

NOTIFICATION TO ATTEND MEETING OF THE NORTH WEST AREA COMMITTEE

TO BE HELD IN THE ,

ON TUESDAY, 21 FEBRUARY 2017 AT 2.30 PM

AGENDA

TUESDAY, 21 FEBRUARY 2017

		PAGE
1	Minutes of the North West Area Committee Meeting held on Tuesday 17th January 2017	1 - 4
2	Questions to the Area Manager	5 - 16
3	Cabra Area Office Report, Fergus Synnott, Administrative Officer	17 - 20
4	Motion in the name of Councillor Cieran Perry	
	<p>This committee calls on Waste Management to remove the Bottlebank on Carnlough Road in Cabra. It's a disappointment to have to request the removal of an environmentally friendly facility but it's clear that Waste Management cannot ensure the proper maintenance of this site. Regular illegal dumping occurs with little or no sanction. The neighbouring residents have been extremely patient over a number of years regarding the ongoing issues with the site. The lack of an effective response to the illegal dumping at this site was demonstrated recently when it was confirmed that the temporary CCTV installed was mounted in the wrong location for 3 months and resulted in no fines being issued.</p>	
5	Housing Cabra/Finglas Report, Derek Healy, Housing Manager	21 - 28
6	Finglas Area Office Report, Aidan Maher, Assistant Area Manager	29 - 32
7	Motion in the name of Councillor Teresa keegan	

That the Manager engage with the City Council and/or Dublin bus to improve linkages between Finglas South/Tolka Valley Park and Broombridge Train Station before the new Luas line commences operation in order to improve safety through adequate lighting and walkways and promote the use of public transport in the

North-West Area.

- 8 Motion in the names of Councillors Anthony Connaghan and David Costello

That this Area Committee calls on the Chief Executive to begin the process of re-locating the services (Novas Institute and DePaul) currently being run on the Kildonan Lands (Abigail Centre). The Development Group has had a previous presentation from Planners

BradyShipman Martin and it is clear that the current building which houses the aforementioned services is a stumbling block to the efficient development of the Kildonan Lands. By relocating the services, the lands can be opened up to more efficient use which could lead to an increase in the amount of housing units developed on the site.

- 9 Motion in the name of David Costello

That this Committee requests that the Housing Department during any potential negotiation with the Church of Annunciation/Dublin Dioceses in relation to the procurement of land gives full consideration to working with the HSE, who are also interested in using a portion of the land to build a Primary Care Centre.

That the North West Area Committee redefine the make-up of the forum and extend the right of representation to the Community Forum allowing the areas of Santry, Beaumont and the Oaks and any community organisation have an input from their local communities impacted by the Oscar Traynor Road development. It must be noted that the forum, presently constructed was not discussed and is

distinctly undemocratic.

23 Motion in the name of Councillor Paul McAuliffe

That this Committee approves the allocation of Dublin City Council land (as per the indicative map outlined below in red) for the use of Gaelscoil Cholmcille's school, at Oscar Traynor Road, for their school amenities, and its future expansion and also for the use of the local communities.

- 24 Ballymun Area Office Report, Mary Taylor, Assistant Area Manager **137 - 146**
- 25 Proposed grant of a further licence for a Community Garden at De Courcy Square, Glasnevin, Dublin 9 **147 - 150**

26 Motion in the name of Councillors Noeleen Reilly and Paul McAuliffe

That the Area Office look at putting some of the vacant land in Ballymun on the Market to attract expressions of Interest for Job Creation.

27 Motion in the name of Councillor Noeleen Reilly

That the Manager looks at closing off the road at the top of Crannogue Terrace. This was originally supposed to be a cul de sac. It is used as a sort cut for drivers and this has made the road very busy and dangerous. There are a large number of children living there and the houses are very close to the road adding increased danger.

28 Motion in the name of Councillor Janice Boylan, Central Area

That the Manager looks at the strip of land in front of the Rediscovery Centre with a view to removing the hoarding and landscaping it. We have a brand new state of the art building and the hoarding is taking away from that.

29 Motion in the name of Councillor Greg Kelly, South Central Area

That the Manager looks at finishing off the footpaths in Sillogue Gardens. There is just one small square left after works were started in the last two year.

30 Motion in the name of Councillor Larry O'Toole, North Central Area

That the Manager prioritises ramps on Carrig Road between Knowth and Druid Court and gives a timeline when the ramps will be place. We have previously approved funding for them in recent years. There is a huge problem with car racing and scramblers on that road'.

ORDER: Report to Councillor.

NWA/08/2017 Motion in the name of Councillor David Costello

That this committee calls on the housing department to explain why tenure diversity is being reserved for selected developments and why Finglas South is being targeted as a hub for 100% Social housing developments when it is one of the most socially deprived areas of the city?

ORDER: Composite motion submitted on behalf of the North West Area Committee to the Minister for Housing

That Northwest Area Committee calls on the minister for housing and DCC housing department to reconsider the 100% social housing development on the Scribblestown site using the PPP process. 100% social housing on this site is not sustainable development given the proximity of the site to services and the level of deprivation in the area. We have many sites in Finglas that can be developed on a mixed tenure basis enabling the Minister to achieve his social housing goal without concentrating it in any one area. This Committee are willing to work with the minister to help him find another way forward using public housing models.

ORDER: Noted.

NWA/15/2017 Motion in the name of Councillor Cathleen Carney Boud

That this area committee agrees that the manager should write to all waste collection companies requesting that they provide additional services every year over the Christmas period at no extra cost to customers. A double collection of both waste and general recycling between the 27th and the 4th January. This would help to prevent the temptation to dump excess rubbish when people's bins are overflowing.

ORDER: Report to Councillor.

NWA/16/2017 Motion in the name of Councillor Cieran Perry

This committee calls on the Chief Executive to immediately review staffing levels in the Traffic Advisory Group given the delays in investigating various issues. The current staff are extremely amenable and it is unfair to expect them to continue to work in such a pressurised environment due to staff

shortages. The public service employment embargo has been lifted and there is no barrier to employing required staff in any department.

ORDER: Report to Councillor.

NWA/17/2017 Ballymun Area Office Report, Mary Taylor, Assistant Area Manager.

ORDER: Noted.

NWA/18/2017 Proposed disposal of lands at Balcurris Road/Main Street, Ballymun, Dublin 11.

NWA/19/2017 Motion in the name of Councillor Noeleen Reilly

In light of the IBAL report that the Council look at using some of the discretionary funding to purchase moveable cameras with night vision technology which can be moved to various black spots of illegal dumping around Dublin Northwest.

ORDER: Report to Councillor.

NWA/20/2017 Motion in the name of Councillor Cathleen Carney Boud

That this North West Area Committee of Dublin City Council writes to the Minister for the Environment expressing our frustration and dismay at the effects that privatisation and the charging of the waste collections has had on the area, Ballymun in particular. Ballymun has a high level of low income families many of whom cannot afford to pay for bin collections. Since the enforcement of making people pay for bin collections is poor and very often the bin collection service is poor this has led to many struggling families deciding to dump their rubbish illegally rather than pay for it. Quality of service and affordability would be hugely improved if local authorities were to take back control of waste collections and a scheme similar to "bin waiver scheme" for low income families was reintroduced. We must convey our huge disappointment that Ballymun was listed in the top five most littered areas in Ireland and that dumping in general has become epidemic in all areas since the introduction of bin charges and privatisation of the service.

ORDER: Motion on behalf of the North West Area Committee Meeting to be sent to the Minister for the Environment and the Environment SPC.

NWA/21/2017 Motion in the name of Councillor Paul McAuliffe

Can the Manager initiate a taking in charge process for the damaged wall on Mannix Road/Botanic Avenue.

ORDER: Report to Councillor.

NWA/22/2017 A.O.B.

Could the word STOP also be painted here to prevent cyclists continuing on to the road without checking properly for traffic on (details supplied). A cyclist was recently knocked down here. Cabra Area Office Report

Blackhorse Avenue Improvement Scheme

Local Councillors are to be included on the circulation of newsletters to residents - as requested at last month's NWAC meeting.

1. Works Update:

- a) Workfront 4 (South) [i.e. fronting the Pallet Yard] will be completed by Friday 17th February. This means 'completion' of the south side of these roadworks.
- b) Roadworks will then commence on the north side of the road, between Cabra Gate and Nephin Road, on Monday 20th February.
- c) Dublin Bus may then (on Monday 20th February) resume its normal inbound service route on Nephin Road for the 37 bus route.
- d) The works to the north side of the Scheme is anticipated to be completed by end of September 2017.
- e) The front railing and gate to the Poor Man's Well was put in place in mid-January.
- f) The Contractor is obtaining special materials for the floor of the Poor Man's Well with a view to obtaining the City Archaeologist's approval for same. The Poor Man's Well will not be open to the public until completion of the Works (as the Contractor occupies the compound, for public safety reasons).

2. Temporary Road Closure:

In an attempt to expedite the work on the north side of the road a temporary road closure will be in operation between Cabra Gate and Nephin Road (10:00 am to 4.00 pm weekdays). This means that through-traffic will *not* be able to drive straight through this section of the Works – they will instead follow a diversion route via the Navan Road.

Local residents (between Cabra Gate and Nephin Road, and including residents of Lyndon Gate) will be able to gain access to, and egress from, their houses.

Residents in this area who require special assistances, and/or arrangements, during these times, can contact staff in the Site to discuss arrangements.

3. Nephin Road Temporary Bus Route – End of Temporary Diversion:

A letter on behalf of Dublin Bus, Main Contractor [*Actavo (Ireland) Ltd*], and *Dublin City Council*, was issued to residents in relation to the re-instatement of the Dublin Bus No 37 normal **inbound** route along Skreen Road, commencing from Monday 20th February.

Broome Lodge

The project is progressing well and completion date will be mid-July. Clúid is keen to accommodate any special requirements for future tenants now, in particular with regard to kitchen design and fit-out.

Protim site

The pub has been reported to DCCs Derelict Site Section, which has written to the owners to ask them to clear, secure and maintain this site. The Liquidators stated that they had hoped to sell the property by January 2017. Derelicts Site section has again written to the liquidators to determine if there has been a sale: no response has been received to date. It was re-inspected on week of 9th January and an updated report is awaited. A decision will then be taken on whether to enter it on the Register.

Liam Whelan Bridge

Traffic lights are due to be commissioned on the bridge on 14th February.

LUAS

Concrete Pour, North Circular Road.

Phibsborough Stop was scheduled to be poured on Friday 17 February. A large concrete pump will be brought in and placed on the roadway at North Circular Road.. The works will take place off peak between 10am and 3.30pm. During these times the traffic will be reduced to one lane with marshalled stop and go shuttle system in place. Pedestrian diversions will be in place.

Finglas Area Office Report

Update on Tolka Valley Park Sports Changing Building

Construction work commenced last August and is due to be completed by the end of April. Access to the new Sports Building will be via the existing pathways, and a new pedestrian entrance in the fence onto Tolka Valley Road, adjacent to the pedestrian road crossing. A new tarmac pedestrian path links to the new pavilion enclosure. The building will have 24 hour CCTV monitoring. The facilities will be available from 8am to 6pm Monday-Friday, and 9am-1pm Saturday.

The lettings for the pitches are being arranged at the moment. Any clubs that are interested in the changing rooms can go through the same channels (as the lettings) to organise booking of changing rooms. However, bookings for the changing rooms will not be possible until the building is completed.

COMMUNITY & SOCIAL DEVELOPMENT

Finglas Arts Forum

Dublin City Council invited local arts groups to a meeting on Monday 6th February. The purpose of this meeting was to discuss whether the arts organisations in the Finglas Area wish to set up a local arts forum for networking and sharing of ideas. The forum will hopefully result in less separation and more collaboration between local arts groups. The group could be a collective voice for the performing arts, to represent the many disparate views of the members including theatre, dance, music, choirs, writers groups, venues, festivals and individual artists. Our hope is that the forum will be driven by its members.

The meeting attracted 11 different groups from the area.

The next meeting with the local groups will be on Monday 6th March at 6.30pm in Finglas Civic Offices.

Environmental Projects

Finglas Community Development team in association with Global Action Plan will be hosting two gardening workshops for all resident and environmental groups in the Finglas area. Dates to be fixed for workshops on a) container planting and hanging basket, and b) greening neighbourhood (rejuvenation of communal open space).

International Women's Day

International Women's Day is on Wednesday 8th March. Finglas Community Development team are linking in with local groups to organise events to mark the day.

Older Persons Expo

The Older Persons Expo will take place on the 25th May in the WFTRA Hall from 12.00pm to 3.00pm. The aim of this event is to promote social cohesion and share information with older people as regards to community groups and services that are available in Finglas. The Expo will also give local groups an opportunity to recruit new members and share information.

Finglas Men's Sheds

The Finglas Community Development team continue to meet and support the Finglas Men's Sheds.

Over the past number of months Dublin City Council has funded the development of the space and has managed to secure two allotments for the men to work on.

Summer Projects

In the coming weeks the Finglas Community Development team will be meeting with the local summer projects committee members to initiate the planning stage for the Summer Project Programme.

The Finglas area currently supports 9 summer projects, the summer projects are supported through funding and resources.

Positive Ageing Week

The Finglas Positive Ageing Committee met on Wednesday 8th February, and discussed a programme of events for this year.

St. Mobhi Road Enhancements

Work is now almost complete on enhancements at the area of the junction between St. Mobhi Road and Botanic Road. Included in the works are the replacement of existing bollards with stainless steel replacements, the installation of replacement seating at the shops and across the road at the bank, the repositioning of existing bike racks and the installation of decorative 'St. Mobhi Road' signs. The bike racks are now in a more user friendly position where both sides of the rack can be safely utilised, increasing the capacity to secure bikes at the location. Both ends of St. Mobhi Road will now be marked by decorative signage, indicating to passers by that they are passing through what is a very attractive tree lined location. In addition to the above, the existing bins have been replaced with decorative alternatives, further enhancing the site.

CCTV in Finglas/Ballymun Area

The problem of illegal dumping is well known throughout the North West Area. To help combat this issue a mobile CCTV camera has been secured for a 6 month period and will be positioned in several locations throughout the area during this time. The idea is to target littering and dumping black spots, including areas mentioned in the recent IBAL report on the Ballymun area. Due to difficulties in identifying the perpetrators of dumping, CCTV is primarily of use where offenders use vehicles and registrations can be obtained and the cameras have been sited with this in mind. It is hoped that this step will lead to the issuing of fines against offenders and will help to reinforce opposition to this anti social behaviour in our communities.

Tree planting on Cranogue Road

A major success story in the Ballymun area has been the partnership between local residents and Dublin City Council in improving the public domain around Cranogue Road and Doon Court. Areas which previously had suffered from a very high level of illegal dumping have been transformed, where residents have taken real ownership of their community. In this positive environment Dublin City Council is very happy to commit resources in the knowledge that improvements are sustainable and a real reduction in anti-social behaviour will follow.

A recent contribution to this project was made by our colleagues in DCC Parks who arranged for the planting of a number of trees on Cranogue Road and at the rear of Doon Court. As these trees mature they will provide a visually attractive backdrop to a community.

Enforcement in the Barry Area

The dumping and in particular the burning of domestic rubbish continues to be a problem in the green space adjacent to Barry Close. In attempts to alleviate this, the Public Domain Team is currently engaged in enforcement action under the 'Bye-Laws for the Storage, Presentation and Collection of Household and Commercial Waste'. Under the bye laws a resident is required to respond to a request from an Authorised Officer when advised of the need to provide details on their method of domestic waste disposal. Recently a letter was delivered reminding residents of the requirement to have a waste disposal system in place. This has been followed up a number of visits on bin morning where dwellings not presenting bins for collection have been noted. These householders will now be formally asked in writing to provide details of their waste provider under the bye laws. Non response to this request from an Authorised Officer is an offence subject to the issuing of a Fixed Penalty Notice.

A dumping incident witnessed can be reported to the NWA Public Domain Team by phoning 222 5412 / 6754 / 5407 / 5400 or emailing nwa.publicdomain@dublincity.ie. Alternatively the Free Phone Litter Hotline can be contacted on 1800 251500 or DCC Customer Services on 01-2222222.

North Road Clean Up

A significant volume of illegal dumping was removed from the site under the pedestrian bridge at North Road recently. This location is constantly subject to illegal dumping and thick undergrowth, particularly directly under the bridge, most of which is now removed, made the cleaning of the site problematic. Additional fencing will be fitted on the walkway shortly to alleviate the problem of the dumping of bags into the shrubs adjacent to the wall at the rear of the site.

Community Grants Scheme 2017

Applications for financial assistance have been received from a number of bodies under the City Council's Community Grants Scheme 2017.

These applications have been assessed in the context of available finance, value to the community and compliance with the relevant policies and objectives of the Council and in particular with relevance to the Social Inclusion Strategy.

Set out below are details of the applications together with recommendations in relation to the amount of grant assistance for each applicant body.

It is recommended that Dublin City Council make the grants to the groups as set out in the report below.

There is provision in the 2017 budget to meet this expenditure.

Please Note that Dublin City Council is currently in the process of putting in place an on-line grant application system for Community Grants, Arts Grants, Sports Grants, Local Agenda 21 Grants and Local Enterprise Office Grants.

Members of the Council will be kept informed of this on-line grant application system as it progresses.

This request does not meet the criteria for the provision of double yellow lines and is therefore not recommended.</p> <p>There is no issue of traffic flow at the library on Ballymun Road near the Setanta all weather pitch. It is up to the club to provide netting and duty of care to its members and not to have its members running onto the public road.</p> <p>The purpose of the Rules of the Road is to save lives and prevent injury on our roads. Oscar Traynor Road Land Initiative Project – Consultative Forum (January 2017)

Following the presentation of the report on the Oscar Traynor Road Land Initiative Project at the 2017 January City Council meeting it was agreed that as part of the project delivery structure that a local consultative forum be established and that the Area Office would take responsibility for this element of the project. This document attempts to outline the steps and procedures to enable that group to convene within a reasonable time frame.

Councillor Representation

The lands in question adjoin two separate Area Committees and will require representation from both Areas. It is recommended that 2 councillors from each of the North West (NW) and North Central (NC) Areas be nominated to the forum (total of 4). The first available opportunity to nominate and agree on selected councillors will come at the February Area Committee meetings on February 20th (North Central) and February 21st (North West). This will be listed as at item for the respective agendas next month.

Chairperson

It is recommended that one of the local councillors acts as Chairperson. This can be raised at the February Area Committees (preferably to be agreed in principle among interested members beforehand as the meetings are held separately).

Community/Stakeholder Representation

The neighbourhoods and estates adjoining the lands lie in both the NC and NW Areas while estates across the lands at the Oscar Traynor Road should also be included in terms of communication. In configuring the composition of the forum and ensuring a coherent working number of attendees it is important to note that the four councillors already provide considerable local representation through their directly elected mandate. Notwithstanding that the following is recommended for consideration:

- 2 reps from Lorcan, Castletimon, Dundaniel and Ballyshannon neighbourhoods.
- 2 reps from Woodlawn, Aulden Grange, Santry Court, Larch Hill neighbourhoods.
- 1 rep from the Gaelscoil Cholmcille. Coolock Lane, Oscar Traynor Road, Coolock,
- Communication with the Astro Park will also be important as one of the project's nearest neighbours.

This will make a total of 5 local neighbourhood representatives which can be subject to agreed change as the project progresses through different phases.

Selection of Community representatives

It would be important to select individuals, where possible, who are already working with residents' associations and community groups. These individuals should represent the broad interests of their community rather than a singular interest. The stakeholders outlined above are the most directly affected by the development of the lands and should have priority in any selection process.

In the interest of transparency It is proposed to advertise in a local newspaper and the Council's E-Zine bulletin to ask persons to nominate themselves for selection to sit on the forum for the duration of the project. I propose that the DCC officials and the nominated councillors then select the 4 Community representatives. The principal of Gaelscoil Cholmcille will be contacted separately to nominate their representative. The Community Development Section in DCC will alert the local groups of the advertisement and I would expect local councillors will do likewise.

In order to expedite the process it is recommended that this action commence as soon as possible. We will then be in a position to consider and select community nominations shortly after the February Area Committee meetings have agreed on the 4 councillors.

Dublin City Council Officials

The initial meetings will be attended by the Executive Manager Development Department, Area Manager for North West and North Central, Housing Project Coordinator, Planner, Community Staff and Project Liaison Officer (Area based). Different experts will attend as required as well as contractors' representatives.

Frequency of Meetings

The frequency of the meetings will be largely dictated by the various stages of the project. This will be discussed at the inaugural meeting but it is likely that bi-monthly intervals will be required at this stage of the development.

Time line for first Meeting

It will not be possible to have the first forum meeting before the end of January as suggested at the January Council Meeting. It is preferable to establish robust and agreed structures and reach considered agreement on the methodology and terms of reference and that will take several weeks. This document will be issued to all 29 councillors in NW and NC Areas in order to gain general consensus among the elected members that we can proceed as outlined above. It will then be possible to have the inaugural meeting in March 2017. If there is considerable disagreement with this approach then it will be listed for debate at the February Area Committees consequently delaying the inaugural meeting.

Next Steps

Advertise locally for community nominations –(place ad before end of January if there is general agreement to actions within this document). Allow 2 weeks for submissions.
4 councillors nominated by 21st February
Chairperson and vice chairperson to be agreed shortly afterwards.

Councillors and officials meet to consider and decide on community nominations by 24th February

First forum meeting March 2017.

Contact

Mr. Connell McGlynn will be the Project Liaison Officer and is the principal point of contact. He will be in situ by the end of January.

- 4. Safer Ballymun/Drumcondra Glasnevin**

1. Community Update

General Community

The Ballymun Community team have updated all contact lists and email addresses to include all known community organisations/community groups in the North West Area. They also contributed to the first North West 'Out and About' calendar for February. Regular updates on activities are being sent on.

Social Inclusion

Men's Sheds

The Ballymun Community Team continue to meet with the Irish Men Sheds Association in relation to an advocate role in the North Dublin Area. There are also continued meetings with St Michaels House in relation to setting up a Men's Shed for their clients. The community team have had a number of meetings with the Ballymun Men's Shed to help facilitate the group's progress. This included a site visit with Housing Management to the old Greenfields Residents Association Building in Shanliss Road (Between No114-116). It is hoped to renovate this building on behalf of the community and possibly house the Ballymun Men's Sheds. Negotiations will have to be made with Greenfields Residents Association in relation to this.

Older Persons

The community team linked with the following groups:

U3A: new walking group set up on Thursdays 3pm, meeting at Albert College, followed by tea/coffee in DCU Canteen. Active Living: engaging in weekly walks with the groups.

Burren Court Residents: Linking in with Sheltered Liaison Officer around a Valentine's Event in Trinity Comprehensive on 14th Feb, 1-3:30pm.

Coultry Crafts Club: Assisting the group to attract more members and develop their programme for the coming year.

Events

The community team supported two recent events in Poppintree Park: Planting a Tree for Hope (organised by Andy Morgan Foundation and Cllr Noeleen Reilly) and a sponsored walk for Robyn Smyth organised by the Poppintree Residents. A community bake sale fundraiser for Robyn Smyth was organised and run by community team and area office staff members on Thursday the 2nd February from 10am – 2pm. This was a huge success attended by many community members and over €1,700 was raised.

The community team are attending meetings and supporting an event which is being co-organised by Axis and Ballymun Drugs Task Force, to launch their new alcohol strategy. This event will take place at the Poppintree Park Run on Saturday the 4th March. Additional meetings have taken place with Axis, Aisling Project, Poppintree Youth Project and BRYR in this regard.

2. Housing/Estate Management Updates

Housing/Estate Management

C.C.T.V.

The system is working well at present. The upgrading of the C.C.T.V system will commence in the next few weeks. This work will integrate the two operating systems we have in operation at the present. This work will be done on a phased basis throughout the year

Cleansing/Waste Management

Waste Management and the area office are continuing to combat illegal dumping at open spaces. These measures include using the C.C.T.V system to monitor and identify those responsible. The area office has targeted illegal dumping around Coultrey, St Josephs Way and the Poppintree area. A number of tenants have been called and warned about their behaviour and a number of successful prosecutions have been obtained by Waste Management in the last month.

Dumping

Public Domain in conjunction with the Project Estate Officers in Ballymun has been working closely to try and alleviate the dumping in the area. We have been linking in with the Litter Warden to try and target individuals who are dumping bags by investigating evidence inside and calling them into the office to provide proof of their bin provider. Fines will be issued to anybody proven to be dumping.

Projects

Public Domain in conjunction with the Community team has been engaging with residents in Belclare Park. Youths lit a bonfire on their green space where a planting project had been done previously. Parks Section have also been helping and giving advice on how to get the grass back to a healthy state. Public Domain continue to support and assist residents groups with equipment and blue bag collection after clean ups.

Graffiti

A large amount of graffiti has been removed from walls and building and gable ends in Ballymun over the last few months. The contractors have a timeframe in which works must be completed once reported as it is an ongoing issue.

Projects

Public Domain are laying foundations with a number of groups in relation to Spring-Clean/Ballymun Tidy Towns and other environmental projects that will happen in Spring/Summer. We provide ongoing support, equipment and encouragement and in conjunction with Parks also help out with bulbs, grass seed, topsoil etc.

Insulation

Insulation work has being completed on all Dublin City Council properties in Coutry and work is ongoing Dublin City Council properties in Shangan.

Sillogue Gardens and parts of Carton have been identified for estate enhancement projects for 2017. Estate management are constantly working with staff from the Public Domain Unit in an effort to tackle the problem of illegal dumping in the area. A number of residents have been interviewed and given warnings for not having a registered bin collection. Mesh railings have been erected around the ESB box on Carton Road in an attempt to stop the illegal dumping.

Pyrite remedial works have started on the next ten houses in Carton. This work is running to schedule. Estate management have met with residents from Knowth Court with a view to continuing the painting and estate enhancement programme that has been ongoing in 2015 and 2016. The more established groups are getting ready to review the year and set their targets for 2017 with the help of the Sillogue Neighbourhood Centre facilitators Linda and Val. Speed ramps have been installed on Carraig Road to reduce speeding. Dublin City Council has engaged a contractor to repair and resurface paving slabs in identified courts. Bollards have been installed in Cranogue Road as a traffic calming measure also. Dublin City Council is working with the residents of Druid Court with a view to identifying areas that need improvements of the public lighting in the courts.

3. Ballymun Economic Development/Town Civic Alliance

Economic Strategy

An economic sub-committee meeting took place on Thursday 26th January.

Stimulating economic activity

StartUp Ballymun

It is planned to run a further two events under the StartUp Ballymun initiative in 2017. The first one is planned for April and updates will be available as planning for the event progresses.

Ballymun4Business (B4b)

B4b had its AGM on the 7th February 2017 where a new expanded steering committee was elected to oversee the objectives of the network. The Economic Development Officer was elected to the role of secretary. A large business networking event will take place in the atrium of the Civic Centre on 15th March 2017. This event will be used to launch the new

website and will include a number of key-note speakers. Planning for the event is well underway.

Enterprise Space

Commercial Office space – at the Economic Sub-Committee meeting the committee requested DCC to consider seeking expressions of interest on a vacant site for office space development. Research was carried out with IDA, CBRE and DCC around viability of such proposal and the overall outcome was that development of office space in Ballymun is not viable at the moment. The report is available upon request.

Food Enterprise – As previously mentioned a number of meetings took place with Food Enterprise Centres in 2016. The owner/manager of Newmarket Kitchen in Bray expressed a strong desire to replicate his model in somewhere like Ballymun. He is conducting a feasibility study around establishing a food hub in North Dublin. Following on from that the EDO has been invited down to view the Cork Incubator Kitchens in Carrigaline which is a Cork Co. Co. lead initiative to support early stage food businesses:
