Motions:	
7 <u>Motion in the name of Councillor Anthony Connaghan</u>	
The Manager arranges for a re-design of the roundabout at the junction of Mellowes Road and Finglaswood Road which would lead to less confusion for drivers approaching when oncoming cars are turning right.	
8 <u>Motion in the name of Councillor Anthony Connaghan:</u>	
That the Manager arranges for speed ramps to be placed along Ratoath Road from Westwood to Dunsink Lane where cars regularly speed along the road. There has been a number of reports of near misses when cars are trying to exit the Westwood Estate at various times.	
9 <u>Motion in the name of Councillor Cathleen Carney Boud:</u>	
That Dublin City Council CPO the Drake Inn, Finglas village which has been an eyesore for many years now. Previous requests by the council to the owner to have improvements carried out on the building seem to be ignored and there are serious concerns about the environmental hazards within the property. Finglas village needs properties such as this to be open as a working business which contributes to the village. The state of The Drake has a huge negative impact if trying to encourage business investment in the area.	

10 **Motion in the name of Councillor David Costello**

That the manager provides Monthly Updates in relation to the Area known as the "Barry Shops" Finglas West and that this be included as a standing item on the Agenda until it is brought to a satisfactory conclusion.

11 **Motion in the name of Councillor Paul McAuliffe**

The NWAC recognise the property rights of the owners of the former Drake Inn and separately the owners of the former Barry House but call on these owners to also live up to their responsibilities and take immediate steps to bring into use these sites. The NWAC requests that the City Council inform the owners of these properties of this motion and invite them to make a presentation before the Area Committee as soon as possible.

Motions:

22 **Motion in the name of Councillor Cieran Perry**

This committee calls on the Government to deliver on their promise to protect and enhance the services available in local Post Offices as stated in the Programme for Government. A Grant Thornton report estimates that without a Government commitment to funding and the maintenance of contracts for services through the Post Office Network as many as 400 offices would close by 2017. The loss of a vital community service and the resulting job losses would be unacceptable.

23 **Motion in the name of Councillor David Costello**

That this Area Committee commends the work of all DCC Staff involved in making the Northwest Area a safer place this Halloween and that this is communicated to each member of Staff.

Ballymun Matters

24 Ballymun Area Office Report, Mary Taylor, Assistant Area Manager **77 - 86**

That this area committee supports the completion of the Ballymun United Club House and will support them in any way they can and we will write a letter to the FAI and the Minister for Transport, Tourism and Sport requesting funding to finish this project.

32 **Motion in the name of Councillors Andrew Montague, Cathleen Carney Boud and Paul McAuliffe**

That the council CPO the properties at 8 and 10 Ferguson Road. These properties have been in a derelict state for many years and are held up by steel joists. Rather than having a negative impact on the houses around them these properties should be fixed up and used for housing.

33 **Motion in the name of Councillor Andrew Montague**

That the council fix the walls and fences at the back of Pinewood Crescent to prevent future antisocial behaviour, hoarding of wood and dumping at the site.

34 **Motion in the name of Councillor Andrew Montague:**

That as part of the new trial of bins for dog dirt, the Manager install one of these bins into Ellenfield Park.

35 **Motion in the name of Councillor Andrew Montague:**

That the manager upgrade the street lighting for Seven Oaks estate, especially at the pedestrian entrance from the Swords Road into the estate at the hole in the wall, and elsewhere in the estate where there is very poor lighting.

36 **Motion in the name of Councillor Norma Sammon:**

To call on Dublin City Council to investigate the possibility of a compulsory purchase for the derelict Bord Iascaigh Mhara site in Glasnevin. The site is an eyesore to residents and there is a danger of anti-social behaviour and a recurrence of rat infestation.

Cabra Area Office Report

Blackhorse Avenue – Section 2, Road Improvement Scheme

An update on progress to date was circulated to residents in October.

Chapel Crescent

We have engaged Westside Engineering to install a railing on top of the existing boundary wall as a safety measure to prevent children in particular from scaling the wall or otherwise putting themselves at risk. This is in response to resident's requests and subsequent investigation.

Dalymount Park Project

As Shelbourne FC has now agreed to share Dalymount with Bohemians, the redevelopment project can now be progressed. A Project Steering Group team involving officials from Dublin City Council, Bohemians, FAI and Shelbourne has been set up. The Area Office will be represented by Aidan Maher and Fergus Synnott.

The purpose of the Steering Group is as follows:

- To provide and assist Dublin City Council and the Council's appointed design team in the designs plans of Dalymount Park
- To encourage and strengthen a working and functioning relationship between Dublin City Council, Bohemian FC, Shelbourne FC and the local community.
- To work towards the goal of having a top class municipal stadium managed and owned by Dublin City Council and shared between Bohemians FC, Shelbourne FC and the wider local community.

DCC are currently in the process of compiling tendering documents for a design team for the project, with the project being completed in 2020 at the earliest. However, no funding stream has yet been identified.

The DCC project leader, Don Daly, has been invited to present an overview and update to the December NWAC meeting.

Faussagh Upgrade Project

A topographical survey of the pavement along Faussagh Avenue between Quarry Road and Ratoath Road has been completed. The work has been undertaken on behalf of the Roads Department to determine the location and extent of underground services in advance of upgrade measures, such as the installation of tree pits. Parks Services are working on a design proposal for the scheme which will be submitted to the parish priest for consideration by the Parish Council on the section of land at the front of the church grounds.

The target date for the completion of the main works is summer 2017.

Dublin City Council is providing support to the Gardai to ensure that the CCTV camera on the road is operating effectively.

Liam Whelan Bridge

I have reported the recent graffiti to the LUAS Liaison Officer who has promised to have it removed as soon as possible.

LUAS

Newsletter with updates on progress recently circulated to residents.

Mt Bernard Park

The Children's Play Officer, Debbie Clarke, held a meeting in the Cabra Office on the 10th October to outline plans for the further development of the children's play area to parents. She is now following up on issues raised and will hold a further meeting with parents, which is yet to be scheduled.

Ormond Print premises

Derelict Sites Section have inspected this site and judged it as not warranting action under the Derelict Sites Act.

Phibsborough Local Environment Improvement Plan

A nomination is sought from amongst councillors to represent the North West Area on the Implementation Group which is being established. It will also include a representative from Central Area.

Shandon Gardens canal bank wall

We are still awaiting a response from Waterways Ireland on the request for co-funding of the repairs and reinstatement.

Tolka Valley Greenway Park

Unfortunately there have been a number of antisocial incidents that have impinged upon local residents in Rathborne, and Pelletstown. I am arranging a meeting with Cabra Gardai and the Parks Supervisor to see how security can be improved. Parks Section has introduced measures to restrict motor bikes in the park.

COMMUNITY & SOCIAL DEVELOPMENT

Halloween

Halloween was relatively quiet in the Cabra Area due to the co-operation of residents, the efforts of the Public Domain and Housing Maintenance crews removing bonfire materials in advance, and also the support of the Gardai. The outstanding bonfire materials were removed from locations at Ashington, Killala and Dunard after they had been allowed to cool. Alternative activities were very successful, particularly the Halloween Night Event in Naomh Fionnbarra. A mini festival was held in Naomh Fionnbarra G.A.A. Club on Halloween night with a "Haunted House" and disco catering for over 1,000 people. Cabra Mens Group contributed considerably in the management of the entire evening.

St. Eithne's Ring Residents and Ventry Park Residents organised similar events in their respective areas.

All events were supported by the City Council.

Cabra Drive

A new residents association has formed recently in Cabra Drive as a result of the overall Pride Of Place activities.

Phibsborough / Glasnevin.

Phibsborough Tidy Towns are continuing with their ongoing activities and in particular the Royal Canal Bank Residents Group's local environmental improvements which cover an area from the Royal Canal to Phibsborough Library.

Christmas Events.

Arrangements are being put in place to facilitate the Lighting of Christmas Trees in Cabra.

Barry Area

The Local Area Office, the Anti-Social Policy Unit, Dublin City Council's legal representative and the Finglas Drug Sergeant have arranged a meeting this month with a view to moving forward with initiating legal proceedings for the recovery of the dwelling that is causing serious problems in the Barry area.

Fairlawn Park

Kelly Blocks were installed at 9 Fairlawn Park to stop individuals using it as a walkway between Prospect Hill and Fairlawn. This has not worked as more of the 9" thick wall was dismantled to gain access.

This property has been registered with the Derelicts Sites Section and contact has been made with the Management Company dealing with this property with a view to resolving the issue.

Barnamore Park

There are still issues of anti-social behaviour around 25 and 25A Barnamore Park, particularly 25A which is constantly being dumped in and was recently set on fire.

25A Barnamore Park is registered with the Derelict Sites Section and every effort is being made to contact the owner.

25 Barnamore Park is not being registered with the Derelict Sites Section, as it does not meet the criteria at present. However, it is being monitored and will be reviewed.

Scribblestown Flat Roofs

Approval has been granted for the ten remaining flat roofs to be completed in the Scribblestown development. Works is due to commence within ten days.

Saint Finbarr's Court.

The review of the proposed apartment size for the units in St. Finbarr's Court is ongoing and is expected to be completed in the next two weeks. Subject to a further review with the planner the Part 8 process is due to be then launched.

There are five tenants left in Block 2 St. Finbarr's Court. Alternative accommodation has been identified for four tenants and they will be relocated as soon as the repair works have been completed. A suitable vacancy is being sought for the remaining tenant.

Finglas Area Office Report

Update on Kildonan Lands Project

Ed Flanagan's interim report on the public consultation process is being examined. No decision has been taken yet on whether any additional surveys are required to capture the views of additional residents in the adjoining streets.

Due to the lengthy period required by the consultation process the timetable for completion of the Brady Shipman Martin (BSM) masterplan report has been extended.

Arising from a recent incident WFTRA have decided to withdraw from all engagement with Dublin City Council, the Dublin Regional Homeless Executive and the various statutory agencies and service providers in the Abigail Centre. Pending resolution of this hiatus no date has been fixed yet for the next meeting of the Development Group. However, a meeting with WFTRA and the Deputy Chief Executive will be held soon. It will be an open Agenda. I will be in attendance.

COMMUNITY & SOCIAL DEVELOPMENT

Community Grants Scheme 2017

Applications under Dublin City Council Community Grant Scheme closed on Friday 28th October. Community and Social Development Staff assisted a number of groups with completing their applications and will begin processing grants shortly with a view to presenting a draft list of recommendations to Councillors in early January 2017.

Finglas Halloween Festival 2016

The Finglas Halloween Festival "Finglas Fright Night," took place in the Finglas Civic Centre on Monday 31st October from 6.00pm to 9.00pm. The numbers attending continues to grow each year. People travelled from many parts of the city to attend the event.

There was a wide variety of entertainment for families to enjoy on the night, from carnival rides, bouncy castles, old fashioned game stalls, maze of misery, a spooky graveyard, magician, face painting, fancy dress competition, food stalls, fireworks display and the main music stage.

The event was advertised with flyers, and advertising boards were posted throughout the Finglas area. We decided not to use the festival website: instead, we focused on social media to help with the promotion of the festival. The festival now has a Facebook page and a Twitter account. Both accounts were very active with over 7,000 hits on the Facebook page alone. The main Dublin City Council social networking pages, including our Fire Brigade pages, also promoted the festival.

The event is managed by the Community and Social Development team with the assistance of staff in the area office, leisure centre and parks department. The event management, including health and safety was contracted to Cuckoo Event Management. The construction and derig of the site was also contracted out. Civil Defence and Order of Malta attended the event. An Garda Síochána attended and, with the assistance of the security company, monitored the crowds throughout the festival site.

The Finglas Youth Resource Centre hosted the refreshment area for volunteers. They also hosted the maze of misery, which included some of their young people performing in the maze. The Centre had a six week arts programme leading up to the festival which culminated in their interactive graveyard on the night itself. The youth centre also managed the stage entertainment. The majority of entertainment on the night was performed by local young people. It is very encouraging that the youth centre reported an increase in young people wanting to be involved in the festival.

Each year Dublin City Council invites local community groups to help with ticket sales for all the attractions. Ticket sales go towards the groups fund raising efforts. It should be noted that the success of the Halloween Festival would not happen without the input of so many dedicated volunteers.

Public Domain Halloween Report

Preparations and activities prior to Halloween:

- Approximately 1800 Information Leaflets outlining the dangers of Bonfires and listing DCC contact details were distributed to householders by Public Domain and Housing Staff in the vicinity of locations where bonfires are usually held.
- Businesses in the industrial estates in the NWA visited by a Litter Warden and a member of the Public Domain team, given a leaflet and advised on the need to secure flammables in the weeks prior to Halloween.
- Regular inspections of voids and green areas were conducted by Public Domain Staff throughout the NWA to check for the presence of stockpiling.
- Co-ordinating Conferences were convened with the Gardai in the Finglas/Cabra and Ballymun areas and attended by DCC Public Domain, Waste Management, Housing and Parks Staff. This ensured a high level of communication and co-operation in the lead up to and over the Halloween period.
- Flammables were collected by Waste Management, Parks and Public Domain Crews as located or reported.
- Approximately 250 tyres, 150 pallets and large quantities of wood were removed prior to the Halloween weekend.
- Additional grab lorries were provided through DCC Parks for use in the NWA over the Halloween Period.

Actions over the Halloween Weekend:

- In co-operation with the Gardai, Waste Management and Parks, stock piles, including an estimated 350 tyres, over 400 pallets and large quantities of wood were removed from over 40 locations over the three days of the Halloween weekend. In all, this constituted nine grab trucks and several trailer loads of bonfire materials removed throughout the NWA over the three days.
- The assistance of the Gardai was required at many locations, including five locations where Public Order Personnel were deployed to protect crews in the removal of stock piles or built bonfires.
- The Halloween Fright Night Festival in Finglas and the Ballymun Otherworld Festivals were very successful in diverting young people from bonfires and contributed to reducing the number of fires in the area.
- The NWA Public Domain Office was staffed from 8am-5pm from 29th – 31st Oct. This was of particular benefit on Halloween afternoon as calls from members of the public reporting bonfire material were passed to crews and several stock piles removed as a result. In addition, Public Domain staff worked from 5.30am on 31st Oct, directing Parks staff to locations containing stock piles for removal.

Post Halloween clean ups

- Clean ups are ongoing in the NWA in conjunction with DCC Waste Management Parks and Housing.

Bonfire stockpiles being removed over the recent Halloween weekend in the Finglas area

Now that Halloween is over the emphasis has moved on to dealing with the annual leaf fall throughout the area. To achieve this DCC Waste Management have provided personnel dedicated to the removal of leaves, in particular on main roads. The Public Domain Team are also providing bags and equipment to groups and individuals to enable them to run leaf clean up events in their areas and are organising for bags of leaves to be collected.

The Public Domain Team can be contacted on 01-222 5412 / 6754 / 5407 / 5400, email nwa.publicdomain@dublincity.ie or phone DCC Customer Services on 01-2222222.

City Neighbourhoods Schools Awards

A Reception will be held on Friday 2nd December in the Oak Room, at the Mansion House, to announce the winners of the Dublin City Neighbourhoods Schools Awards 2016. Schools who have qualified from the area competitions held earlier this year are in contention for prizes. The NWA is well represented this year with Saint Brigid's GNS Glasnevin coming first in the NWA and Holy Spirit GNS Ballymun and St Canice's GNS Finglas sharing joint second place. The best of luck to our NWA participants at the Mansion House awards.

Laneway Closed on Faussagh Avenue

Gates were recently installed to close the laneway adjacent to 54 Faussagh Avenue. This location has long been subject to illegal dumping and anti social behaviour and the public right of way was extinguished a number of years ago. It is anticipated that the presence of the gates will alleviate the problem for businesses with entrances onto the lane and for residents of adjoining dwellings.

Finglas Village 1916 Memorial Unveiled

The Finglas Village 1916 Memorial was unveiled by the Lord Mayor Brendan Carr on Saturday 12th November 2016 at an event held on site at The Seamus Ennis Road in Finglas Village. The monument, originally proposed by the Finglas Village Renewal Partnership in 2015 to mark the 100th anniversary of the Rising, was funded by the Partnership in cooperation with DCC and local business and community groups. The monument is constructed from sea grey polished marble and contains the National Flag and the flag of the

main organisations who took part in The Rising, The Irish Volunteers, Cumann Na Mban and The Irish Citizen Army. Seven trees will be planted shortly by DCC Parks in the area behind the monument to commemorate the seven signatories of the Proclamation. The presence of the monument at a high profile location in the village will ensure that the events of the 1916 Rising and their importance in the foundation of the state will continue to be marked in years to come in the Finglas Area.

All events were supported by the City Council.

Stoneybatter Pride of Place.

A new residents association has formed recently in Cabra Drive as a follow on to the overall Pride Of Place activities.

The entire system has undergone planned preventative maintenance in recent weeks, this work included checking all of the cameras and updating the monitoring station in the control room.

Cleansing / Waste Management

Waste Management and the area office are continuing to combat illegal dumping at open spaces. These measures include using the C.C.T.V system to monitor and identify those responsible. The area office has targeted illegal dumping around Coultry, Druid and Knowth Court and St Margaret's Road, a number of tenants have been called and warned about their behaviour.

West Ballymun Update

Halloween

Dublin City Council have made a huge effort to ensure a speedy clean up after Halloween period. There is still some debris smouldering and that will be removed as soon as it is safe to do so. The Public Domain Officer in the Ballymun area, Cleansing, Parks and Estate Management all played a part in ensuring all reports of hoarding bonfire material was responded to. As a result the volume of bonfires on the west side of Ballymun was reduced in comparison to other years. A number of spots that would have been used for bonfires in the past were not used (Belclare Green, Cranogue Road, and Balcurris Park).

Courts

Estate Management have met with residents from Knowth Court with a view to continuing the painting and estate enhancement programme that has been ongoing in 2015 and 2016. The more established groups are getting ready to review the year and set their targets for 2017 with the help of the Sillogue Neighbourhood Centre facilitators Linda and Val. Speed ramps have been installed on Carraig Road to reduce speeding. Dublin City Council has engaged a contractor to repair and resurface paving slabs in identified courts. Bollards have been installed in Cranogue Road as a traffic calming measure also. Dublin City Council is working with the residents of Druid Court with a view to identifying areas that need improvements in the public lighting in the courts. Estate management carried out 12 interviews relating to reports of illegal dumping in the Poppintree area. All of those who attended for interview had to submit proof of their waste collection. Dublin City Council is working closely with the Public Domain Team in tackling the issue of illegal dumping in the area. There has been an increase in the amount of graffiti in the area. This has been logged and is to be removed.

East Ballymun Update

Pyrite

Pyrite works are in progress in the Carton Area on the first five houses. Families were moved temporarily into the local area and are expected to be home before Christmas, the expected date for moving back is the end of November. All residents will be informed of potential move dates and phases in the coming weeks. This will be done by letter drop and calling door to door. Anybody with enquiries can contact Connell McGlynn on 222 5730.

Halloween Clean Up

The Cleansing Section and the Public Domain Section in conjunction with the Area Offices were busy clearing illegal dumping ahead of Halloween. An information campaign was ongoing in industrial estates and housing estates for the need to keep all sorts of materials secure and prevent illegal dumping on the run up to Halloween. This resulted in a large amount of burning material being removed from the area and reduced the amount of bonfires in the area to two fires, which the Parks Section cleared in the following days.

Coultry/Shangan/Forestwood

The local office is engaging with new community groups in Shangan, Whiteacre and Coultry which resulted in new neighbourhood initiatives. GAP is engaging locals in these projects such as clearing parking bays, tree pits and footpaths. Work on the tree pits in Forestwood and Sallowood is now complete. Residents continue to work to keep these areas tidy and work on planters, monitor the upkeep of gardens and green spaces. Most areas now have active resident involved in keeping the area in good shape. Dublin City Council continues to supply equipment and the planting materials required. Dublin City Council are currently getting tenders/ prices to have all houses treated and washed in the Woodhazel and Coultry Terrace areas.

Shangan Avenue

Issues with snagging and solar systems in Shangan Avenue will finally be resolved in the coming weeks. The solar contractor has been in the area in the past two weeks fixing and replacing solar panels and will continue resolving any issues with the internal solar system.

3. Ballymun Economic Development/Town Civic Alliance

1. Economic Strategy

The Economic Sub-Committee is due to meet on 17th November 2016. The EDO set up meetings with the IDA and CBRE to identify employment opportunities for the area. These meetings were also attended by Pamela Connolly (LAP) and Fiona Cooper, DCC Planners.

iii Enterprise Space

Two new businesses connections were made as a direct result of the role of EDO. A food start-up contacted me through the Start-Up Ballymun event in April looking for space in Ballymun. A connection was made with John Eniola in the old enterprise centre in St. Margaret's Industrial estate and a deal was struck. The business is due to open shortly.

I was contacted via the DCC website about available space to run a business that services Airbnb clients. Again a connection was made with John Eniola in the old enterprise centre and the business is now up and running.

iv. Vacant Neighbourhood retail units – The Economic Development Officer now has access to the vacant DCC units. A brochure has been produced to market each of the units and 'To Let' signs have been produced. The current status of vacant DCC units is:

4. Safety Fora Updates

Safer Ballymun

The Safer Ballymun week was launched at the last Safer Ballymun meeting on October 18th by Councillor Andrew Montague (Deputising for the Lord Mayor). Councillor Montague welcomed everyone to the meeting and stated how important it is to ensure Ballymun is a safe place to rear a family and to work. He made reference to his own family and how Safer Ballymun is a great forum to deal with issues of safety in the area.

Residents from Doon and Knowth Court gave a review of the estate enhancement works and painting programmes they have been involved in throughout the year. There was a display of before and after pictures. The residents won numerous awards for the work they have carried out during the year. The meeting was well attended and finished with light refreshments. The next Safety meeting is scheduled for 13th of December at 7pm.

The Safety Week was very well received in the community with great participation by local schools and senior citizens. The Community Garda held a number of Safety talks in the Senior Citizen complexes. There was also the open day in the Garda station that was visited by the schools and residents. This is always very well attended. BRYR organised games in the parks. The Community section held an information evening for Senior Citizens in the civic offices that were well attended. BADIG held an information afternoon in the Axis.

Other Updates

Ballymun LAP

It is expected that the draft LAP will be published before the end of the year. The draft Housing and Tenure Report to assist in the preparation of the Draft LAP is complete and an information session was held with local Councillors on 8th November. The draft Bat Survey has been completed and requires review before its inclusion in the LAP.

Metro North

The NTA has informed us that they are to appoint a design team to undertake detailed route options analysis for New Metro North, which will determine an emerging preferred route, including exact route alignment and station locations, which would then go for public consultation.

Ballymun Infrastructure

A submission for funding was made by Dublin City Council to the Local Housing Infrastructure Activation Fund (LIHAF) for some of the remaining pieces of infrastructure in Ballymun to release housing sites:

1. New road link from Balbutcher Lane North linking into St. Margaret's Road to release the Balcurris 10/Naul Park lands
2. Sillogue Avenue - Main Street Link Road, Sillogue Avenue Realignment and Gateway Crescent Extension to release sites in and around Sillogue including the old flat block sites
3. Shangan Road - Main Street Link Road and Shangan Road attenuation area to release the site of the former Shangan flat blocks.

The Hamptonwood Link Road is being progressed separately. Subject to approval of the capital budget, funding for this is now to be provided in 2017 and 2018, with consultants to be appointed in 2017 to progress the scheme. The Draft Capital Programme also includes Balcurris Road Extension, Sillogue Avenue / Main Street Link Road for 2017 and 2018 and Gateway Crescent Extension for 2018 and 2019. All schemes are dependent on Section 48 contribution funding, or their inclusion in the LIHAF.

The presentations were followed by Q&A
Online trading vouchers €2.5k

Before the speakers commenced Mary MacSweeney from the Local Enterprise Office, Dublin City gave a presentation on about the website grant of €2,500.

Business Mentoring

LEO mentors Noel McGrath & Anne Marie McAuley were on hand to provide one to one business mentoring. In total 25 people availed of the mentoring and had there been time, a whole lot more would have liked to avail of the mentoring.

The event was launched by B4b chairman Robert Murphy and chaired by small business consultant & mentor Billy Linehan, Celtar business consultants.

What people learned?

People learned that there are a number of free cloud based tools that businesses can use to conduct market research, manage their finance, communicate with and manage staff, analyse customer behaviour and share large files easily. All of this can be done from a Smart phone. The speakers shared their knowledge about selecting the right tools for your business and gave examples of how they have made doing business a whole lot easier. In addition participants were made aware of the grant of €2.5k available to small business to improve their online presence.

Attendance

A total of 77 people registered for the event with a further 25 people registering on the day. In all nearly 70 people were in the Council Chamber for the event. This represented a 150% increase on the April 2016 event. Furthermore attendees travelled from all over the City & County meaning we delivered on our objective of this being a North Dublin event. The Council Chamber provided an ideal venue and for most people it was their first time visiting. The free parking across the road meant the event was easily accessible.

Marketing

A significant effort went into marketing the event. The use of Twitter and Facebook played a significant role as well as a considerable poster & leaflet drop in a number of locations around North Dublin. The outdoor visuals on Main St. also helped generate awareness.

With reference to the proposed disposal of site for a substation at Shangan Green, Ballymun, Dublin 9.

As part of the regeneration of Ballymun new housing developments were constructed at Shangan, Ballymun, Dublin 9. In order to service these developments it was necessary to provide ESB substations. One such substation, located at Shangan Green, is located on land in the ownership of Dublin City Council.

In accordance with the standard terms and conditions for the provision of an electricity supply, the City Council is required to provide sites for substations free of charge to the ESB. The site in question is shown outlined red and coloured pink on attached Map Index No.SM-2015-1019.

It is therefore proposed to dispose of the City Council's interest in this site in fee simple to the ESB subject to the following terms and conditions:

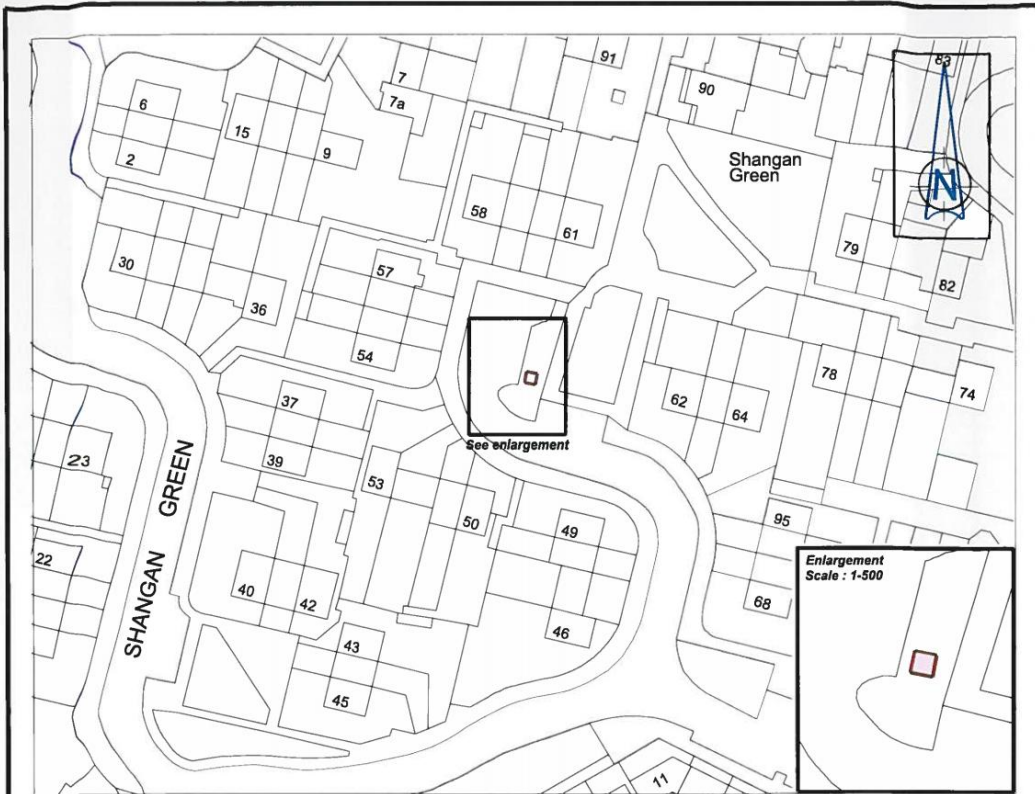

1. The site will be transferred to the ESB free of charge.
2. The E.S.B will pay a contribution of €750 (seven hundred and fifty euro) towards the City Council's legal costs incurred in the transaction together with VAT and reasonable outlay.

The disposal shall be subject to such conditions as to title to be furnished as the Law Agent in his discretion shall stipulate.

The dates for the performance of any of the requirements of the proposed agreement may be amended at the absolute discretion of the Executive Manager.

No agreement enforceable at law is created or intended to be created until an exchange of contracts has taken place.
