- 559 Councillor Rebecca Moynihan**
This Area Committee agrees that the following roads in the environs of the National Childrens Hospital works, be balloted for pay and display parking in light of the increased difficulties with all day parking by non residents in the area:
Cameron Square
New Ireland Road
Upper Cross Road
Portmahon Road
Herberton Road
Herberton Park
Rialto Street
Rialto Cottages
Haroldville Road
Malin Avenue
Clarke's Terrace
- 560 Councillor Michael Mullooly**
Given that 22 different agencies are providing homeless services to Dublin City Council this Area Committee recommends an independent audit of those services to ensure that Dublin City Council and the various service providers are complying with their child protection obligations and also protecting vulnerable adults.
- 561 Councillor Vincent Jackson, Councillor Hazel de Nortúin, Councillor Paul Hand & Councillor Greg Kelly.**
This Area Committee asks that Dublin City Council please ensure that the Old ABC Community Centre on Bluebell Avenue is demolished as a matter of urgency and that serious consideration is given for the provision of allotments on this site which is transverse by electric pylons. In addition, there is a serious problem of ongoing prolific dumping at the entrance to the Old ABC site. Can Dublin City Council please ensure this waste is collected in a speedy manner? At a recent meeting of the ABC Community Association, neighbours were up in arms over the very poor physical state of the ABC site with vermin and anti-social behaviour all contributing to a poor living environment. Residents felt Dublin City Council needed to be much more pro-active in addressing issues in the Bluebell area such as illegal planning etc, and failure to address these issues would call into question a partnership approach to future development in the area such as Naas Road Developments and the proposed Bluebell Area Plan etc.
- 562 Councillor Paul Hand**
That this Area Committee requests Dublin City Council take a more proactive stance in tackling ongoing issues in the Bluebell area. Furthermore this Area Committee congratulates the Bluebell Residents Association on their re-launch and commits to working with them and all community groups now and into the future.
- 563 Councillor Daithi Doolan**
This Area Committee recognises that Dublin faces an unprecedented homeless crisis, and supports actions taken to tackle the causes and consequences of homelessness. In order to overcome some local hostility, Dublin City Council commits itself to engaging and consulting with communities and their representatives, before any future homeless services are opened in Dublin South Central.

564 Councillor Rebecca Moynihan

This Area Committee agrees to ask that the section of St. James Walk along the Luas line (from Rialto stop to Fatima stop when the road widens), have double yellow lines installed, as two cars can't pass each other here and is likely to cause an accident.

565 Councillor Michael Mullooly

As a matter of policy that a change of use under Section 179(6)(b) of the Planning and Development Act 2000 will not be invoked or an Order made, without first of all presenting the proposal to the South Central Area Committee.

566 Councillor Vincent Jackson

This Area Committee asks that Dublin City Council Planning Department please come along to the next Area Committee meeting, with an explanation on why another two fast food establishments were allowed in the Ballyfermot Area. It is becoming a joke that we are now swamped with certain types of businesses who contribute little to the commercial / retail trade in Ballyfermot. I cannot understand why a strategic view of the area is not taken into consideration by Dublin City Council. There are far too many such businesses in the area and we need a retail plan for the area yesterday. Failure of Dublin City Council Planning Department to properly plan for diversification will kill the retail heart of Ballyfermot.

- Q38 Councillor Vincent Jackson**
To ask the Area Manager to please ensure that the shores outside the BOC Gas facility along Camac Park is cleared as a matter of urgency. Residents along the Camac Park area tell me the area regularly floods and feel the area needs more City Council attention to deter fly tipping of waste etc.
- Q39 Councillor Vincent Jackson**
To ask the Area Manager that Dublin City Council consider the erection of a metal grill along the stream from lands beside Labre Park which flows under the Grand Canal towards Bluebell. The stream constantly has large amounts of debris washing towards Bluebell. Neighbours have had serious flooding issues with the amounts of waste in the stream. A large grill would prevent the waste washing down and allow easy access at the grill to remove same.
- Q40 Councillor Vincent Jackson**

Can the Area Manager please ensure that when redevelopment of the Springvale Site on the Old Lucan Road, Chapelizod, takes place that pivotal to this development will be the long awaited Scouts Den for Chapelizod? This Scouts Den can and should be a focal point of Community Development in the Chapelizod area. The Scouts for years fundraised for this project which never happened; hence there is an urgency to the above request.
- Q47 Councillor Hazel de Nortúin**
To ask the Area Manager for an update on the lands adjacent to Labre Park and the Canal and the lands of the old community centre at the top of Labre Park. The Area Manager has previously said that there were expressions of interest on this land and same would be brought before the members. The only expressions of interest I am aware of has been from residents of Labre Park to which the SCAC and the Housing SPC have fully supported proposals for the development of the land to the back of Labre as a horse initiative to support the advancement of the redevelopment of Labre Park. A motion on this is to be discussed at full council. However, following last week's Labre Parks resident meeting (24/11/17) with Cluid and DCC residents have received information from Cluid that DCC have future development plans for the lands and for the old community centre in Labre.
- What are the plans if any for this land and how far along are they?
 - Why are DCC Making additional entrances onto this site via the western end of Labre Park?
 - Does DCC have plans for what is currently the land of the old community centre in Labre Park and if so what are these plans?
 - What consultation has been held with residents?
 - Are these plans in conflict with the motion passed by this council that no additional waste management facilities would be permitted/developed within the DSCA?

Q53 Councillor Pat Dunne

Work on the reinstatement of the speed ramps on Bangor Road commenced earlier this month but some of them are still awaiting a tarmacadam finish. Can the Area Manager ask when can this work be completed?

Q54 Councillor Michael Mullooly

To ask the Area Manager in relation to the proposed Balfe Road Emergency Accommodation was a Risk Assessment carried out in respect of locating this premises at this location? If a Risk Assessment was carried out, when was this carried out and is a report available? If not, why was a Risk Assessment not carried out?

Q55 Councillor Michael Mullooly

To ask the Area Manager in relation to the Balfe Road Emergency Accommodation was it based on an Order of the Chief Executive or another person, an authorised person? Was it based on the recommendation of a Senior Executive of Dublin City Council or some other authorised person and can I be provided with that Order and recommendation?

Q56 Councillor Michael Mullooly

To ask the Area Manager in relation to the Balfe Road Emergency Accommodation I understand the facility is to operate for a finite period, what is this period and where is that reflected in the Order and the recommendation? Can the Area Manager give some reassurance that it is not intended that this facility will not remain open beyond the period specified?

1	7000020		Yellow Box	CLADDAGH GREEN (SC)	Dublin 10	Yellow Box (Rescind)	Opposite Boylan's Pharamacy from a point 17.1m south of PLS 2 to a point 19.6 m south of PLS 2 on the west side of the road.	Internal	24/10/2017 16:28	Recommended	Outside Boylan's Pharmacy between 2 dishings. This is rescinding a previously recommended Yellow Box that was recommended in error as a pedestrian crossing aid, which is not the purpose of a yellow box.	0
2	7000146		Bus markings	SOUTH CIRCULAR ROAD (SC/SE)	Dublin 8	Bus Stop Marking (Rescind)	Relocate Dublin bus Stop Number 1366 on the South Circular Road	Member of the Public	02/11/2017 14:07	Recommended	Remove a bus cage on the South side of South Circular Road from a point 32m from the boundary line between house numbers 373 and 375, extending eastwards for 21.5m. Install a bus cage on the South side of South Circular Road from a point 16.2m from the boundary line between house numbers 373 and 375, extending eastwards for 14.5m. Install a Dublin Bus Pole on the South side of South Circular Road at a point 15.2m from the boundary line between house numbers 373 and 375. The relocation of the Bus Cage is required on the grounds of Health and Safety, as the mobility impaired will require access to the new Primary Care Centre.	0
3	7000199		Double Yellow Lines	CRANE STREET (SC)	Dublin 8	Double Yellow Lines	Clearways on both siides 24 hrs/7 days between Thomas Street and Rainsford Street.	Member of the Public	06/11/2017 14:50	Recommended	Clearways on both sides of Sugar House Lane, 24 hrs, 7 days.	0
4	7000521		Double Yellow Lines	INNISMORE (SC)	Dublin 12	Double Yellow Lines (Extend)	Extension of double yellow lines at the entrance to Innismore estate, Crumlin Village.	Internal	22/11/2017 12:41	Not Recommended	After a site inspection the area engineer would not recommend an extension of double yellow lines across the entrance of Innismore as there is already a yellow box covering this junction and therefore illegal to park in it.	0

5	90045266	SP_19178	Parking Bays	TURVEY AVENUE (SC)	Dublin 8	P&D/Permit Parking	on the road.	Member of the Public	16/07/2015 13:24	Recommended	Stat correction: install double yellow lines and rescind Pay & Display & Permit Parking on the north side of Turvey Avenue in an easterly direction starting from LS9 stretching around the corner in a northerly direction to a point 4.5m north of LS8.	0
6	90045521	SP_20998	No U Turn	KILMAINHAM LANE (SC)	Dublin 8	No U Turn	Cars coming of Chapelizod Bypass and trying to do a U turn at the entrance to the War Memorial Gardens	Member of the Public	22/10/2015 15:52	Recommended	After several site visits the area engineer has noted that a "No U-turn" Rus 017 should be placed approx 19m north of LS 13 on the west side of the South Circular Road beside the entrance to the War Memorial Gardens.	1
7	90045880	SP_29674	Weight Restrictions	SOUTH CIRCULAR ROAD (SC/SE)	Dublin 8	3.5 Tonne Limit	to lane at entrance to Bellevue Apartments	Member of the Public	15/02/2016 10:51	Not Recommended	After several site visits the area engineer would not be in favour of installing a weight limit ban on this lane-way. This lane-way acts as access to a large apartment complex. If heavy goods vehicles need to make deliveries to these premises they must use this route so a restriction wouldn't be advised. A speed ramp is already installed in the lane way approx. 47 meters from the main road. Further traffic calming measures on the lane, such as the installation of additional speed ramps, is not warranted, as the road should have a straight run of at least 200m.	0

8	90045990	SP_30394	Traffic Calming	MARTIN'S ROW (SC)	Dublin 20	Traffic Calming	on Knockmaroon Hill Chapelizod D20	Member of the Public	22/03/2016 16:31	Not Recommended	The area engineer has noted that on this road (from Castleknock college to the entrance to Chapelizod village) there are several signs warning drivers of danger. There are 2 school crossing signs along with road markings on the ground, 2 school ahead signs, a 50km speed sign, "slow" road markings, a steep decent sign, a restricted head room sign, a traffic lights sign x 2, a pedestrian sign x 2, a set of pedestrian traffic lights, 8 ramps, 4 two way traffic signs and several bollards. The road is very well sign posted and the fact that it is narrow in nature also acts along with the 8 speed ramps as a natural traffic calming measure. Any speeding done on this road would be an issue for An Garda Siochana. The area engineer would not be in favour of turning this into a one way street or bypassing Chapelizod.	0
9	90046333	SP_32921	School	CRUMLIN ROAD (SC)	Dublin 12	School Warden	2 school wardens for Crumlin Rd entrance to Loreto Junior Primary School.	Member of the Public	22/07/2016 14:42	Not Recommended	The provision of a School Warden is not recommended on the Crumlin Road at the Laneway entrance to the School, as all the children crossing were accompanied by a parent/gaurdian, it was also noted that there are two pedestrian crossings within 100 meters on either side of this location. A suggestion to the School would be to close the gate at the end of the laneway, this would direct parents upto the Pedestrian crossing outside the main gate to the School, and to also use the pedestrain crossing at Dolphin Barn bridge.	2
10	90047925	SP_36783	Parking Bays	SAINT FRANCIS' SQUARE (SC)	Dublin 8	P&D Parking (Change Hours)	Change hours to Monday-Sunday 7.00-24.00.	Member of the Public	02/03/2017 13:21	Recommended	Accepted at Ballot, extend hours Mon-Sun 07.00-24.00. 14 on register of electors, 3 votes all in favour returned.	1

11	90048580	SP_37444	Yellow Box	WALKINSTOWN AVENUE (SC)	Dublin 12	Yellow Box	yellow box on Walkinstown Avenue	Member of the Public	07/04/2017 11:54	Not Recommended	After several site visits the area engineer would not recommend a yellow box outside the Nissan car garage on the Walkinstown Avenue as it didn't meet the criteria. It's too close to an existing yellow box nearby. It would be advised that Yellow boxes would have a distance of 20m between them. Also Windsor Nissan wouldnt be generating enough traffic to warrant a yellow box so for those reasons it wouldn't be recommended.	0
12	90049082	SP_37953	Double Yellow Lines	SAINT AGNES ROAD (SC)	Dublin 12	Double Yellow Lines	at the junction with BUNTING ROAD and SAINT MARY'S ROAD	Member of the Public	09/05/2017 16:48	Not Recommended	It is not Dublin City Council current policy to use signage and/or road marking that duplicate existing regulations. For example the use of double yellow lines around corners to reinforce the standard prohibition on stopping within 5m of a road junction may lead to misinterpretation that loading is generally permitted. Any cars parking on a corner would be in breach of the law as it is illegal to park within 5 metres of a junction. Residents should report illegal parking to the Gardai or to Dublin Street Parking Services tel no. 6022500 if they see this happen again.	0
13	90049154	SP_38027	Disabled Parking Bay	REUBEN STREET (SC)	Dublin 8	Disab Park Bay Residential	Disabled bay for o/s 42 Reuben St.	Member of the Public	15/05/2017 16:47	Recommended	After a site visit it was noted that there was a high demand for parking in the area. For this reason I would recommend a disabled parking bay outside number 42 Reuben Street . Stat – install a disabled bay sign F 204 and road markings on the east side of Reuben Street parallel to the kerb centred outside number 42	1

14	90049575	SP_38451	Double Yellow Lines	COMERAGH ROAD (SC)	Dublin 12	Double Yellow Lines	on the north and south side of the road leading up to No. 116.	Member of the Public	01/06/2017 11:52	Not Recommended	It is not DCC policy to introduce parking restrictions where restrictions are already covered under the law Under The Road Traffic (Traffic & Parking) Regulations, Section 36. Infringements of the Act should be reported to the Gardai or Dublin Street Parking Services Ph.6022500 for enforcement under the law	0
15	90049803	SP_38685	Parking Bays	SHANNON TERRACE (SC)	Dublin 8	P&D/Permit Parking	Introduction of a Scheme.	Member of the Public	13/06/2017 15:13	Recommended	Pay and Display and Permit Parking recommended, subject to ballot of residents indicating majority in favour.	0
16	90049973	SP_38857	Double Yellow Lines	REILLY'S AVENUE (SC)	Dublin 8	Double Yellow Lines (Extend)	to common boundary of houses no.1 & 2	Member of the Public	22/06/2017 15:45	Not Recommended	After recent site visits at Reilly's Avenue no adverse problems regarding parking were observed. As the warrant has not been met, parking restrictions are not recommended	0
17	90050114	SP_39000	Disabled Parking Bay	MALLIN AVENUE (SC)	Dublin 8	Disab Park Bay Residential	outside No. 11.	Member of the Public	03/07/2017 16:47	Recommended	Disabled parking bay recommended outside number 11 Mallin Avenue. Stat – install a disabled bay parallel to the kerb centred outside number 11 Mallin Avenue.	0
18	90050117	SP_39003	Double Yellow Lines	REUBEN STREET (SC)	Dublin 8	Double Yellow Lines	outside the plant boxes.	Councillor	04/07/2017 11:45	Recommended	Double Yellow Lines are recommended on the carriageway on the outside of the plant boxes located on Reuben Street between Herberton Street and Herberton Walk (apart from the one on the corner with Reuben Walk as it is already illegal to park on a corner). Parking in front of the boxes is causing an obstruction.	0
19	90050610	SP_39508	Turning Restrictions	RAINSFORD STREET (SC)	Dublin 8	Right Turn Only		Member of the Public	02/08/2017 15:24	Recommended	After a visit to the site the area engineer would recommend that a no left turn sign (RUS 013) and a right turn sign (RUS 005) be installed at the junction of Crane St at the west end of Rainsford st. This should be accompanied by "NO ENTRY" road markings on Bellvue at the junction with Crane st and Rainsford St.	0

20	90050639	SP_39537	Cycle	THOMAS STREET (SC)	Dublin 8	Cycle Track	Extend the operational hours of the bus lane from 7am - 7pm, between Echlin Street and Basin Street Lower	Member of the Public	04/08/2017 12:44	Not Recommended	The signs that are in place now are RUS 028 (nearside with flow bus lane) and P 051 (period of operation) with hours of 07.00 - 19.00. Therefore no further changes are required.	0
21	90051167	SP_40068	Yellow Box	DOLPHIN'S BARN STREET (SC)	Dublin 8	Yellow Box	Outbound, at the junction of Emerald Square.	Member of the Public	05/09/2017 11:03	Not Recommended	The area engineer would not recommend installing a yellow box for the outbound traffic at the junction of Emerald Square as it doesn't meet the criteria of having at least 50 houses in the cul de sac. This guideline is in place to avoid a proliferation of yellow boxes in the city. A yellow box is not recommended at this location as it does not meet this criteria	0
22	90051251	SP_40153	Double Yellow Lines	TYRCONNELL PARK (SC)	Dublin 8	Double Yellow Lines	outside no. 127 along the bend	Member of the Public	08/09/2017 09:25	Not Recommended	It is not Dublin City Council current policy to use signage and/or road marking that duplicate existing regulations. For example the use of double yellow lines around corners to reinforce the standard prohibition on stopping within 5m of a road junction may lead to misinterpretation that loading is generally permitted. Any cars parking on a corner would be in breach of the law as it is illegal to park within 5 metres of a junction. Residents should report illegal parking to the Gardai or to Dublin Street Parking Services tel no. 6022500 if they see this happen again.	0
23	90051336	SP_40239	Yellow Box	MOUNT BROWN (SC)	Dublin 8	Yellow Box (Extend)	at the junction of Ceannt Fort to cover the full width of the road.	Member of the Public	12/09/2017 16:12	Not Recommended	After several site visits the area engineer would not recommend an extension to the existing yellow box. It was noted that the outbound traffic volumes would not warrant a yellow box. During the site visit the engineer did not encounter any problems getting on to Mount Brown	0

24	90051519	SP_40428	Children Crossing	RAPHOE ROAD (SC)	Dublin 12	Children Crossing Sign	Q. 7 - SCAC - 20.9.17 - Request for signs along Raphoe Road	Councillor	22/09/2017 10:18	Not Recommended	This area is within the new speed limits set by Dublin City Council for residential areas within the boundaries of the canals. As part of the new limits "Speed limit" signs are erected at all points where there is a change of speed limit. Incorporated into these new signs there is a "Home Zone" and "Slow Zone" sign along with the speed limit. This is to warn motorists that it's a residential area and to expect children. It is felt that this sign would be sufficient to warn motorists	0
25	90051660	SP_40571	Yield Sign	BOW LANE WEST (SC)	Dublin 8	Yield Sign	On the cycle slip lane that comes from Bow Lane West onto Thomas Street.	Member of the Public	03/10/2017 00:00	Recommended	After a site inspection the area engineer would recommend installing a yield sign on the cycling slip lane coming up from Bow Lane West to join Thomas Street. Stat - install a yield sign on the footpath 3m west of LS50 on the northern side of the road. The road markings are there already.	0
26	90051710	SP_40624	Weight Restrictions	O'LEARY ROAD (SC)	Dublin 8	3.5 Tonne Limit	on the road.	Member of the Public	04/10/2017 00:00	Recommended	The area engineer would recommend installing a weight limit on this road as its being used as a short cut for HGVs. Install 2 Number 3.5 Tonne signs (RUS 015)at the entrance to O'Leary Road facing traffic from Devoy Road.	0
27	90051807	SP_40721	Engineer Query	SLIEVENAMON ROAD (SC)	Dublin 12	TAG General Engineer Query	at the entrance to Brickfields Park.	Member of the Public	10/10/2017 00:00	Recommended	The following double yellow lines need Stats: Double Yellow Lines Slievenamon Road: West side at the entrance to Brickfields Park for 12m northwards from the southernmost corner of the road. At the entrance to Brickfields Park, from the southernmost corner of the road for 7m eastwards (across the top of the road). West side for 7m centred on the entrance to the DCC depot.	0

- The **Lord Mayor's 5 Alive Challenge** is back for 2018! The initiative is a partnership programme between Dublin City Sport & Wellbeing Partnership and the Lord Mayor's Office. The Challenge is in its 6th year and has encouraged hundreds of people to take up regular exercise over the past 5 years.

In 2018 we are going back to our roots and are looking for people who are interested in taking up jogging or those who have started and need some encouragement to keep it going. For 2018, we have also introduced Mentors - people who have completed the Challenge in previous years and who will run with slower joggers/ walkers and encourage them around the course.

The Challenge is to complete 5 Dublin road races –
Tom Brennan Memorial 5k New Year's Day Road Race on 1st January
AXA Raheny 5 on 28th January
BHAA Garda Cross Country 2 Mile / 4 Mile on 3rd February
MSB St. Patrick's Festival 5k Race and Family Fun Run on 18th March
BHAA Dublin City Council 10k race on 7th April

If for some reason someone can't complete one of these races, they can substitute for one of the park runs organised by park run Ireland.

Priority will be given to first timers and we also ask that people who can complete a 5k in less than 30 minutes do not register for the Challenge and leave the spaces for those who need the support.

The Challenge will feature many novice runners who participated in 'Couch to 5K' programmes delivered by DCSWP Sports Officers citywide and will finish with a presentation night in City Hall in April.

It is not possible to indicate accurately the prospect of an offer for any applicant. The number of vacancies arising will be a determining factor in the length of time applicants could expect to be on the waiting list.

In relation to the living conditions that the applicant is facing at the moment this is an issue that she could discuss with a Housing Welfare Officer. The contact number for the Housing Welfare section would be 01-222 2233.

Q18 Councillor Vincent Jackson

To ask the Area Manager to request that Dublin City Council offer a confidential phone / support service for residents reporting illegal dumping / anti-social behaviour etc. In the community, all too often, people feel powerless to the actions of the few who think it's acceptable to dump waste, trash public facilities etc. A simple clear confidential line would allow people regain the initiative.

Reply

There are two different issues within the question (1) Illegal Dumping, (2) Anti Social Behaviour.

(1) Illegal dumping can be reported to the relevant local Area Office for referral to Waste Management/Public Domain/Litter Wardens.

(2) Anti Social Behaviour can also be reported to the relevant Local Area Office for investigation.

Every Dublin City Council tenancy received an Anti Social Behaviour leaflet and contained within this leaflet is the telephone number for all Local Area Offices. On the back page of this leaflet is the telephone number for the central anti social behaviour unit based in civic offices, that number is 01-2222604.

To ask the Area Manager to request that Dublin City Council please provide me with what arrangements are now in place to replace the Public Domain unit in the South Central Area. In addition what supports are available for the promotion of litter awareness in our schools etc. All too often we seem to be re-active as opposed to pro-active with litter awareness / personal responsibility.

Reply

Litter and environmental awareness in schools is supported through a number of initiatives administered by the waste management department.

The green schools programme:

A dedicated green schools officer supports this programme which includes litter awareness as part of its overall environmental remit. The services include provision of information, supply of equipment to support environmental action days and an annual seminar for schools engaged in the programme. 284 primary and secondary schools in the Dublin City Council administrative area are engaged in the programme

LA 21 funding:

Through the provision of Local Agenda 21 funding Dublin City Council provides for `workshops and interactive programmes to be carried out in schools throughout the administrative area that deal with issue such as litter ,environmental protection ,recycling, reuse etc.

City Neighbourhoods Schools competition:

This competition promotes litter reduction, environmental initiatives and improvements in schools throughout the city. The competition is concluded annually with an awards ceremony held in the mansion house in December.

In addition to these specific initiatives the staff of the litter management office , litter wardens service and Green Schools Officer are available to carry out school visits on request to discuss litter and environmental issues and support initiatives

Q32 Councillor Pat Dunne

Can the Area Manager ask our Road Maintenance Section to completely tarmacadam over the crumbling red road ramps on Tonguefield Road, Kimmage, Dublin 12. One of these is in a very dangerous condition.

Reply

Road Maintenance has inspected the four ramps on Tonguefield Road and Blarney Park and has added three ramps to our works list for repair.

Q33 Councillor Pat Dunne

Can the Area Manager ask that the Dublin Regional Homeless Executive puts in place a protocol to ensure that residents living in the vicinity of the soon to be opened Family Hub on Clonard Road will have adequate access to parking outside their homes. Already during the construction phase of this development residents could not access parking.

Reply

The DRHE notes the concerns of the residents and is working in consultation with the local community to resolve the issue.

To ask the Area Manager that this Area Committee agree that an Environmental Impact Statement be considered for Meath Street.
- Reply**
As part of the Liberties Local Area Plan (LAP), environmental improvements are proposed for Meath Street. Considerable progress has been made in respect of other

elements of the Liberties LAP, namely the recent securing of Part 8 planning approvals for Newmarket Square, Francis Street and Bridgefoot Street all of which will be progressed over the coming months. It is our intention to then prepare a brief relating to an Environmental Improvement Scheme for Meath Street and an update will be provided to Councillors once this brief has been issued.
