

MINUTES OF THE NORTH CENTRAL AREA COMMITTEE MEETING

HELD ON MONDAY 20 MAY 2019

1 **Minutes of the North Central Area Committee meeting of 15th April, 2019.**

Order: Agreed

2 **Questions to the Area Manager**

7 - 108

Order: Noted

3 **Area Matters**

a **Irish Rail**

Order: Noted

b **Traffic Issues - Harmonstown Road**

Order: Residents of Artane Harmonstown Association outlined continuous parking issues affecting the residents. Traffic Advisory Engineer to meet with Residents in Autumn and refer to Area Committee in 6 months.

c **Housing Supply Report**

Order: Noted

d **Sport and Wellbeing Partnership Area Committee Report**

Order: Noted

e **Naming & Numbering Proposal for a new residential development on a site located at the access road into Grattan Lodge, Donaghmede, Dublin 13- 141-158 Grattan Lodge, Donaghmede, Dublin 13.**

Order: Agreed

f **Naming & Numbering Proposal for a new residential development on a site at Griffith Avenue, Dublin 9 - Griffith Wood, Griffith Avenue, Dublin 9.**

Order: Agreed

g **Naming & Numbering Proposal for a new residential development on a site at the rear of 188-192 Collins Avenue, Dublin 9- 1-5 The Yard, Collins Avenue, Dublin 9**

Order: Agreed

h **Naming & Numbering Proposal for a new residential development on**

a site at the rear of 77 Dollymount Avenue, Clontarf, Dublin 3- 1-4 Dollymount Court, Doyles Lane, Clontarf, Dublin 3
Order: Agreed

i Naming & Numbering Proposal for the next phase of development at Parkside, Balgriffin, Dublin 13- 1-17 Walker Row, 1-21 Walker Green, 1-4 Walker Drive, 1-7 Walker Close, 1-40 Walker Grove & 60-66 Parkside Gardens, Parkside, Dublin 13

Order: Agreed

j Disposal of a plot of land to the rear of 68 Brian Road, Dublin 3.

Order: Agreed

k Disposal of a plot of land to the rear of 45 Ribh Road, Harmonstown, Artane, Dublin 5.

Order: Agreed

l Update on the Unesco Discovery Centre

Order: Noted

4 Roads & Traffic Matters

a Minutes of the TAG meeting held on 30/04/19

Order: Noted

5 Planning and Development Matters

a Notification of initiation under Part 8 Planning and Development Regulations 2001 (as amended) -The Hole in the Wall Road, Dublin 13

Order: Agreed.

b Planning Application: SHD Ref: SHD0007/19; Location: Clare Hall, Malahide Road, Dublin 17

Order: Noted. A summary of the elected members' views & observations on the application will be included in the Chief Executive's Report for submission to An Bord Pleanála. Councillors requested that the presentation be circulated to the Committee.

c Planning Application: SHD Ref: SHD0008/19 ; Location: Former Chivers Factory Site, Coolock Drive, Coolock, Dublin 17

Order: Noted. A summary of the elected members' views & observations on the application will be included in the Chief Executive's Report for submission to An Bord Pleanála. Councillors requested that the presentation be circulated to the Committee.

6 Items for following meetings

As the first meeting of the new City Council takes place on the 17th June it is agreed that the next meeting of the NCAC should be a semi induction meeting for the new members elected. Questions and Motions will be as normal.

Richard Cleary to investigate and inform Councillors regarding correct disposal of election posters.

7 Motions

a Motion in the name of Councillor Micheál Mac Donncha

That this Area Committee requests that the National Roads Authority begins the process of converting the Grange Road-Hole in the Wall Rd Junction from a roundabout to a crossroads with traffic lights and all appropriate lanes and traffic management.

Reply:

The idea of removing the roundabout and converting it into a signalised junction was shelved as it was deemed that the volume of traffic has reached saturation levels. The rationale to construct the Toucan Crossings at the 4-arms of the roundabout was to facilitate the safety of pedestrians and cyclists.

Dave Dinnigan
Area Manager

Contact: Perry Chitombo, Executive Engineer - 2226635.
Email: perry.chitombo@dublincity.ie

Order: Motion deferred. Area office will request that an information meeting be held with Councillors and Traffic Department to examine issues and possible mitigation measures in the Autumn.

b Motion in the name of Councillor Alison Gilliland

The North Central Area meeting acknowledges the work of the Edenmore Residents Association and the Edenmore Safer Forum in improving the public realm of the area. The North Central Area Committee acknowledges that the church grounds at the Edenmore Park end are now rather exposed following the removal of the hedge and its replacement with a plinth. Therefore, the Committee request that railings be fitted onto the plinth to make the church grounds more secure.

Reply:

The previous boundary was not secure and was repeatedly breached by joyriders. The plinth wall was installed to prevent any further cars being driven from the church car park into the park and being burnt out on the football pitch and improve the safety of the park for users. This issue was highlighted as a major concern by the Edenmore Safety Forum. The main soccer pitch is still unplayable since the last incident and repairs to same will be affected in the coming weeks now that the weather has improved.

There are no proposals to install railings at this location at this time. The installation of railings at this location can be examined in the context of future budgets.

Order: Report to Councillor

c Motion in the name of Councillor John Lyons

This area committee supports the call of the Justice for the Stardust 48 campaign that any new planning application that results from the sale of the Butterfly

Business Park by Cairns Homes Butterly Ltd must include meaningful consultation with the families of the victims and the survivors of the 1981 fire disaster with a view to installing a memorial on site commemorating the 48 young lives lost, their families and the many hundreds of young people whose lives were scared and adversely affected.

Reply:

In the event that the relevant landowner enters into pre-application consultation for a substantial redevelopment of the former Stardust site, the Planning Authority will bring the request for a memorial to the attention of the landowner.

Dave Dinnigan
Area Manager

Email: bryan.ward@dublincity.ie

Order: Agreed

d Motion in the name of Councillor Michael O'Brien

That this area committee notes with dismay the decision to not permit Bonnybrook Community Crèche operate from its current location on Glin Road from August this year without any contingencies being put in place. We call on Dublin City Council to use its influence to either have the decision reversed unless a suitable alternative premises in the community can be located.

Reply:

The ground floor of the community building is held under lease from Dublin City Council by Bonnybrook Youth Resource Centre Limited for a term of 25 years from 1999. Under the terms of the lease the building must be used for community purposes and the crèche that operates in the Centre forms part of the overall Youth Resource Centre.

The Property Management Section has no direct dealings with the crèche and was unaware of any issue with its operation until the receipt of recent enquiries from public representatives. In order to seek clarity on the position the Property Management Section has written to Bonnybrook Youth Resource Centre Limited.

Order: Report to Councillor

e Motion in the name of Councillor Michael O'Brien, Councillor Jane Horgan Jones, Councillor Ciarán O'Moore, Councillor Naoise O'Muirí & Councillor Damian O'Farrell

That this area committee noting the absence of play facilities in Rockfield Park supports the request by parents and grandparents petitioned in the surrounding estates and schools for a small play area to meet local needs and therefore

request that Dublin City Council begin a consultation process with the community about the best location within the park and the design. Furthermore we extend an invite to a parent representative from the campaign to address our area committee in June.

Reply:

Arrangements will be made to meet with the group of parents who are advocating for a playground in Rockfield Park to see how their request can be addressed.

Dave Dinnigan
Area Manager

Order: Agreed

f Motion in the name of Councillor Deirdre Heney

That the Manager work with An Garda Síochána and all of the schools on Griffith Avenue to try and bring about an understanding of how illegal parking is impacting on local residents, that the manager seek to get the schools, parents of school going children, the Gardaí and Dublin City Council to work together to bring about a solution to this problem as it seems that the good work of Dublin City Council, in installing cycling lanes along the Avenue, has inadvertently resulted in motorists driving onto and parking on the grass verges and footpaths and the problem is worsening.

Reply:

The nature of the illegal parking referred to is typically very short-term while the motorist attends the school or the motorist remains present in the vehicle while dropping school going children off. Meaningful enforcement is difficult in such circumstances as Dublin Street Parking Services are unable to take enforcement action where the driver or a passenger remains in the vehicle or where the driver returns to the vehicle before enforcement action can be completed.

Nevertheless, Parking Enforcement Services will participate in any initiatives taken to address this issue.

DUBLIN CITY COUNCIL
NORTH CENTRAL AREA COMMITTEE
20th May 2019

Q.1 Question in the name of Councillor John Lyons

“To ask the manager to install more dog poo bins in Streamville Park, to explore the request from many local parents for the creation of a playground in the Streamville Park.”

Reply:

The Parks Service has recently contacted a number of community groups, sports clubs schools etc. in the area as part of a scoping exercise to ascertain how the community would like to see this local park developed over the next number of years.

While the area is not very well served with playgrounds with Fr. Collins Park at 1km and Edenmore Park at 600m approx. there are no proposals or budgetary provision to construct a playground at this location at this time. As part of the open space strategy an audit of the distribution of, and access to, playgrounds within residential areas in the city was carried out. This audit identified the areas with the greatest play facility deficit. These are the areas which have been prioritised in the capital programme for the construction of new playgrounds. The priorities arising from the early consultations are the exclusion of motorbikes from the park through the installation of kissing gates or barriers on the unprotected entrances and the development of a perimeter path network within the park.

Dave Dinnigan
Area Manager

DUBLIN CITY COUNCIL
NORTH CENTRAL AREA COMMITTEE
20th May 2019

Q.2 Question in the name of Councillor John Lyons

“To ask the manager to install speed ramps at the following locations: St. Donagh’s Rd, on Manor Drive, Millbrook Drive, Slademoire Avenue and to investigate how well or otherwise the mini roundabouts on Blunden Drive are working. Reports of many minor accidents have been relayed to me.”

Reply:

The Area Traffic Engineer reports that speed ramps have been provided on Saint Donagh’s Road. The ramps have been positioned in accordance with current best practice. The factors taken into consideration in locating ramps include spacing between ramps, street lighting, location of driveways and proximity of junctions. Ramps are spaced about 80 to 100 metres apart, the profile resulting in more even speeds of 35 – 42 km/h along the road, and less braking and acceleration, thereby reducing noise levels in built-up areas.

Manor Drive and Millbrook Drive are less than the 200 metres in length which is the minimum length required by the warrant for the provision of speed ramps.

Speed checks carried out on Slademoire Avenue on 30/31 August 2018 showed the 85th percentile speed at 39 km/h. This does not meet the warrant for traffic calming and the Traffic Advisory Group, therefore, did not recommend speed ramps.

The mini-roundabouts on Blunden Drive have been provided in accordance with best practice for traffic calming at junctions and allowing equal priority to drivers exiting from side roads. The mini-roundabouts include road markings and signage and appear to operate satisfactorily when used correctly.

Dublin City Council have not received any adverse reports from An Garda Síochána concerning these mini-roundabouts.

Q.3 Question in the name of Councillor John Lyons

“To ask the manager to inspect and where necessary prune the trees and repair the paths at the following locations (**details supplied**):

Reply:

Road Maintenance Services will schedule an inspection at these locations and if warranted, will program repairs when a crew is next available in the area.

Contact: Shane Satall, Executive Engineer, Road Maintenance Services - 2222297
Email: shane.satall@dublincity.ie

The Parks Service recently met with the residents of Ard na Greine and has agreed and begun a multi-annual programme of phased replacements of the most problematic trees identified by the residents in the estate. The second tranche of this agreed programme is to commence in the coming weeks. Footpath repair is a matter for Road Maintenance.

Earlier this year the Parks Service met with the residents of Ayrfield and committed to carrying out a full survey of eth trees in the estate. The survey has commenced and will be completed in the coming weeks. Once completed the Parks Service will revert to the residents with a view to agreeing a multi-annual prioritised programme of tree replacements.

DUBLIN CITY COUNCIL
NORTH CENTRAL AREA COMMITTEE
20th May 2019

Q.6 Question in the name of Councillor Alison Gilliland

“To ask the Area Manger to arrange for more seating in St. Anne's Park near the Red Stables and to provide larger, seagull proof bins in the same area given the heavy footfall of people with take away food.”

Reply:

There are 15 picnic benches in the vicinity of the playground and Red Stables and extensive seating available at the café in the courtyard. There are no current proposals to install additional seating however the installation of additional park benches can be considered in the context of future budgets.

The Parks Service are currently exploring the replacement of the open barrel bins with bins with covers to prevent access to seagulls and crows.

DUBLIN CITY COUNCIL
NORTH CENTRAL AREA COMMITTEE
20th May 2019

Q.7 Question in the name of Councillor Alison Gilliland

“To ask the Area Managers to arrange for the tidying up of the Holy Oratory Park on the Kilmore Rd (see attached map). This area has been significantly neglected and needs built up litter and debris removed, bushes cut and trimmed, grass cut right up to the boundary wall.”

Reply:

The Parks Service cannot accept that this park is neglected as significant clearance works were carried out recently before the bird nesting season cutting back of shrubs around the entrance and around the ruin and graveyard in the centre of the park and considerable volumes of litter removed. There is an ongoing litter issue here and the area is regularly cleaned. A further clean-up will be arranged in the coming weeks as schedules allow.

NORTH CENTRAL AREA COMMITTEE
20th May 2019

Q.8 Question in the name of Councillor Alison Gilliland

“To ask the Area Manager to outline any conversations, considerations or commitments that DCC had with the developers with regard to details below at the pre-planning application phase of the original planning application for this development.
DCC being the ultimate leasee or purchaser of the library building in Belmayne - it is highly unusual that such a large building in a private development would be allocated as a library given that most libraries are run/managed by local authorities.”

Reply:

A library facility was granted planning permission in 2004 at Belmayne, as part of a larger residential and mixed use development, Condition No. 4 of Reg. Ref. 4315/03 (PL29N.207192) refers. The developer did not propose a library under the 2003 application; the Planners Report indicates that the City Librarian formally requested a site be reserved for a library, as part of the application process. Ultimately, the 2003 application was granted by An Bord Pleanala and Condition 4 of that permission refers to the provision of a library at Belmayne Town Square. There is no record of any pre-app for this application. This permission was partially implemented and has now expired.

NORTH CENTRAL AREA COMMITTEE
20th May 2019

Q.16 Question in the name of Councillor Damian O'Farrell

"To ask the Area Manager to prioritise the installation of speed prevention ramps at Annadale Drive, Drumcondra please. This stretch of road is predominately used by rat runners and cars travel at far in excess of a safe speed. This is a residential area with young children who cross Annadale Drive to get to a green play area. There is a serious risk of a life threatening injury or fatality at this location and I am urging DCC to provide ramps as a matter of urgency. My understanding is that there was approval given previously for ramps but they have not been provided."

Reply:

The Area Traffic Engineer reports that there was insufficient funding in this year's Works Programme to accommodate the proposed traffic calming on Annadale Drive. Annadale Drive will be put forward for inclusion in the 2020 Works Programme.

Email: mick.boyle@dublincity.ie

A mature tree was only recently removed from this location. It is not possible to replant in the same pit until the stump and rootplate has sufficiently degraded to allow for safe removal and replanting. This can take a number of seasons. The locus will be inspected later in the year to ascertain the suitability of the site for inclusion in future winter tree planting programmes however given the size of the removed tree it is likely that this process will take significantly more than a year.

Q.28 Question in the name of Councillor John Lyons

“To ask the manager for an update on the planning process involved in providing the Edenmore Boxing Club with its new premises adjoining the new primary care centre, to outline the financial costs involved and the leasing/renting arrangements that will be put in place.”

Reply:

A planning application for the boxing club has been lodged and the final date for observations is Thursday 16th May. A decision on the application is due on 6th June 2019. If and when a planning permission issues, the contractor on site will be asked to provide a detailed costing for these works which will they will try to incorporate into their current programme for the redevelopment of St. Monica’s youth club, in so far as is reasonably possible.

St. Monica’s Youth & Resource Centre has agreed to grant the boxing club a sub-lease (circa 20 years) of the area for the boxing club at a nominal rent.

Q.33 Question in the name of Councillor Edel Moran

“To ask the Area Manager if there are plans to for a major clean up in the Stardust memorial park? Local residents say there is ongoing a lot of anti-social behaviour in the park which has resulted in an increase in broken glass and litter .Is there any upcoming events /initiatives planned to encourage more use of the Park?”

Reply:

The park does appear to have an ongoing litter and dumping issues and is regularly cleared of same. The Parks Service are currently working on having the pump in the pond replaced and arrangements will be made in the coming weeks to have the missing playground equipment replaced and the area deep cleaned afterward. There are no events planned at present however, the Stardust Walkers group have a weekly walk at 10.30am every Tuesday morning organised by the Community Team.

Q.34 Question in the name of Councillor Edel Moran

“To ask the Area Manager why the access to the park from Mount Olive Park, Dublin 13 , has been blocked off? Some residents have asked for if it is possible for this to be re-opened or some form of pedestrian access gate be installed at this location?(photo attached)”

Reply:

It appears that this access to the park has been closed off for some considerable number of years now. While documentation has not been located as to why this decision was taken at the time, such interventions are usually as a result of requests from nearby residents due to anti-social behaviour or fears of crime. The Parks Service would be reluctant to reopen such closed access points without the agreement of the affected residents. Residents should contact the Parks Service at the email address below.

20th May 2019

Q.61 Question in the name of Councillor Jane Horgan Jones

“To ask the Area Manager the following question [details supplied].”

Reply:

The above applicant is on the Housing List with an application date of 5th February, 2015 the applicant holds the following positions on this list;

Area	Bedsizes	Position
Area B	3	810
Area D	3	293
Area E	3	899

Based on these positions it may be some time before the applicant is reached with an offer of housing.

Dublin City Council allocate properties based on time on the list and currently there are applicants on the waiting list of longer standing who have to be considered as suitable vacancies arise. It is not possible to indicate accurately the prospect of an offer for any applicant. The number of vacancies arising will be a determining factor in the length of time applicants could expect to be on the waiting list.

This applicant is currently eligible for the HAP scheme, which will provide the applicant with financial support towards the cost of renting a property. Should the applicant wish to be considered for this scheme she must present to the Allocations Section with current income details and a Housing Advisor can provide information and advice on the Scheme.

“To ask for an update in relation to the tree stumps on Killester Avenue and when they are scheduled for full removal – also to ask for Killester Avenue to be weeded as there are many overgrown areas along the public footpath.”

Reply:

At present, there is no contract in place for control of weeds.

Contact: Richard Cleary, Public Domain Officer – 2228866.
Email: Richard.cleary@dublincity.ie

Stumps can only be removed once they have degraded enough to allow for their safe removal without damaging infrastructure especially underground services. This process can take a number of years. The stumps in this area will be examined in the coming weeks to ascertain if they are ready for removal.

Dave Dinnigan
Area Manager

DUBLIN CITY COUNCIL
NORTH CENTRAL AREA COMMITTEE
20th May 2019

Q.70 Question in the name of Councillor Michael O'Brien

“To ask the area manager (details supplied).”

Reply:

The above applicant is on the Transfer List with an application date of 13th February 2019 the applicant holds the following positions on this list;

Area	Bedsizes	Position
Area B	3	366
Area E	3	403

In the first instance, the applicant should report any illegal drug activity to her local Garda station, in addition Dublin City Council will contact the Approved Housing Body and inform them of the alleged illegal drug activity mentioned.

It is noted on the applicant's file that they have recently submitted an application for consideration for Medical Priority, this is currently under review.

Based on the applicant's current positions it may be some time before the applicant is reached with an offer of housing.

Dublin City Council allocate properties based on time on the list and currently there are applicants on the waiting list of longer standing who have to be considered as suitable vacancies arise. It is not possible to indicate accurately the prospect of an offer for any applicant. The number of vacancies arising will be a determining factor in the length of time applicants could expect to be on the waiting list.

Q.72 Question in the name of Councillor Michael O'Brien

“To ask the area manager (details supplied).”

Reply:

For School Wardens' safety and health and wellbeing, schools are required to house the school warden's lockers (ideally internally) and the wardens would have access to these lockers and internal bathroom facilities.

In April 2019, DCC assigned the existing four school wardens it used in the two vacated schools (Belmayne) to both Educate Together and St Francis of Assisi new schools on Belmayne Avenue.

This road is not taken in charge from the developer and there remains a lack of permanent infrastructure safeguarding the children and the wardens and on the road crossings. However, DCC, in order to provide a rapid solution to the needs of the children attending these schools has committed to doing some of the developers/clients work for them by proposing to mark the roadways, etc.

It is now for the schools to provide the necessary toilets and facilities to our wardens in order to allow the scheme to commence.

We will of course continue to work with both schools in order to achieve a safe solution for both children and wardens.

NORTH CENTRAL AREA COMMITTEE
20th May 2019

Q.92 Question in the name of Councillor Naoise O'Muirí

“Can the Manager please respond on speeding issues in relation to Castle Avenue as outlined in the email below (**details supplied**) and assess for calming measures.”

Reply:

The Traffic Advisory Group at its meeting of the 28th April, 2015, reported that (**details supplied**) Avenue is an emergency service and bus route serving a number of private hospitals, convalescent homes, the Irish Wheelchair Association and the CRC, speed ramps would not be appropriate on a route used regularly by ambulances.

The Traffic Advisory Group, therefore, did not recommend traffic calming on (**details supplied**) Avenue.

The issue of inappropriate speeding will be referred to the Gardaí for monitoring.
