7 Motions

- a Motion in the name of Ardmhéara Micheál MacDonncha
This Area Committee acknowledges that DCC Departmental work which is the focus of the taking in charge (T.I.C.) process would benefit from the allocation of additional resources, with a very particular focus and purpose to advance the T.I.C of the Belmayne and Clongriffin areas, and requests that these resources be made available.
- This is required given the enormous scale of both areas and difficulties experienced for residents while the area and building was subject to the effects of the recession and halt on the pace of building work, which consequently affected the completion of building and infrastructure and impacted at another level on developers' readiness to either prepare or make formal application to DCC to have areas taken in Charge.
- All of the above would be in line with the developers' formal applications to DCC for T.I.C and efforts to bring the process to fruition, readiness to make the initial application and in the current period to continue the initial work towards T.I.C which has begun in sections of both Belmayne and Clongriffin.
- b Motion in the name of Councillor Alison Gilliland, Councillor Michael O'Brien, Councillor John Lyons and Councillor Tom Brabazon
That the North Central Area Committee recognised the significant public realm enhancement achieved by the greening project in Edenmore. The North Central Area Committee also recognises the work and support of the local Edenmore Residents' Association for this project. Recognising that additional funding is required to finish out this project, the North Central Area Committee seeks that the un-allocated balance of €66,250 in the North Central Area discretionary fund be allocated to the completion this project and that any remaining funding required be negotiated from DCC central funds.
- c Motion in the name of Councillor John Lyons
This Area Committee calls for an independent valuation of the 17 hectare Oscar Traynor site at Coolock Lane, known locally as the Lawrence Lands.
- d Motion in the name of Councillor Deirdre Heney
That this Committee agrees that full consideration be given to accommodating the boxing facility of Bay City Boxing Club which currently trains out of the community centre in Greendale Kilbarrack in the newly refurbished community/neighbourhood centre that is planned and that such boxing facility should include changing rooms and shower facilities and that the manager make a statement on the matter.
- e Motion in the name of Councillor Larry O'Toole
That this committee instruct the manager to contact the Dublin Bike Scheme requesting a review of the proposed extension of the scheme to include North Strand and Fairview.
- f Motion in the name of Councillor Naoise O'Muirí
That the Area Office would undertake an accelerated consultation exercise with local residents in relation to plans to implement welcome improvements to the area between the Malahide Road and the entrance to St Vincents GAA Club.

Supplemental information to the report on Grass Cutting contracts provided to January's Area Committee meeting.

The current grass maintenance contract is in its second year of four and the experience of the Parks and Landscape Service to date has been primarily positive. The Contract Supervisor works closely with both contractors with regard to performance standards and certification of payments.

Whether the grass cutting is carried out by contract or by direct labour the main barriers to service delivery are wet weather and incidents of illegal dumping. During wet periods it is not possible to cut the grass as the grass maintenance machinery will damage the open space. When the grass is next cut it will be longer and can lead to grass being trailed onto footpaths and roads. However the contract requires the site to be left in a neat and tidy condition. Any failings by the contractor in this regard are brought to their attention to rectify in a timely manner as required by the contract. Illegal dumping reported by the public or found on contract areas by the contractor are investigated by the Contract Supervisor and arrangements made to have the materials removed by direct labour or the contractor depending on the nature and volume of the dumped materials.

Listed below are the relevant sections of the contract with regard to performance standards, quality control, penalties and contract termination..

Successful Contractors:

Two contractors were successful in winning the Grass cutting contract for 4 years 2017-2020 inclusive; Sap Landscapes Ltd., and Redlough Landscaping Ltd.

Litter removal:

Grass Maintenance: Contract areas 1,2,3,4 and 5

Provision should be made in the contract price for the removal and disposal of all litter from site during each site visit at the contractor's own expense. The interval between site visits must not be greater than 14 calendar days. The contractor should become familiar with the areas where litter is likely to arise and tender appropriate (Discuss with Parks District Contract Supervisor for each Area see 1.1.2).

The grass cutting contract requires that grass should be cut once every two weeks weather permitting all year around. The contract requires the removal of incidental litter during each site visit and prior to mowing to prevent shredding.

Performance Standards:

Grass Maintenance: Contract areas 1,2,3,4, and 5

During the grass growing season the maximum time between cuttings should not exceed two weeks (14 calendar days). **Since it is not possible to accurately predict the precise**

number of mowing's which may be required in any given growing season a minimum of 26 mowing's per growing season should be priced for. Should the number of mowing required be greater or lesser there will be no adjustment in payment.

Maximum height of growth after which grass is to be cut-	60mm
Minimum cutting height	- 25 mm

- 1.6.2 Grass cutting should be undertaken with rotary, cylinder or flail mowers. All safety guards must be in working order at all times. All grass cutting machinery must be of the rear discharge type (side discharge mowers are not permitted to be used).
- 1.6.3 In the event of grass mowing being deposited on footpaths, roadways, the contractor shall collect the mowing's and leave the area in a neat and tidy condition. Provision should be made in the contract price for this work.
- 1.6.4 The Contractor is to avoid carrying clay, soil, grass cuttings or other such accumulations from grass or cultivated soil to hard surfaces, whether within a site or out onto the public highway. Wheels and all parts of plant which may give rise to this problem are to be cleaned before going off site. Where such accumulation is deposited on hard surfaces these shall be blown or swept and removed from the hard surface at the contractors own expense.
- 1.6.5 At all times the grass must be mown to a proper standard with no track marks or misses in the cutting, scalping of the turf or other such marks to be left in the grass area. Where such standards are not met, then the contractor must rectify the area to the correct standards within 48 hours (2 working days) of receiving the complaint.
- 1.6.6 All Machine operators shall have received prior training in the safe use and operation of the particular machine being operated.
- 1.6.7 The Contractor shall instruct staff specifically on the requirement to avoid damage to trees. All trees damage by mowing equipment shall be replaced to the satisfaction of the City Parks Superintendent at no additional cost to Dublin City Council.
- 1.6.8 Dublin City Council reserves the right to plant additional trees on the areas being maintained during the contract period.
- 1.6.9 During the course of the tender a decision may be take to maintain specified areas of grassland open space as meadow to promote nature conservation.
- 1.6.10 Provision should be made in the contract price for the removal and disposal of all leaf litter from grass surfaces during the autumn /early winter during each site visit at the contractor's own expense. The contractor should become familiar with the areas where leaf litter is likely to arise and tender appropriately **(Before submitting a contract price it is recommended that the work be discussed with the Parks District Contract Supervisor**

Quality Control:

Parks and landscape services have allocated one full-time Contract Supervisor for the City to ensure the conditions of the contract are adhered to. The Contract Supervisor engages with the contractors on an on-going basis with regard to performance and certifying payments and acts as a point of contact with regard to illegal dumping on open spaces which might impede the contractor in the appropriate maintenance of an area.

The contract does not allow for the collection of mown grass if the schedule of cutting is adhered to there will be no burden of cut grass lying around. However if weather conditions interfere with schedule cut grass will be longer and mown grass may be lying around but by and large this only

occasional happens The contract does not allow for the collection of mown grass however they are expected to make sure that they do not drag grass cutting onto the pavement and tidy up after themselves see above.

Payments and penalties:

- 1.2.1 Payments under this tender will be made in instalments certified monthly following site inspections with the successful Contractor and satisfactory progress of landscape maintenance operations.
- 1.2.2 If the performance standards are not met, a retention of 15% will be deducted. The deductions will be restored at the next payment provided that defects in performance are remedied within 7 days from the date of inspection. If however the defects are not remedied within 7 days then the 15% penalty will be with held.
- 1.2.3 Monthly instalments will only be paid when the Parks Superintendent's Office is satisfied that an accurate, fully completed Landscape Maintenance Contract Visit Report (see 1.4.5) has been received and that all works on site have been completed in a satisfactory manner.
- 1.2.4 If any part of the maintenance schedule is outstanding, its value will be deducted from payment.

Termination of Contract:

- 1.3.1 If the Contractor wishes to withdraw from any of the contracts listed in the attached Schedule of Works, four weeks' notice, in writing, must be provided to the Parks Superintendent's Office. Before any outstanding charges shall be paid, satisfactory arrangements shall be made regarding the return in a well-maintained condition of all sites included in any such contract. The Parks Superintendent's Office reserves the right to reduce the area of the contract at any time during the contract period and amend the contract costs on a pro-rata basis.
- 1.3.2 The Parks Superintendent's Office reserves the right to terminate any of the contracts listed in the attached Schedule of Works for any reason whatsoever.
- 1.3.3 Four weeks' notice will normally be given to the Contractor of the Parks Superintendent's Office intention to so conclude any contract(s), except where a Contractor is being dismissed from the contract on the basis of unsatisfactory performance (see next clause).
- 1.3.4 Where a Contractor has been given two verbal warnings of unsatisfactory performance at any point during the contract period, only one week (7 days) notice need be given to the Contractor of the Parks Superintendent's Office intention to conclude any contract(s).

Break Clause see 1.3.2 (above)

This clause in the Grass maintenance contract allows DCC Parks and Landscape Services to end the contract early.

Contract Value:

The grass cutting Contract for the city is broken up into contract areas or separate lots The NCA is **Lot no.4-North Central**. The value of the contract area Lot no.4-North €308,714.00 per annum. The NCA is by far the largest grass maintenance area in the city.

All areas of parks and open spaces under the control of DCC Parks and Landscape Service not included in the Grass cutting contract are maintained by direct labour.

- The **Lord Mayor's 5 Alive Challenge** is back for 2018! The initiative is a partnership programme between Dublin City Sport & Wellbeing Partnership and the Lord Mayor's Office. The Challenge is in its 6th year and has encouraged hundreds of people to take up regular exercise over the past 5 years.

This year we are going back to our roots and have targeted people who are interested in taking up jogging or those who have started and need some encouragement to keep it going. For 2018, we have also introduced Mentors - people who have completed the Challenge in previous years and who will run with slower joggers/walkers and encourage them around the course.

The Challenge is to complete 5 Dublin road races –

Tom Brennan Memorial 5k New Year's Day Road Race on 1st January

AXA Raheny 5 on 28th January

BHAA Garda Cross Country 2 Mile/4 Mile on 3rd February

MSB St. Patrick's Festival 5k Race and Family Fun Run on 18th March

BHAA Dublin City Council 10k race on 7th April

The Tom Brennan Memorial 5k took place in the Phoenix Park on New Year's Day. It was a cold and breezy day but there was a great atmosphere amongst the committed and enthusiastic Five Aliver's helped along by their Mentors who provided great support.

The **Raheny 5 Mile** was a huge success for our Five Alivers with some saying that it was the furthest they had run or the first time they had run five miles without stopping.

Community Grants Scheme 2018

Applications for financial assistance have been received from a number of bodies under the City Council's Community Grants Scheme 2018.

These applications have been assessed in the context of available finance, value to the community and compliance with the relevant policies and objectives of the Council and in particular with relevance to the Social Inclusion Strategy.

Set out below are details of the applications together with recommendations in relation to the amount of grant assistance for each applicant body.

It is recommended that Dublin City Council make the grants to the groups as set out in the report below.

There is provision in the 2018 budget to meet this expenditure.

Brendan Kenny
Assistant Chief Executive

1	7000234		Stop Sign	CLANMAURICE ROAD (NC)	Dublin 5	Stop Sign	at junction Clanboy Rd	Minister	07/11/2017 12:46	Not Recommended	Clanboy Road ends at a T junction with Clanmaurice Road. Under the road traffic act, traffic on a road ending at a T junction must give way to traffic from either direction on the other road. A stop/yield sign is not necessary where normal rules of the road apply, moreover such signs are only provided on approaches to major junctions, otherwise this would lead to a proliferation of signs throughout residential estates. Therefore this request is not recommended.	0
2	7000387		Double Yellow Lines	GREENDALE ROAD (NC)	Dublin 5	Double Yellow Lines	for yellow lines (single/double) on one side of the road near the shops.	TD	14/11/2017 15:39	Not Recommended	At over 8m wide the carriageway can accommodate parking on either side of the road without interfering with traffic flow	0
3	7000501		Double Yellow Lines	WINDSOR AVENUE (NC)	Dublin 3	Double Yellow Lines (Extend)	St Mary's National School are looking for a review of the current double yellow lines to see if they are adequate.	Member of the Public	21/11/2017 12:57	Not Recommended	Double yellow lines have been provided at the most appropriate locations adjacent to the school entrance on Windsor Ave. These include restrictions on either side of the lane itself and on the southern side of the entrance on the western side of the carriageway. On the eastern side of Windsor Ave Double yellow lines have been provided opposite the entrance lane fronting nos. 8 to 10 Windsor Ave. Restrictions on the west side of the carriageway north of the entrance lane are not necessary because parked vehicles do not interfere with traffic exiting the lane as it is a one way street. Traffic exiting the lane can only turn right. Therefore further parking restrictions are not recommended.	0
4	7001342		School	MCAULEY AVENUE (NC)	Dublin 5	School Warden	School Warden / Dishing on kerb at Scoil Neasin	Internal	22/01/2018 12:52	Recommended	It is recommended that a school warden be provided at the pedestrian entrance to Scoil Neasin. To facilitate the School Warden it is also recommended that the existing grassed margin be paved over from a point 6m west of the existing speed ramp for a distance of 2m to facilitate a school warden crossing point. An M121 School Warden Crossing Patrol Point (yellow box) should be provided centered on the new paved area.	0
5	90046151	SP_31329	Yellow Box	MALAHIDE ROAD (NC)	Dublin 3	Yellow Box (Extend)	roundabout that connects Malahide Rd to Donaghmede Road R139	Member of the Public	13/05/2016 12:45	Not Recommended	The existing yellow box on the roundabout at the exit from Templeview Estate extends across both inner and outer traffic lanes. When observed correctly this measure is adequate to maintain traffic flow and prevent blocking access to the roundabout. Therefore extending the box is not recommended.	0

6	90051319	SP_40222	Children Crossing	CASTLE GROVE (NC)	Dublin 3	Children Crossing Sign	at entrances to Castle Grove	Member of the Public	12/09/2017 12:39	Not Recommended	With regard to ""children crossing" signs (W142) Signs are generally only provided at the entrances to housing estates from main traffic routes, and roads adjacent to large public open spaces where children play. These signs are not normally erected on main roads, traffic calmed roads or cul de sacs. As Castle Grove does not meet the criteria, Children crossing signs are not recommended.	0
7	90051643	SP_40553	Double Yellow Lines	THORNVILLE ROAD (NC)	Dublin 5	Double Yellow Lines	at the entrance to the cul-de-sac on Thornville Road (No. 13-47a)	Councillor	03/10/2017 00:00	Recommended	Following investigation it is recommended that double yellow lines be provided on either side of the entrance to the Cul de sac on Thornville Road for a distance of 15m. This measure is to facilitate access and visibility and also to maintain clearance at the footpath dishings.	0
8	90051708	SP_40622	Children Crossing	CASTILLA PARK (NC)	Dublin 3	Children Crossing Sign	Entrance just off Vernon avenue	Member of the Public	04/10/2017 00:00	Not Recommended	As ""children crossing" signs (W142) generally are erected only at the entrances to roads of a primarily residential character with continuous frontage. Signs are only provided at the entrances to housing estates from main traffic routes, and roads adjacent to large public open spaces where children play. These signs are not normally erected on main roads, traffic calmed roads or cul de sacs. As Castilla park is a cul de sac with no large public open space a "children crossing" sign is not recommended.	0
9	90051824	SP_40738	Double Yellow Lines	WOODBINE PARK (NC)	Dublin 5	Double Yellow Lines (Extend)	on the road	Member of the Public	10/10/2017 00:00	Recommended	Following investigation it is recommended that double yellow lines be provided for 15m on either side of the entrance to Woodbine Park in order to improve visibility and maintain access to the footpath. STAT:15m dyls centered on either side of the junction of Woodbine Park and Raheny Road.	0
10	90051888	SP_40802	Double Yellow Lines	CROMCASTLE GREEN (NC)	Dublin 5	Double Yellow Lines	outside school	Member of the Public	12/10/2017 00:00	Not Recommended	Parking restrictions by way of "school keep clear" markings have been provided where appropriate at the entrances to Scoil Fhursa at Kilbarron Park and Cromcastle Green. Additional restrictions are not recommended as the Traffic Dept. is of the opinion that the provision of additional restrictions such as double yellow lines or set down parking areas will not alleviate the problem of illegal or otherwise parking by parents. In general, there is a disregard for double yellow lines by parents. Where restrictions are provided and observed parking is usually shifted further away to locations that impinge further on local residents living near schools. In the event that parking restrictions are ignored by parents, it is not feasible to provide enforcement at schools in Dublin. The Gardai or Dublin City Council's parking enforcement contractor do not have the resources to patrol all schools.	0

11	90051945	SP_40859	Children Crossing	GRANGEMORE RISE (NC)	Dublin 13	Children Crossing Sign	For entrance to Grangemore Rise	Member of the Public	18/10/2017 00:00	Not Recommended	Grangemore Road is a short cul de sac, The Traffic Advisory Group have reported that 'Children Children' signs are not recommended on traffic calmed roads or cul de sac's, in accordance with the City Council's criteria for the provision of such signage. Therefore "a Children Crossing" Sign is not recommended. Signs are normally only provided at the entrances to housing estates from main traffic routes, and a W142 children crossing sign has been provided at the entrance to the estate at the junction of Grange Road/Grangemore Road.	0
12	90052022	SP_40936	Yellow Box	SAINT ASSAM'S ROAD WEST (NC)	Dublin 5	Yellow Box (Extend)	outside library on the Howth road to aid exit from St.Assam's Road West	Councillor	20/10/2017 00:00	Recommended	The existing yellow box on the inbound carriageway is to be extended 5m eastwards to facilitate egress from St.Assam's Road West.	1
