4	Roads & Traffic Matters	
a	Minutes of the TAG Meeting held on 26th March, 2019 <b>(Report herewith)</b>	85 - 98
5	Items for following meetings	
6	Motions	
a	Motion in the name of Councillor Ciaran O'Moore  I propose that a ban be placed on erecting election posters in Raheny Village, from Raheny Dart station to Manor House School and from Raheny Library to Raheny House Nursing home, this covers approximately 34 poles. I have been in communication with some local business and tidy town committees in the area to start a <a href="#">Poster Free campaign</a> . Raheny Tidy Towns and Raheny Business Association support this campaign 100 percent.  A voluntary ban on election posters is now in place in over 100 towns including the municipal counties of Cork, Dublin, Galway and Limerick following a campaign for the elimination of waste generated from candidates' publicity posters.  In 2014, just over 2000 candidates ran for 750 seats in the local elections, erecting over 600,000 posters, the equivalent of 23 Croke Park Stadiums.  Those posters have reportedly produced 360 tonnes of Carbon Dioxide (CO2), the same amount generated if an average car drove non-stop for 592 days. A similar number is expected to be distributed this May during both local and European elections.	

Promotional posters can also [pose a threat](#) to public safety by covering road signage leading to motorway accidents.

Cyclists have also complained about improperly positioned posters that often block their path and put their lives in danger.

Under the country's anti-litter legislations including the Litter Pollution Act of 1997, endangering public safety by inappropriately positioning promotional posters is an offence.

**b Motion in the name of Councillor Michael O'Brien**

That this Area Committee notes the unfortunate delay in proceeding with the playground at Kilbarrack and therefore calls on Dublin City Council that if agreement cannot be reached with the concerned residents in Foxfield Crescent, that a suitably amended version of the playground be proceeded with at the site without further delay.

**c Motion in the name of Councillor Michael O'Brien**

That this Area Committee requests that Dublin City Council carry out a feasibility study for the installation of a running track in St Anne's Park in light of representations received by councillors from Raheny Shamrocks Athletic Club.

**d Motion in the name of Councillor Deirdre Heney**

That a report /examination of the mound (ice house) and adjoining grotto in All Hallows College be carried out to say if on the list of protected structures or if possibility of same can be examined.
