5	Items for following meetings	
6	Roads and Traffic Matters	

- a Minutes of TAG Meeting held on 18th February 2018  
( Report herewith)

7 Motions

- a Motion in the name of Ardmhéara Micheál MacDonncha  
This Area Committee acknowledges that DCC Departmental work which is the focus of the taking in charge (T.I.C.) process would benefit from the allocation of additional resources, with a very particular focus and purpose to advance the T.I.C of the Belmayne and Clongriffin areas, and requests that these resources be made available.
- This is required given the enormous scale of both areas and difficulties experienced for residents while the area and building was subject to the effects of the recession and halt on the pace of building work, which consequently affected the completion of building and infrastructure and impacted at another level on developers' readiness to either prepare or make formal application to DCC to have areas taken in Charge.
- All of the above would be in line with the developers' formal applications to DCC for T.I.C and efforts to bring the process to fruition, readiness to make the initial application and in the current period to continue the initial work towards T.I.C which has begun in sections of both Belmayne and Clongriffin.
- b Motion in the name of Councillor Alison Gilliland, Councillor Michael O'Brien, Councillor John Lyons and Councillor Tom Brabazon  
That the North Central Area Committee recognised the significant public realm enhancement achieved by the greening project in Edenmore. The North Central Area Committee also recognises the work and support of the local Edenmore Residents' Association for this project. Recognising that additional funding is required to finish out this project, the North Central Area Committee seeks that the un-allocated balance of €66,250 in the North Central Area discretionary fund be allocated to the completion this project and that any remaining funding required be negotiated from DCC central funds.
- c Motion in the name of Councillor John Lyons  
This Area Committee calls for an independent valuation of the 17 hectare Oscar Traynor site at Coolock Lane, known locally as the Lawrence Lands.
- d Motion in the name of Councillor Deirdre Heney  
That this Committee agrees that full consideration be given to accommodating the boxing facility of Bay City Boxing Club which currently trains out of the community centre in Greendale Kilbarrack in the newly refurbished community/neighbourhood centre that is planned and that such boxing facility should include changing rooms and shower facilities and that the manager make a statement on the matter.
- e Motion in the name of Councillor Larry O'Toole  
That this committee instruct the manager to contact the Dublin Bike Scheme requesting a review of the proposed extension of the scheme to include North Strand and Fairview.
- f Motion in the name of Councillor Naoise O'Muirí  
That the Area Office would undertake an accelerated consultation exercise with local residents in relation to plans to implement welcome improvements to the area between the Malahide Road and the entrance to St Vincents GAA Club.
