised and rusted signage in St. Anne's Rose Garden and replace same with signs flush with the ground similar to those replaced metal signs in St Anne's Arboretum so as to avoid danger to visitors to the Rose Garden, particularly young children and pets.

That this Area Committee calls upon

1. The Roads and Traffic Division, the Parks Department and the Area Manager to agree to provide indented parking in the green open space on both on Elmfield Way and on the oppsite side of the Green at Templeview Avenue to match.
2. The Area Manager to ensure that Traffic Assesments carried out at Elmfield Way are done so not just during normal working hours but outside of hours and that all recent requests be reviewed particularly in the light of evening time conditions.

3.The Area Manager to request the Garda Siochana and the Council Contractor to enforce breaches of Road Traffic Law at Elmfield way and to do so outside of office hours and during office hours also.

4.The Area Manager to confirm the ownership of the site at Grove Lane and to Liaise with the owners in direct contact or pursuant to the Derelict Sites Act or other legislation as appropriate, to see that dumping is prevented, regular trespass is prevented and that the site is cleared and secured from further incursions and anti social behaviour and that this abuse of the local residents is prevented and that a proper use of the site such as the including of the the site into the back gardens of Greenwood and the relevant houses

Order: Report to Councillor

5064. Motion in the names of Councillor John Lyons

Recognising the severity of the housing and homelessness crisis in the city, noting also that the greatest demand for housing is in the northeast of the city, in Artane, Coolock, Killester, Raheny, Darndale, Beaumont, Marino, Clontarf, Kilbarrack and the surrounding areas, this area committee is committed to ensuring that all lands suitable for residential development in the ownership and control of Dublin City Council in the North Central Area are used to provide homes for the approximately six thousand families, couples and single people on the housing and transfer lists in AREA B.

Order: Report to Councillor

5065. Motion in the names of Councillor John Lyons

Noting with concern Dublin Bus management's proposal to terminate the 27B bus route on the Oscar Traynor Road, this area committee will request in writing an urgent meeting with Dublin Bus CEO Ray Coyne to outline the reasons for retaining this vital public transport link between the Malahide Road and Swords Road.

Order: Report to Councillor

5066. Motion in the names of Councillor Michael O'Brien

That this area committee supports the concept of a school bus service being made available to those children in emergency accommodation regardless of whether or not they meet the current eligibility criteria operated by the Department of Education and Bus Eireann which have no regard for the particular challenges faced by families with children in emergency accommodation and furthermore we write to the Department and Bus Eireann on this matter.

Order: Report to Councillor

5067. Motion in the names of Councillor Michael O'Brien

That this area committee notes with concern the perilous position the TARGET project in Donaghmede has been placed in by being ordered to vacate their current location in St Kevin's school and call on DCC to give whatever practical assistance it can to help them secure a location so they can continue their important counselling, educational and recreational work in the community.

Order: Report back to July North Central Area Committee meeting

5068. Motion in the names of Councillor Deirdre Heney

That the Manager, in relation to ongoing problems of dumping of household/other waste and anti-social behaviour that is taking place in Maypark, Donnycarney, put in place appropriate enforcement measures that will address these issues.

Order: Report to Councillor

5069. Motion in the names of Councillor Deirdre Heney

That the manager ensure that Lorcan Estate Residents Association and other affected residents be fully consulted in advance of any development of the Lawrence land, (such consultation period to be at least 8 weeks duration) and that he also ensure that no construction traffic shall be permitted to use Lorcan estate as a through road for any possible future development of the Lawrence lands.

Order: Report to Councillor

5070. Motion in the names of Councillor Deirdre Heney

That the manager ensures that the social housing percentage of any future development in the Lawrence Lands not exceed that of 30% as agreed at City Council.

Order: Report to Councillor

5071. Motion in the names of Councillor Alison Gilliland

That Dublin City Council enter into its Programme of Works the painting of the stairwells in all blocks in the Cromcastle Complex. That this work be undertaken during the current year or, acknowledging that all funding may already be allocated for the current year, that this project be prioritised for early 2017.

Order: Report to Councillor

5072. Motion in the names of Councillor Naoise O'Muirí

That Dublin City Council commission a Study of Griffith Avenue with a view to it being re-classified as a Linear Park

TRINITY ADULT RESOURCE GROUP FOR EDUCATION AND TRAINING (TARGET).

Trinity Adult Resource Group for Education and Training Limited (TARGET), based in St. Kevin's Junior National School, Newbrook Road, Donaghmede, Dublin 13, provide a range of important counselling, educational and recreational services in the community and we have had a positive and good working relationship with the group over a long period. The situation now being faced by TARGET, where they were informed of a decision by the Board of Management of St. Kevin's, indicating that the school was not in position to renew the lease into the future, was considered at the last Area Committee meeting and is the subject of a motion on today's agenda in the name of Councillor Michael O'Brien.

Earlier in the year, we became aware that the school was seeking the return of two rooms used by TARGET from September 2016. However, at that stage it was anticipated that a large room currently used by a number of groups, including the Donaghmede Men's Shed, would be subdivided and the users facilitated in this new two roomed arrangement. To take the pressure off the available space, we facilitated a move of the Donaghmede Men's Shed to Unit 60 in Belmayne. We understand that the school submitted an application in June 2015 to the Department for Education and Skills, for the refurbishment of existing accommodation to create two classroom-sized spaces to provide a mainstream classroom and a resource room for special education in line with that agreement. We are advised that the Department subsequently approved that application and the funding was provided. Why this arrangement, which had been accepted by TARGET, was not implemented remains unclear. However, the Department has indicated that there was pressure on enrolments at the school, which had experienced a 57% increase in the period between 2011 and 2015. That trend is continuing.

Nevertheless, we share the concern of the group and the local community with regards to the impact of the decision by St. Kevin's Junior school to take back the space which it had made available to TARGET and the timing and manner of the delivery of that decision. It should be pointed out; however, neither the council, the City of Dublin Education and Training board (CDETb) nor the Department for Education and Skills had any advance notice of that decision.

Whilst our local Community & Social Development staff are in regular contact and provide assistance to the group, they are not a major funder and indeed the range of services provided by TARGET go well beyond the remit of even the Department of Education and Skills, which specifically support them in respect of adult education provision through the CDETb. The Department also has a major role in relation to the school.

There is a shortage of buildings available in the North Central Area for community purposes and we are working with a number of groups on similar issues. Unfortunately, there is no easily available or practical solution to meet the shortage of space. We are aware that this particular group are examining a number of options, including other buildings or sites which might support possible prefabricated buildings. Dublin City Council is not involved in the existing lease/license arrangements between St. Kevin's Junior School and TARGET. Therefore the council has no direct role in the matter. However, we are aware of developments and it was our belief, expressed at that last Area Committee that there was an opportunity for a suitable arrangement to emerge, through discussions then taking place with the Department of Education and the City of Dublin Education and Training Board (the main funder of TARGET).

Finding a suitable building within the timeline available to facilitate TARGET's community services (childcare, counselling service and counselling course, not to mention the other services already displaced) and the large amount of equipment, e.g. cookers, sewing machines, computers, tables chairs etc; is a huge task and one that they are simply unable to meet.

Our present understanding is that following a meeting on 28th June with the Parish Priest and a representative from Archbishop House, a letter issued which merely confirmed the original stance taken by the Board of Management, with the only compromise being that TARGET could remain on the ground floor until the end of June 2017. The impact of this decision has resulted in the loss of the cookery room, computer room, home furnishings, photography class and the canteen, as well as the Community Garden. In addition, other restrictions have been proposed, purportedly to comply with child protection requirements, which will further inhibit use.

Finally, we have concerns about a number of other community based activities currently located in schools, which we believe are in imminent danger of facing the same kind of issues, that has led to the displacement of TARGET. Given the commitment in the programme for Government, that "*schools buildings must be utilised out of hours, both throughout the day and throughout the year*", we believed that this would increase rather than diminish the use of school buildings, particularly in North Central, where there is a deficit in purpose built community space. However, the present situation has only added to the uncertainty, at least in the short term.

However, in spite of our overall dissatisfaction with the present situation and emerging trends, given the lack of any buildings available to us, we cannot see how we can usefully get involved in resolving the situation in the short term, other than to prevail on the Department of Education and Skills and the other key players involved, to examine all possibilities and work to resolve the present situation.

CONSTRUCTION OF SPRINGDALE PARK SPORTS CHANGING BUILDING REPORT

FOR INFORMATION PURPOSES ONLY:

Works Period

Dublin City Council Parks and Landscape Services are advising the North Central Area Committee of their intention to commence with the construction of the new Springdale Park sports changing building on August 2nd 2016 and it is expected to be complete by 27th January 2017.

Location

The building will be located on a plateau along the northern edge of Springdale Park behind a screening of trees along Springdale Road between the junctions of Edenmore Park and Edenmore Avenue, Raheny, Dublin 5. A new pathway will provide direct access to the building which will be enclosed in 2.4m high fence enclosure. The building will be 24 hour CCTV monitored.

Working times

8am to 6pm Monday to Friday and 9am to 1pm Saturday.

Building Contractor

The contractors for the project are Tolmac Construction Ltd, a Dublin based company established in 1978 with a reputation of delivering projects to the highest of standards. Tolmac have successfully completed a number of projects for Dublin City Council Park's Department including recent projects in Herbert and Harolds Cross Parks. The company operates a quality management system that is accredited by and certified to ISO 9001:2008.

Health and Safety

Tolmac are accredited A-Grade on the most recent Safe-T-Cert audit in March 2016. The Health and Safety of both the public and those involved with the construction project will be of paramount importance for the duration of the project. On appointment the contractor will prepare the construction stage health and safety plan for the building project. Following discussions with the design team, Dublin City Council's Parks and Landscape services and Dublin City Council Roads Department the contractor will prepare a detailed site setup plan before works commences. This will indicate the site hoarding set out, access to site, parking for construction personnel, traffic management, site accommodation etc.

Regular site audits will be carried out by the contractor's external safety consultant to ensure high standards of safety and health are maintained for the duration of the project on the site.

Public Access to the Park

Safe public access to the park will be maintained for the duration of the building project.

Security of the site

The contractor will be responsible to ensure that site is secured and monitored at all times including night time to prevent unauthorised access.

Environmental Control

The contractor will take all necessary measures to minimise the effect of building activities to the environment. All plant and equipment used will be of good quality and fitted with noise suppression where possible. Refueling procedures will be in place to avoid any spillages. Where operations are dusty or during extreme dry weather the area will be regularly wetted down to control dust. Good house-keeping procedures will be maintained on the site and rubbish will be placed regularly in skips supplied by licensed recycling companies. Public roads / pavements / and surrounding parks will be kept clean and tidy on a regular basis.

PART 8 NOTIFICATION – RENOVATION WORKS TO BATHING SHELTER ON NORTH BULL WALL.

A Part 8 Planning Application to renovate one bathing shelter on the North Bull Wall is due to be submitted. The bathing shelter is a protected structure and is listed on the Record of Protected Structures, Ref: 1013 in the Dublin City Council Development Plan.

Parks and Landscape Services propose to renovate the bathing shelter which is currently in use by a Men's Open Water Swimming Club. Proposed in these works, the seats will be given a cladding to provide extra comfort while bathers change. Hooks for hanging up towels/clothes will also be provided. A tap is proposed to be provided to supply clean water for rinsing sand off items. A central handrail for the steps into the sea will be placed and the steps themselves will be repaired. Another bench, similar to the existing, is proposed for the other side of the shelter as it is the most sheltered side from the prevailing south west winds.

**PART 8 NOTIFICATION – DEVELOPMENT AT DOLLYMOUNT STRAND PROVIDING A TEMPORARY
MULTIPURPOSE AMENITY BUILDING.**

A Part 8 Planning Application to construct a temporary multipurpose amenity building on Dollymount Strand is due to be submitted.

Parks and Landscape Services propose to construct a temporary multipurpose amenity building comprising four 10 ft shipping containers arranged in cruciform shape on Dollymount Strand, close to the North Bull Wall to service water enthusiasts. These containers will allow for water sports enthusiasts to have a base on the beach during the season, i.e. April – end October. The containers will provide a more comfortable place for enthusiasts to change and offer a base for the operator to work out of.

PART 8 NOTIFICATION – BULL ISLAND, CAUSEWAY ROAD: PROVISION OF DISABLED PARKING IN PROXIMITY TO THE BEACH AND RE-ALIGNMENT OF CAR PARKING ON THE CAUSEWAY ROAD.

Parks and Landscape Services propose to create 10 parking bays for disabled vehicles close to the beach off the causeway road. The loss of natural area will be mitigated by the removal of an equal area of tarmacadam along the access road to the beach where the material from the disabled spaces will be transplanted.

On the causeway road itself, the earth bunds which were put in place some years ago to prevent traveller encampments will be reduced in width to provide for cars to be parked at 45 degrees from the road alignment. The tarmacadam surface of the causeway will be reduced from its approximate 10.8m width to 6m which is standard for vehicular access. The parking bays will resurfaced in a 'honeycomb' geotextile which will allow these areas to recolonise with the natural vegetation of the island.

PART 8 NOTIFICATION – DEVELOPMENT OF TOILETS AND A CONCESSION KIOSK IN ST ANNES PARK.

There is a need for additional toilets in St Annes Park to cater for the playground and the events and activities in the park. At present park users have to go and queue at the Red Stables for toilets and refreshments which is over loading the existing facilities.

The location selected for the toilets is the site of an existing boules pitch between the Red Stables and the playground. The boules pitch will be moved to a location agreed with the boules players.

The toilets are designed to face onto a courtyard setting and will cater for families and universal access. In addition to the toilets, a kiosk is proposed to provide refreshments. This will be offered as a concession to the operator of the Red Stables tearooms.

The courtyard concept is designed to be easily secured and robust to deter anti social activity. The courtyard will be located at the edge of a woodland and additional tree planting will take place within the courtyard.

With reference to a proposal to initiate the procedure for the Extinguishment of the Public Right of Way over laneway to the rear of 34-48 and side of 50 Vernon Avenue, rear of 15-45 and side of 13 Belgrove Road, rear/side of 14, 15 & 16 St. Joseph's Square, Clontarf, Dublin 3.

Proposal

A request to have the public right of way extinguished over the laneway to the rear of 34-48 and side of 50 Vernon Avenue, rear of 15-45 Belgrove Road and side of 13 Belgrove Road, rear/side of 14, 15 & 16 St. Joseph's Square was received from the Residents. The reason for the closure is to prevent break-ins to properties accessed via the laneway, to prevent anti-social behaviour, dumping & graffiti in the laneway. The proposed method of closure is by means of lockable gates. The extent of the proposed extinguishment is shown on Drawing RM 36598 (copy attached).

Service Checks

A service check has been initiated.

Statutory Requirement

The statutory procedure involves giving public notice of the proposal in one or more newspapers circulating in the City and the affixing of that notice at each end of the right of way for a period of not less than 14 days. Any objections or representations made and not withdrawn shall be considered. The extinguishment of a public right of way is a function reserved to the elected members of the City Council.

Recommendation

I recommend that procedures be initiated under Section 73 of the Roads Act 1993 to extinguish the public right of way over the area indicated on Drawing RM. 36598

Naming & Numbering Proposal for a new development of 113 Units on lands at Belltree Walk, Belltree Avenue, King Street, King's Walk, Park Street & Park Terrace North, Clongriffin, Dublin 13.

An application was submitted by CCK Architects for the development of 113 new units on lands at Belltree Walk, Belltree Avenue, King Street, King's Walk, Park Street & Park Terrace North, Clongriffin, Dublin 13 as per the attached drawing **RM 36605**. They propose the following name and numbers for the units in this development:

11-31 Park Terrace North / 11-31 Ardán na Páirce Thuaidh (consecutive)
2-18 Belltree Walk / 2-18 Siúlán Chrann an Chloig (evens)
13-31 King Street / 13-31 Sráid an Rí (odds)
26-44 King Street / 26-44 Sráid an Rí (evens)
1-11 King's Walk / 1-11 Siúlán an Rí (odds)
2-14 King's Walk / 2-14 Siúlán an Rí (evens)
41 Park Street, Apartments 1 to 15 (consecutive) / 41 Sráid na Páirce, Árasán 1-15
43-63 Park Street / 43-63 Sráid na Páirce (odds)
24-70 Belltree Avenue / 24-70 Ascaill Chrann an Chloig (evens)

Park Terrace North is an extension of a newly constructed street running east from Park Avenue to Park Street. The numbering on this street picks up from where it left off at No. 10 and runs sequentially.

Belltree Walk is numbered odds and evens. The 'odds' side on the west has been constructed and it is proposed to number the east side 'evens'.

Belltree Avenue, like Park Terrace North, is an east-west street that has been partially constructed. It is proposed to continue the unit numbering as 'evens', from No. 24 to No. 70.

King Street is an extension of the existing street, which curves north from Park Terrace South. It is proposed to continue the 'odds' and 'evens' numbering system already established, and to make an allowance in the 'gaps' created by phases which are still in the planning system.

King's Walk is a new street and it is proposed to number this street 'odds' on the west side and 'evens' on the east side.

Park Street is an extension of an existing street that, like King Street, curves north from Park Terrace South. As per King Street, allowances are made for the 'gaps' left by phases which haven't been granted permission yet. Odd numbers are proposed along the west side of Park Street.

There is one apartment block in this phase: it has a single entrance on Park Street and it is proposed that the units will be addressed as No. 41 Park Street, Apt 1; No. 41 Park Street Apt 2; etc.

Where houses have their front door entrance on the long gable side, their address will be taken from the street that they front onto, e.g. 2 Belltree Walk

The Heritage Officer considers the proposed name and numbers appropriate. The name and numbers

11-31 Park Terrace North / 11-31 Ardán na Páirce Thuaidh

2-18 Belltree Walk / 2-18 Siúlán Chrann an Chloig

13-31 King Street / 13-31 Sráid an Rí

26-44 King Street / 26-44 Sráid an Rí

1-11 King's Walk / 1-11 Siúlán an Rí

2-14 King's Walk / 2-14 Siúlán an Rí

41 Park Street, Apartments 1 to 15 / 41 Sráid na Páirce, Árasán 1-15

43-63 Park Street / 43-63 Sráid na Páirce

24-70 Belltree Avenue / 24-70 Ascaill Chrann an Chloig

are considered suitable and are recommended for adoption.

***The Chairman and Members of
North Central Area Committee***

Proposal to initiate the procedure for the Taking in Charge of Newtown Court Way
(the access road to Newtown Court)

The North Central Area Office in the absence of a developer (now dissolved) would like to initiate procedures for the taking in charge of Newtown Court Way (the access road to Newtown Court). It is intended that the roads and footpaths in this section as indicated on the attached drawing and photographs be taken in charge.

The North Central Area Office recommends that the formal procedure be initiated to have Newtown Court Way (the access road to Newtown Court) taken in charge.

Recommendation

It is recommended that the North Central Area Committee now agree to the initiation of procedure under Section 11 of the Roads Act 1993, as set out in Subsections 4 and 5 of Section 180 Planning and Development Act 2000, as amended by Planning and Development (Amendment) Act 2010, to declare the roads and footpaths indicated on the attached drawing to be public roads and footpaths in order that the process can be recommended to the City Council.
