- a Minutes of TAG meeting held on April 2018  
( Report herewith)

**91 - 124**

6 Motions

- a Motion in the name of Councillor Deirdre Heney  
That the manager please, in relation the huge sand bags located along the Clontarf seafront outline (a) the reason why these bags are located there (b) the reason no agreement can be reached with management to relocate the storage of same to an offside location (c) refer to a previous commitment that these bags would be located on the seafront from October to March each year and then removed to an alternate location (d) why it is expected that such unsightly bags be located on our beautiful seafront all year round and (e) arrange for the relocation of the bags this year.

- b Motion in the name of Councillor Deirdre Heney  
That the manager consider the installation of exercise equipment, (similar to that which I previously requested and which was installed on the Clontarf Seafront some years ago) in Maypark, Dublin 5 as has been requested by local park users.

- c Motion in the name of Councillor Deirdre Heney  
In relation to the growing difficulties with parking on Mount Prospect Avenue, (particularly along the stretch between the junctions from Baymount Park to Park Lawn) which is at times, leading to a complete standstill in traffic movement, that the City Council examine the problem with a view to providing a solution to regularise the parking practices of persons accessing St. Anne's Park, in order to;

- (1) allow the bus route to continue normal operations, and  
(2) allow residents at this location access and egress their driveways

as the situation is going to worsen with the onset of summer.
