7 Planning & Development Matters

a See Item b Area Matters
(Report herewith) **Paul Clegg**

8 Motions

a Motion in the name of Councillor Larry O'Toole
Withdrawn

b Motion in the name of Councillor Michael O'Brien

That this area committee supports the campaign of strike action by employees in Lloyds Pharmacy (of which there are seven branches in the North Central Area) for improved pay, an improved sick pay scheme, an end to zero hour contracts, secure hours and recognition of their union Mandate.

c Motion in the name of Councillor Michael O'Brien

That this area committee supports the postcard campaign by the Stardust families which seeks to harness the widespread support among the general public for an independent inquiry.

d Motion in the name of Councillor Alison Gilliland

The North Central Area Committee acknowledges the vital importance of keeping our public realm space clean, green and visually and environmentally attractive and the work our Public Realm and Parks teams do to achieve this. However, this Committee notes the current neglected state of the green space around the Grange Woodbine side of Kilbarrack DART Station and regrets the non-implementation of previous public realm plans to enhance this space. This Committee therefore calls for previous plans to be reviewed along with the Environmental Committee of Grange Woodbine Residents' Association and a plan put in place for the realisation of the enhancement of this particular public green space.

e Motion in the name of Councillor Alison Gilliland

The North Central Area Committee note the recent fires on the Lawrence/Oscar

Traynor Road Lands in addition to reports of anti-social behaviour on these lands. Given that these lands are to be used in the near future that the site be cleared of all growth so as to prevent any further opportunities for extensive fires and indirectly speed up the preparation of building on the site.

f Motion in the name of Councillor Ciaran O'Moore

I call on Dublin City Council to encourage active travel for all ages by improving and promoting greenways, cycle lanes and any other method of encouraging safe active travel. The benefits include improving the physical and mental health of our community, reducing congestion, air pollution and traffic congestion.

g Motion in the name of Councillor Ciaran O'Moore

I call on Dublin City Council to strongly oppose the de-staffing and unmanning of Dart Stations. The shift towards removing staff has a detrimental knock on effect for each and every person that uses and relies on public transport. Each and every individual that wishes to use a DART or Train should have full and equal access regardless of their mobility status.
