Motions with Replies
Central Area Committee Meeting
10th January, 2017

Item 1

Motion in the name of Councillor Ciaran Cuffe

That this Committee requests the Sports and Fitness Centres to reduce the amount of the increase in the new monthly fee to €12

Report

The Passport for Leisure Scheme is a discount scheme operated by a private company who upon payment of a membership fee (currently €10) issue a Passport for Leisure discount card. The scheme is available to all adults over 55 years of age. The scheme entitles the members to avail of a range of special discounts for access and use of Dublin City Council Sports and Fitness facilities as well as a range of discounts offered by the business sector including travel, eating out, theatre, cultural events etc.

Dublin City Council offers a range of discounts to Passport for Leisure members in its various Sports and Fitness facilities to encourage usage by those over 55 years of age. The scheme is not restricted to people living within the City of Dublin and when it was launched in 2007 it was proposed that the adjoining local authorities would also participate in the scheme under the same terms of discounts as Dublin City Council. This has not happened to date

This year as part of the review of the discounts offered by Dublin City Council it was considered appropriate that the age related availability of the scheme should be increased from 55 years to 60 years and that the pricing structure for the discounts should be broadly brought into line to reflect a 50% discount on the normal admission price with no time restrictions on access to the facilities. The discounts offered by the business sector in the scheme are usually in the range of 5% to 10% discounts with restrictions on availability.

The outcome of the review is that the age eligibility criteria will not be adjusted and that the discount price being offered will fall in line with the normal pricing structure but be discounted down by on average 50%. I consider that the 50% discount represents a fair and reasonable approach to the pricing structure for this scheme.

Please note new prices in DCC Leisure facilities from 1st January 2017

Leisure Centre	Pay as You Go	Monthly	Annually
Sports & Fitness Ballyfermot	€3.50	€15	€150
Sports & Fitness Ballymun	€3.50	€15	€150
Sports & Fitness Finglas	€3.50	€15	€150
Sports & Fitness Markievicz	€3.50	€15	€150
Swan Leisure Centre	€3.50	€15	€150
Gyms			
Sports & Fitness Irishtown	€2.50	€10	€100
Ballybough Community Youth & Fitness Centre	€2.50	€10	€100
Cabra Parkside Community Sports Centre	€2.50	€10	€100
St. Catherines Community Sports Centre	€2.50	€10	€100

Item 2

Motion in the name of Councillor Nial Ring

That this Committee agrees that the classes and public hours currently available at Sean McDermott Street swimming pool will not be reduced when the Markievicz Pool reopens.

Report

The Markievicz Sport and Fitness Centre reopened on the 19th of December 2016. All staff from this facility has resumed their positions in the Markievicz Sport and Fitness Centre. Sean McDermott Street Swimming pool will revert back to its normal operating hours. Which are the following: Tuesday 12.30-9.30pm, Wednesday 8.30am-6.30pm, Thursday 8.30-5.30pm, Friday 8.30-5.30pm and Saturday 9.30-2.30pm

Sean Mc Dermott Street Swimming Pool will be catering for the many schools and colleges in the surrounding area in relation to swimming classes. New children swimming lessons will also be introduced, along with other general swimming clubs being catered for. We will also have general swimming hours made available to the public.

If you have any further questions regarding Sean McDermott Street swimming pool please contact Ger Carty Senior Sports Development Officer & Water Safety Officer, Sport and Reaction Section, Community, Recreation and Economic Services.

Central Feb Area Agenda 14/02/17 (TAG Date: 24/01/17)											
Item	Request	Ref	Road	Post-code	Topic	Request Description	Request by	TAG Result	TAG Comments	Sec	Date Rec'd
1	Parking Prohibitions	18993	ARKLOW STREET (C-EA)	D7	Pay & Display & Permit Parking	on the road.	t.d.	Recommended	Recommended subject to survey of residents (TAG 24/01/17).	1	02/07/2015
2	Traffic Signals	34764	DORSET STREET LOWER (C-EA)	D7	Filter Light	Filter light on Dorset St Lwr, for turning right onto Eccles St./ North Ciruclar Road/Synott Place	resident	Not Recommended	ITS have looked at this junction and the inclusion of a dedicated phase for right turning movement from Dorset St to Eccles St would necessitate a reduction in the time available for other traffic movements at this junction. This would result in increased delays and queues on Dorset St Outbound and Eccles St/Temple St, both of which are already heavily congested at peak times and therefore a right turn filter light is not considered feasible at time time. ITS have looked into the junction of Dorset St / Synott Place and we have now allocated time for right turners to turn right into Synott Place before Dorset St Outbound get a green in the PM peak. This should hopefully help.	4	27/10/2016
3	Traffic Signals	35428	DORSET STREET UPPER (C-EA)	D1	Filter Light	Filter lights for entire junction at Eccles Street and Hardwicke Street.	resident	Not Recommended	We have looked at this junction and the inclusion of a dedicated phase for right turning movements would necessitate a reduction in the time available for other traffic movements at this junction. This would result in increased delays and queues on Dorset St and Eccles S/Temple St, both of which are already heavily congested at peak times and therefore a right turn filter light is not considered to be feasible in this instance.	0	08/12/2016
4	Parking Prohibitions	30873	FITZROY AVENUE (C-EA)	D3	Pay & Display & Permit Parking	on the road.	resident	Recommended	Accepted at survey, hours Mon-Fri 07.00-19.00. 133 on register of electors, 83 votes returned, 51 yes, 21 against, 11 spoiled. The pro-rata vote was 49 for and 17 against.	3	23/03/2016
5	Traffic Signals	31026	JONES'S ROAD (C-EA)	D3	Filter Light	for exiting Holycross College onto Clonliffe Road and Jones Road.	resident	Not Recommended	The junction has been looked at by ITS and no changes are to be made to the junction at this time.	0	26/04/2016

1st February, 2017

The Chairperson and Members of
Central Area Committee

**With further reference to a proposal for the the Extinguishment of the Public Right of
Way over a section of the laneway to the rear of 16-23 St. Ignatius Road, Dublin 7.**

Proposal

A request has been received to have the public right of way extinguished over a section of the laneway to the rear of 16-23 St. Ignatius Road, Dublin 7.

The Laneway is the location of anti-social behaviour and the residents requested the laneway be closed to prevent this. The proposed extinguishment is shown on the attached Drawing RM 23303c.

Statutory Requirement

By public advertisement on the 23rd November, 2016 representations or objections are invited by the 4th January, 2017. The site notices were erected on the 23rd November, 2016.

- No objections have been received to date.

Service Check

A service check has been carried out. Irish Water will require occasional access and a key will be provided.

Recommendation

I recommend that this Committee approve the extinguishment of the public rights of way over the areas shown on Drawing No. RM 23303c for consideration later by the City Council. The extinguishment of a public right of way is a function reserved to the City Council.

Update Report – Moore Street Market and Retail Outlets Strategic Report

Background:

An implementation group was established with a view to prioritising and implementing recommendations set out in the Moore Street Markets and Retail Outlets Strategic Report. The team is led by Karl Mitchell, Assistant Area Manager, Central Area.

The group initially agreed a number of improvements which are achievable in the short to medium term, under the following headings:

<i>Issue</i>	<i>Action</i>
<p>Traffic Parking / Vehicular Access Noted that although there is no drive through after 11am, it is clearly evident that this is not adhered to. There are 2 “no entry after 11am” signs on Moore Street at the O’Rahilly Parade junction.</p>	<ul style="list-style-type: none"> • Removable bollards have been installed on Moore Street at the O’Rahilly Parade junction and also the Henry Lane junction. • Notification / signage regarding the installation of the bollards are in situ. • The Traffic Division’s proposal to make Moore Street one way southbound has been objected to, as has their proposal for the provision of cycle parking on the street given the existing planning permission on the adjacent site. Temporary cycle parking has been installed on Moore Street (Parnell Street end outside Lidl) which has been very successful. We are considering installing additional temporary cycle parking at other locations on the street. • Priority works to resurface the area where there is a pooling of water at Sampson’s Lane have commenced.
<p>Lighting Street lighting is currently provided by flood lighting on the buildings on the north side of the street.</p>	<ul style="list-style-type: none"> • Works to install the new system are complete. New lighting was not installed at 14-17 Moore Street (the National Monument). • A meeting has been arranged with Public Lighting and the Planning Department to look at a solution to the existing flood light on 16 Moore Street.
<p>Cleansing The street is cleaned continually during the day and the truck empties the euro bins at around 2.30pm. Cleansing staff are unable to maneuver cleansing equipment around the stalls.</p>	<ul style="list-style-type: none"> • We are continuing to focus on the daily cleaning regime to include power washing etc.
<p>Physical Design of the Street / Engagement with Traders There are currently 23 stalls in situ. There is no cohesion or uniformity to the location of the stalls.</p>	<ul style="list-style-type: none"> • Pitch markings were upgraded in December 2015; the new markings designate an extended area of 12 feet for each stall.
<p>Stalls The majority of traders are not using their stalls; produce is stacked on the public footpath. The current stalls are not user friendly and inhibit trading.</p> <p>The storage of stalls is a major issue. At present the stalls remain in situ at all times, including unused stalls. It is agreed that even if we had a dedicated space to store the stalls, the current stalls are heavy and most of the current traders would not be able to move them.</p>	<ul style="list-style-type: none"> • Works to upgrade the existing stalls is now complete. This work included the provision of additional lockable storage within each stall and new castors. A thorough cleaning of each stall has also been completed. Positive feedback has been received from Traders. • New uniform canopies have been installed on all stalls. • A number of disused stalls have been removed from the street, and placed in storage, following correspondence with the relevant Traders.

<p>National Monument</p>	<ul style="list-style-type: none"> • A meeting took place with the Minister for Arts, Heritage, Regional, Rural and Gaeltacht Affairs and a new date at the end of April has been agreed with the Traders for removal of the scaffolding on 14-18 Moore Street.
<p>Market Patrol</p>	<ul style="list-style-type: none"> • Two Assistant Markets Inspectors have been appointed and continue to patrol and monitor the market. The Assistant Markets Inspectors liaise with Traders regarding the day to day operations of the market.
<p>Anti-Social Behaviour There is a major issue with anti-social behaviour in particular the sale of contraband on the street.</p>	<ul style="list-style-type: none"> • While this matter is outside our control, there is ongoing co-operation between the Gardaí and our Assistant Market Inspectors. We are continuing to liaise with the Gardaí on this matter. • There are issues with the over-hang area at the Ilac Centre. Planning permission was granted for redevelopment of this area which includes removal of the walkway to bring the façade in line with the existing building. An appeal was lodged to An Bord Pleanála and a decision to grant the permission with conditions was made on 12th May 2016, permitting the removal of the over-hang area. Updates on works will be issued when available.

This Report is submitted for noting. Further updates will be issued in due course.

Community Grants Scheme 2017

Applications for financial assistance have been received from a number of bodies under the City Council's Community Grants Scheme 2017.

These applications have been assessed in the context of available finance, value to the community and compliance with the relevant policies and objectives of the Council and in particular with relevance to the Social Inclusion Strategy.

Set out below are details of the applications together with recommendations in relation to the amount of grant assistance for each applicant body.

It is recommended that Dublin City Council make the grants to the groups as set out in the report below.

There is provision in the 2017 budget to meet this expenditure.

Please Note that Dublin City Council is currently in the process of putting in place an on-line grant application system for Community Grants, Arts Grants, Sports Grants, Local Agenda 21 Grants and Local Enterprise Office Grants.

Members of the Council will be kept informed of this on-line grant application system as it progresses.

Brendan Kenny
Assistant Chief Executive

NICLAG UPDATE

Dublin city Council has successfully won a case against a dumper at Frankfort Cottages (Killarney Street Dublin 1) the court fined the individual €400 with €195 in costs to Dublin City Council.

The individual was caught on CCTV that was installed by Central Area Office.

Public Domain Unit will continue to target black spot areas in Dublin City.

Our latest locations include Merchants road and Bella Street.

Dog Fouling Bins Central Area

Central Area is committed to reducing the dog fouling problem on our public paths.

Dog droppings carry toxins most notably Toxocariasis:

“Toxocariasis causes serious illness and even **blindness**. It is caused by a parasite known as Toxocara Canis (also known as Roundworm). These parasites live in **dogs'** digestive systems. Eggs are released in the **faeces** of infected animals and contaminated soil”

This is not an acceptable or hygienic way of allowing dogs to foul on footpaths. It is littering.

2017 receptacles have been installed at:

Caledon road East wall road
East wall Road
West Road Dublin 3
Summerhill
Diamond Park
Outside office at ESB substation
Dominic Street lower
Manor Street Stony batter
North strand rd, Ossary rd, West rd and East Wall rd
Smithfield plaza
Buckingham Street lower

Adopt A Street Community Cleanup January

Dublin City Council working in conjunction with a new community group called Path to Happiness.

The Location selected for Januarys adopt a street was Sheriff Street lower.

The group's efforts are very much appreciated, the images below highlight the work they have done.

John McPartlan
Public Domain Enforcement Officer

**To the Chairperson and Members of
the Central Area Committee**

February, 2017

North Inner City Housing Update

1) Chris Butler, Area Housing Manager

Vacant site, Railway Street

Circle Voluntary Housing Association have now finalised a proposed design and made a presentation to Councillors on Thursday 10th November. DCC have since met residents from the Kiln and Forge to discuss the proposal and they have expressed support for the project. Circle VHA made a presentation to their residents in Peadar Kearney House on the 9th of December. While many residents were positive some objected strongly on the basis that they wanted the site retained for community use and in particular a football pitch. A meeting will take place between representatives from Circle VHA, Housing Development and the Central Area office on Feb. 14th to discuss progressing this project.

St. Mary's Mansions

Following a presentation to the residents and the Area Councillors which received a very positive response, a planning application was lodged on the 6th May 2016 for redevelopment of the complex. Final Grant Notice was issued on the 8th August and Cluid expect work to commence on site in April 2017. The redevelopment is due to be completed in December 2018.

Detenancing has continued but it was not possible to have the complex vacated by the end of the year.. A delay has been encountered in completing sales and finishing works in some properties which Cluid are purchasing for detenancing purposes. While 8 tenants still remain in the complex most of these have accepted offers and will move over the next few weeks. DCC and Cluid continue to work with residents who have not yet been facilitated but some residents have now changed their housing requirements and are being somewhat excessive in their demands for rehousing. All tenants have been or will be made reasonable offers of temporary alternative accommodation but should they continue to be intransigent they may jeopardise the viability of the project.

Entrances to the stairwells on K block have been secured as all residents on the upper floors have now moved out. There has been a marked decrease in anti-social behaviour in the complex since Christmas and Gardai have increased their presence in and around the complex.

Gloucester Place/Former IDA site

Construction work commenced in late February 2016 and the project is progressing well. There has been some issues around traffic management but no problems have been reported recently.

An application has been now lodged by the same developer to build more student accommodation on the adjacent site (beside the school) which is currently being used as the contractors compound.

There has been an upsurge in dumping at the ESB substation and a meeting will shortly take place with the ESB to discuss this and other issues around substations in the area.

Castelforbes

The 26 units at Castleforbes (Northbank), that DCC are acquiring, are not completed and are now in the hands of the receiver. Dublin City Council is currently engaging with the receiver regarding the acquisition of the Part V units in the development.

Tuath Housing have now agreed contracts to acquire 21 units in Castleforbes Square. Sales were due to close on these units in early October but there was a delay and it is now unlikely units will be occupied until early March. 11 of the units will initially be used to temporarily house residents from Gallery Quay to facilitate remedial works in relation to water ingress and insulation. The remaining 10 units (8x 2 bed, 2 x 1 bed) will be allocated to applicants from DCC's Housing, Transfer and Priority lists. Selection of applicants has taken place and names of nominees have been forwarded to Tuath Housing who are now carrying out interviews with nominees.

Apartment blocks Sheriff Street

The stairwells and common areas in the apartment blocks at Mariners Port, Crinan Strand and Spencer Dock have fallen in to a poor condition over recent years. We have recently installed new, more secure postboxes and now intend to replace the main entrance doors and the floor covering and to paint the stairwells. These works have now commenced and should be completed by end of March.

Patrick Heeney Crescent

Following ongoing problems with non residents parking all day in the complex we have now introduced permit parking. This has already improved the situation considerably.

2) Brian Kavanagh, Area Housing Manager

Poplar Row, Taaffe Place, Annesley Avenue & Place – Pyrite Issues

The Pyrite remediation works were carried out in three 10/12 week phases. All 3 phases have been completed with the exception of some snagging works and all of the tenants having returned to their homes. It was intended to inspect the work before the end of the defects period and any defects attributable to the works will be rectified. These inspections have been carried out and defects are currently being rectified by the contractor. A service along with an inspection of the gas boilers has been carried out.

Croke Villas

There are 7 dwellings out of 79 currently occupied in Croke Villas.

Works are continuing on Block 3 to facilitate consolidating the remaining residents from blocks 1, 2 and 4 into the one block. One resident has already made this temporary move. It is anticipated these moves will be completed by end of Quarter 1 2017.

The Project Estate Officer for Croke Villas continues to liaise with An Garda Síochána in relation to drug users congregating on some of the stairwells in this complex.

The Part 8 report in relation to the demolition of all four blocks was approved at the October meeting of the City Council.

The Main Tender for the development of the units on 2-6 Ballybough Road has been assessed by Dublin City Council and is with the Department of Housing & Community seeking their approval to proceed with the award of contract to the successful tenderer.

City Architects have appointed the design team for the overall project and preparation of a Part 8 for the cottages on Sackville Ave, housing units on the site of the Croke Villas flat blocks and the roadway has commenced.

Ballybough House

The Housing Manager and Community Worker met with residents in November to discuss ongoing maintenance and anti-social issues. Significant works are now taking place to improve the complex.

The new lighting in block 1 has been installed,, the contractors are currently working on Block 2. The entire courtyard has been power washed. Repairs have been carried to stairwells in both blocks 1 and 3. New replacement bins have also been provided in the complex.

To address the ongoing problem of youth's congregating on the stairwells it is proposed to install security doors at the entrance to the stairwells. This work is expected to commence in early January. The Project Estate Officer is continually liaising with An Garda Siochana to identify the individuals causing problems in the complex and to take whatever action is required to resolve this problem. The offensive graffiti in block 1 has been removed.

Repair works to the playgrounds will be completed by end February and some landscaping works will be done in the Courtyard. Some painting works will also be carried out.

We are currently examining the potential to knock 2 flats into 1 and create larger living spaces within the units. As we may require tenants to move temporarily within the complex none of the current vacant units will be let for the moment.

The upgraded CCTV has been installed and is up and running.

The Area Housing Manager, the Project Estate Officer and the Community Development Officer continue to meet with Residents and good progress has been made with residents working with the Area Office to bring about improvements at the complex.

Vacant Site at Poplar Row

Oaklee lodged a planning application ref: 4124/15 on 30th November 2015 for a development of 29 units of accommodation (4 no. 2 beds and 25 no. 1 beds) at Poplar Row (formally Block 2). Planning permission with conditions was granted to Oaklee Housing on 10th June 2016 however an appeal was lodged with on Bord Pleanala by the local Residents Association. A meeting with Area Councillors, Oaklee Housing Trust and representatives from the adjacent residents was held on the 5th July 2016 in relation to their concerns with an agreement to provide additional information as to the effect the proposed building will have on the light to adjoining homes. An agreement was also reached to ensure improved communications by forming a liaison group with DCC, Oaklee and Resident representatives when the development commences. Oaklee Housing Trust were advised on Friday 30th Sept 2016 of a notice to grant planning by ABP for Poplar Row. Work on the detailed design has commenced and site surveys are currently been carried out by Oaklee's Design team. Oaklee are finalising details before going to tender. A rodent infestation on site is currently been treated.

Tom Clarke House

Work commenced on site on the 2/11/2015 converting bedsits into one bedroom apartments. The Contractor is D&S Higgins Construction Ltd. Work on the first phase is completed and the units are allocated, work on phase 2 has commenced with completion anticipated end of Quarter 1 2017.

St. Agatha's Court

Work commenced works on site since 25th April 2016 and completion is scheduled for end of Quarter 1 2017.

Disposal of the site (by lease) to the Peter McVerry Trust was approved at the March meeting of the City Council.

The Peter McVerry Trust are liaising with Housing Allocations/ Homeless Services in relation to allocating the completed units.

North West Inner City Housing Report

3) Sean Smith, Area Housing Projects Manager

Dominick Street Lower

The Part 8 was approved at the City Council meeting in February consisting of 5-3 bed town houses, 68 apartments consisting of 5-3 bed, 50-2 bed and 12-1 bed units, a community facility and retail/commercial units with 48 car spaces at basement level on the eastern side of Dominick Street. The scheme is currently being prepared for tender stage. When this is ready it will go to the Department of Housing, Planning, Community and Local Government for approval to go to procurement.

Ongoing meetings will take place with the Dominick Street Lower Redevelopment group and our design team during the months of January, February and March.

Luas Cross City Works

Residents of Constitution Hill, Dominick St Lower, Dominick House, Dominick Court and Dominick St Upper have been kept updated on the progress of the Luas Cross City (LCC). LCC staff and the Contractor (SSJV) have discussed the programme of works with local residents. Contractor is currently on-site in Constitution Hill, Dominick Street Lower/Upper, Mountjoy St, Dorset Street/Bolton Street and Parnell Street.

The paving works are ongoing at the junction of Bolton/Dorset/Dominick Street Upper. The teams will mobilise the works on Saturday 21 January 2017 for a period of 2 to 3 weeks.

During the works the teams will need to move the traffic fences to accommodate pedestrian movements in the area. The traffic movements in the Dominick Street and Bolton/Dorset Street area will be diverted as follows

DIVERSION ROUTE

- Cars will reach the area of Dominick Street Upper via Mountjoy Street southbound.
- The left turn from Bolton Street onto Dominick Street Upper will be banned due to space restrictions during the paving works.
- Dominick Street Upper – Between Constitution Hill and Mountjoy Street. The works on the paving are ongoing and will continue during February 2017. The traffic flow stays the same. No impact on pedestrian movements. The hardscaping and landscaping in that general area near Western Way will continue over the coming months.

CIVIL WORKS

Road reconstruction is reaching completion in the first parts of Dominick Street Lower (including Dominick Place junction) and traffic will be switched around to accommodate the completion of that task during February.

The crews will start with the paving of the corners at Dorset/Dominick/Bolton Street junction. The paving works will also start along the northern track near the housing blocks.

There will be gangway access to the blocks. We walked with DFB who are aware of the works and have taken note for the emergency access during the upcoming phase.

POWER AND SYSTEMS

The overhead cabling systems teams, will start mobilising for the wall fixings during February. Over the coming months you will see small electrical cabinets being placed in areas and extra traffic light poles appear near the junctions as works progress. There are crews that check chambers off peak and pull cables between pits. Again minor impact work, but they will be present in the streets. These all appear like minor tasks but are important progress for the electro-mechanical (E&M) programme of the works to get to the phase where they power up the tram system.

The focus of the works will switch to the close out of the road works, the paving of footpaths and platforms and installation of power and systems during 2017.

Sisk Steconfer JV (SSJV) crews will endeavour to reduce the impact of the works to a minimum. However, if you need to get in touch during these works, you will be able to reach SSJV's site representative on 01/5397979.

Constitution Hill

Ongoing meetings with Residents are taking place. Luas Cross City Staff, and the Project Estate Officer are keeping Residents up-to-date on the proposed plans/works for Broadstone Gate. External painting of the ground floor units and steel doors are ongoing.

Dorset Street & Saint Marys Terrace

Ongoing meetings are taking place with Residents, Estate Management and the Gardai in relation to antisocial behaviour in Dorset Street and Saint Marys Place complex.

Henrietta House

Ongoing meetings with Residents, Estate Management and the Heritage Officer in relation to 14 Henrietta Street, the Dublin Tenement Experience. Which is a new museum of Dublin's social and architectural history that is currently being created in No.14 Henrietta Street. The museum seeks to deepen the understanding of the history of urban life and housing in Ireland, through people and memory. It is a cultural and educational centre, and a repository of memories which celebrates the building as its primary artefact.

Chancery House

Electrical services have completed necessary repairs to the vandalised intercom system in the complex. A new security gate was installed at the side of the complex to prevent individuals congregating and sleeping there, this was installed the end of January and works are now complete.

Saint Michans House

Works on the speed restriction ramps in Blocks C,D,E,F are due to commence the first week in February. The opening of the new garden of remembrance and the planting of a tree of hope, took place in St. Michans House Sunday 29th January. There were over 100 in attendance from the complex and local community.

Haymarket

A new security gate has been installed at the rear of the houses, to give residents extra security with the ongoing anti-social behaviour in the area. Works are now complete.

Blackhall Place/Marmion Court

An extensive painting programme for the Blackhall/Marmion complex is ongoing.

Georges Place

The electronic vehicular gate at the entrance to the complex was repaired 1st February, all security gates are in working order.

Hardwicke Street

Painting of the stairwells in Dermot O'Dwyer House and Rory O'Connor House is now complete.

The Following Complexes have regular meetings between residents and Estate Management and there are no outstanding issues.

- Henrietta House
- Dominick Court
- Dominick House/Palmerston Place
- Dominick Street Upper
- Eccles Court
- Saint Peters Court
- Kevin Barry House
- Sheridan Place/Court
- Hardwicke Street
- North King Street
- Haymarket/Queen Street
- Dorset Street

4) Dick Whelan, Area Housing Projects Manager

St. Bricins Park:

- Phase 1, Block 1, fully occupied
- Phase 2, Block 3, works ongoing, scheduled for completion mid 2017
- Phase 3 Block 2, preliminary strip out ongoing, no confirmed date for commencement of works as yet.

O'Devaney Gardens

- As detailed in the monthly Social Housing Supply & Delivery update approval has been given for the appointment of a design team and subsequently to proceed to tender.
- Six flats remain occupied and efforts continue to provide suitable alternative accommodation for the residents concerned.

Drumalee Estate:

- The MUGA is now opening daily in accordance with times stipulated on the site notice

Karl Mitchell
Assistant Area Manager

**To the Chairperson and Members of
the Central Area Committee**

North East Inner City Ministerial Task Force

The total funds made available to Dublin City Council to fund the North East Inner City Initiative announced in 2016 was as follows:

Source:	Amount
Department of Transport Tourism & Sport (Dormant Account Fund)	€1,040,000
Department of Housing, Planning Community & Local Government	€3,155,000
Department of Arts, Heritage, Regional, Rural & Gaeltacht Affairs	€35,000
Dublin City Council resources	€520,000
Total:	€4,750,000

Expenditure to date is as set out on attached Appendix 1 which should be read in conjunction with the following notes.

1. New pitch at Sheriff St. Recreation Centre

Some recommended additional security works will be carried out at this location following completion of the pitch works. The additional works consisting of raising the perimeter fence from 1.8m to 6m and installation of 6m high secure gates will be carried out by the pitch contractor at an additional estimated cost of €30,000 increasing the overall cost of that project to approximately €180,000.

2. Sheriff St. Lifting Bridge

The estimated cost of painting the Sheriff St. Lifting Bridge has increased to €250,000

3. Ballybough House and Courtney Place Improvements

Expenditure on the housing complexes currently stands at approx. €400,000 following works to stairwells, door entry system, lighting and CCTV upgrades, deep cleaning, painting, playgrounds, landscaping etc. Options being considered and costed for use of the estimated balance of €350,000 following completion of the housing works are hard landscaping in the vicinity of Ballybough House and the former Pigeon Club; further works to complete fitting out the interior of the Pigeon Club building which has exceeded the original budget; completion of Ballybough Road re-surfacing to Summerhill - in addition to re-surfacing of the section of Ballybough Road provided for by Roads Dept. in Budget 2017.

4. Public Domain Improvements including roads re-surfacing

The expenditure to date under this heading (€650,000) includes road re-surfacing of Sean Mac Dermott St. (from Marlborough Street to Buckingham Street); Railway Street (from James Joyce St. to Buckingham Street); Cumberland Street North and Beaver Street. Buckingham St. Upper has been excluded pending completion of a

tender process but it is anticipated that this will bring the expenditure under this heading up to the full allocation of €745,000.

Following Mr. Kieran Mulvey's presentation of his draft report at a general meeting of local community groups on 1st February 2017 it is expected that the final report will be published in the coming weeks when feedback from the community has been submitted and considered by Mr. Mulvey.

6th February, 2017

To the Chairperson and Members of
The Central Area Committee.

Central Area Age Friendly Report

Summary of a meeting held with re the setting up of a 'Mens Shed' in the North east Inner City on the 11th January 2017.

A meeting was held on the 11th January 2017 to discuss setting up a 'Mens Shed' in the North East Inner City.

There were 18 people in attendance representing organisations in the area such as the 'Rutland Street Community Garden', An Tusla, 'Lourdes Day Care Centre, HSE, LYCS, NASCADH Mens Shed (East Wall), CDET, SAOL project and members of the local community. The proposal is to have 3 sheds – One will be a mens' workshop, the second will be a community garden facility with tea making, and washing/toilet facilities, and the third as a storage facility. There will also be the opportunity to hold classes run by organisations such as LYCS and CDET.

There was a lot of support for this project at the meeting and it was agreed to scope this project, secure funding and engage with the local community to ensure that there is interest in having such a facility. Once there is engagement from the local community and protocols are in place services will be provided on the Community Garden site and the Sheds can be constructed.

GGDA Report – February Area Committee

Update on new Primary care centre on GGDA site

The contractor (L&M Keating Ltd) is finishing out the landscaping works, planting, some internal painting and snags before the building will be handed over to the HSE for full fit-out and opening. The target opening date is in May 2017. The Primary Care Centre will have 2 specialist units – audiology and ophthalmology – as well as GP and Public Nursing units, physiotherapy suites and a children and adolescent mental health service (known as CAMHS). The Primary Care Centre is also the subject of an ongoing Grangegorman public art call for artists to lend artworks to the building as part of ‘...the lives we live’ programme. It is anticipated that the chosen artworks will be on display to coincide with the opening of the building.

Report by

Alan Morrin

Staff Officer

Dublin City Sport & Wellbeing Partnership

List of Motions
14th February, 2017

Motion in the name of Councillor Eilis Ryan

While welcoming the development of student housing, this Committee notes the reduction in social housing in the North Inner City as a result of the exemption from Part 5 requirements for student housing developments.

This Committee notes with alarm the advertised extremely high expected rental income for investors of a number of student residences currently under development in the area.

This Committee requests that the Manager write to Minister Simon Coveney on behalf of the Committee on this matter, requesting a review of (a) the impact of student housing developments on Part 5 social housing output and (b) measures which will be taken to ensure student developments are affordable to students in the North Inner City.

Motion in the name of Councillor Eilis Ryan

This Committee notes the density of Airbnb rental accommodation in the North Inner City and the resulting impact this has on rent prices in the city. In particular, the Committee notes the high number of multi-property Airbnb “hosts” who rent out multiple properties in the North Inner City on a full time basis for short stays.

The Committee requests that Dublin City Council Planning and Housing Departments prepare a full report, for presentation and debate at the Housing Strategic Policy Committee, in relation to the impact of Airbnb on rents in Dublin, recent court proceedings relating to planning breaches and Airbnb rentals and measures taken by other cities.

Motion in the name of Councillor Eilis Ryan

This Committee offers its full support to Bus Eireann workers who are being threatened with pay cuts and cuts to terms and conditions. It calls on the Government to increase funding to Bus Eireann as a matter of urgency in light of the environmental and sustainability benefits of increasing public transport use in Ireland.

Motion in the name of Councillor Eilis Ryan

This Committee supports the use of kitchen facilities at the MACRO centre by the Movement of Asylum Seekers in Ireland, to continue their successful initiative of providing a space where asylum seekers can cook and socialise, as done previously in the Project Arts Centre. We ask that this possibility be investigated with MASI and the results reported back to the Committee.

Motion in the name of Councillor Dermot Lacey

This Committee agrees to request the Manager to see if the following suggestion relating to the Daniel O’Connell monument in O’Connell Street can be advanced:-

“I am writing to suggest that lighting be installed from around the base of the Daniel O’Connell Statue on O’Connell Street. Since this is a focal point on the City’s main thoroughfare, which is also named after him, I feel that it should be visible at night as well as during the day. Currently, the statue is almost invisible from O’Connell Bridge at night-time. By lighting this, I believe that it would greatly improve the aesthetics of the street, and would greatly improve the view along the Liffey at night. Also, such lighting would, I feel, contribute to a decrease in anti-social behaviour in this particular area of the street”.

Motion in the names of Councillors Ray McAdam and Ciaran Cuffe

This Committee agrees to request that the Chief Executive reports on the following proposed variation to the City Development Plan

'That the Dublin City Development Plan 2016 – 2022 Section 16.10.7 Guidelines for Student Accommodation (page 169) be amended as follows:

Change "*The applicant will be requested to submit evidence to demonstrate that there is not an over-concentration of student accommodation within an area, including a map showing all such facilities within 0.25km of a proposal*"

To "*The applicant will be requested to submit evidence to demonstrate that there is not an over-concentration of student accommodation within an area, including a map showing all such facilities within 1km of a proposal*"

Reason: to provide clarity and improved information on the existing and proposed number of students living in the area'

Motion in the name of Councillor Ciaran Cuffe

That this Committee requests the Manager to provide a detailed report on the feasibility of opening Blacquiere Bridge (at the junction of Royal Canal Bank and the North Circular Road beside Phibsborough Library) to pedestrian and cycle traffic including site investigations and desk based research.

Motion in the name of Councillor Ciaran Cuffe

That this Committee requests the Manager to provide a detailed report on the feasibility of reopening the water supply from the Royal Canal to Blessington Basin (noting that the Blessington Basin is under the control of Dublin City Council), as an alternative means of ensuring the cleanliness of the waters in the Blessington Basin.

Motion in the name of Councillor Nial Ring

Having regard to the motion passed at the December CAC in relation to naming of the housing development at North King Street and following consultation with the local history group in the area and well and relatives of the proposed name, this Committee confirms that the development should be named after Sean Foster who, at two years of age, was the youngest casualty of the Easter Rising and who was shot while being wheeled in his pram by his mother on Church Street, outside the Father Mathew Hall.
