

MINUTES OF THE CENTRAL AREA COMMITTEE MEETING

HELD ON TUESDAY 8 JUNE 2021

- 1 **With reference to the minutes of the Central Area Committee held on 11th May 2021.**

ORDER: Agreed.

- 2 **With reference to the Questions to the Area Managers.**

7 - 26

ORDER: Noted. (See Appendix 1)

- 3 **With reference to the North Port Dwellers Association and North Wall Community Association - presentation on the experiences of local communities at the centre of the Docklands development.**

ORDER: Presentation noted.

- 4 **With reference to notification of initiation under Part 8 Planning and Development Regulations 2001 the Demolition of Connaught Street Stand, Dalymount Park, Phibsborough, Dublin 7.**

ORDER: Report noted.

- 5 **With further reference to the proposed disposal of the Council's fee simple interest in land at 60/61 King Street North, Dublin 7.**

ORDER: Deferred to next meeting.

- 6 **With further reference to the disposal of 28 Abbey Street & 109 Marlborough Street, Dublin 1.**

ORDER: Agreed with amendment to Clause 12 (purchase of units only).
Recommend to City Council.

- 7 **With reference to the proposed disposal of fee simple interest in 35 Upper Abbey Street (part of) to Abbey Cottages Limited.**

ORDER: Agreed. Recommend to City Council.

- 8 **With reference to the proposed disposal of a plot to the rear of 152 Claremont Court, Glasnevin, Dublin 11.**

ORDER: Agreed. Recommend to City Council.

- 9 **With reference to the proposed grant of a further lease at 12 Summerhill Parade, Dublin 1.**

ORDER: Agreed. Recommend to City Council.

- 10 **With reference to the proposed grant of a further licence of part of the premises at 1-4 Portland Square, Dublin 1 to The Cavan Centre Limited.**

ORDER: Agreed. Recommend to City Council.

- 11 **With reference to the proposed grant of a further licence of part of the premises at 1-4 Portland Square, Dublin 1 to the Community After Schools Project (CASPr).**

ORDER: Agreed. Recommend to City Council.

- 12 **With reference to the proposed grant of a further licence of Unit 1 Killarney Court, Buckingham Street Upper, Dublin 1 to Dublin Inner City Community Cooperative Society Limited.**

ORDER: Agreed. Recommend to City Council.

- 13 **With reference to Standing Order 48 and Effective Meeting Management.**

ORDER: The following changes to arrangements for meetings of the Central Area Committees were agreed:

- A new start time of 9am.
- A maximum time limit of 2 ½ hours on meetings with an option to extend the meeting by a maximum of 30 minutes with the agreement of a majority of Members present. The decision to extend the meeting to be taken no later than 15 minutes before the scheduled conclusion of the meeting.

- 14 **With reference to update on Stoneybatter Greening Strategy.**

ORDER: Report noted.

- 15 **With reference to Traffic Advisory Group minutes.**

ORDER: Report noted.

- 16 **With reference to the North East inner City Initiative.**

ORDER: Report noted.

- 17 **With reference to Public Domain.**

ORDER: Report noted.

- 18 **With reference to Housing Matters in the North East Inner city and the North West Inner City.**

ORDER: Reports noted.

- 19 **With reference to Community Matters in the North Inner City.**

ORDER: Report noted.

20 **With reference to the Cabra/Glasnevin Area Report.**

ORDER: Report noted.

21 **With reference to Housing Matters in Cabra/Glasnevin.**

ORDER: Report noted.

22 **With reference to Community Matters in Cabra/Glasnevin.**

ORDER: Report noted.

23 **With reference to Sports in the Central Area.**

ORDER: Report noted.

24 **With reference to Motions to the Area Managers.**

The following Emergency Motions to the Area Managers were tabled:

Emergency motion in the names of Councillors Séamas McGrattan, Declan Meenagh, Darcy Lonergan, Cat O'Driscoll, Colm O'Rourke, Cieran Perry & Eimer McCormack:

That this Area Committee calls on the NTA to support and fund a commuter stop in Cabra along the new preferred route for the DART+ South West line.

ORDER: Agreed. Letter to be sent to the NTA.

Emergency motion in the names of Councillors Christy Burke, Nial Ring and Anthony Flynn.

That this Central Area Committee agree to send congratulations and best of luck in the Tokyo Olympics to Kellie Harrington and Emmet Brennan, both from the North Inner city.

ORDER: Agreed. Letters to be sent to Kellie Harrington and Emmet Brennan.

Emergency Motion in the names of Councillors Nial Ring, Cieran Perry, Janice Boylan, Anthony Flynn, Séamas McGrattan, Christy Burke, Eimer McCormack, Joe Costello, Ray McAdam and Colm O'Rourke.

In November 2020 this Committee unanimously passed my motion supporting funding towards the landscaping of the new Gaelscoil Choláiste Mhuire. The report on the motion stated, inter alia, that "the Area Office will assist in any way possible to support the concept of enhancing greening at any location within the North Inner City", including an Ghaelscoil.

The design team for Gaelscoil Choláiste Mhuire has informed the school board that, due increased building fabric costs, no soft landscape will be provided within the new school build as provided by the Department of Education and Skills.

This is a major setback to the school and is at variance with the aims and objectives of the DCC report 'The North East Inner City Greening Strategy' (2018) by Dublin City Council's Parks Department which describes, in detail, the

challenges of the deprivation of good quality open space for the NIC community. The deficit in green infrastructure in the area is also highlighted in the 2017 study by University College Dublin which compares urban tree cover across the metropolitan area of Dublin City Council.

However, this committee notes that the North Inner City has been recently allocated €174.3m under “Call 2” of the Urban Regeneration and Development Fund Regeneration, part of which is for “urban greening.”

Having regard to all above, and our on-going commitment and support of Gaelscoil Choláiste Mhuire, this committee agrees that Dublin City Council will include the cost of the landscaping component of the redevelopment of Gaelscoil Choláiste Mhuire under the “urban greening/greening strategy” category of funding detailed above.

RATIONALE:

This school has been continually let down by the Department of Education. However, the commitment of the parents, teachers, board of management and local public representatives to the future of the school has been commendable. This motion is another much needed and timely attempt to support the green infrastructure of the area by helping to secure funding for the landscaping of the school.

ORDER: Agreed. Funding for the landscaping of the school to be secured.

The following Motions to the Area Managers were tabled:

Motion in the name of Councillor Christy Burke

That this Central Area Committee agrees that the Safe School Zone programme be in place at the school on Sean McDermott Street, as this Councillor has been insisting on this work being carried out since January.

ORDER: Agreed. Report to Councillor.

Motion in the name of Councillor Christy Burke

That this Central Area Committee agrees to reduce the casual trading fees by 50 per cent for the incoming season for street traders, given the loss of income since the onset of Covid 19.

It was proposed to amend the above motion to the following:

That this Central Area Committee agrees to reduce the casual trading fees by 100 per cent for the incoming season for street traders, given the loss of income since the onset of Covid 19.

ORDER: Amended motion agreed. Letter to be sent to the Licensing Unit.

Motion in the name of Councillor Declan Meenagh and Councillor Joe Costello

That this Central Area Committee condemns the recent decision by An Bord Pleanála on the Cross Guns SHD (Old Bakery Site) and that the Central Area Committee calls on the Chief Executive to take a judicial review of this decision as a matter of urgency.

ORDER: Agreed. Letter to be sent to the Chief Executive.

Motion in the name of Councillor Joe Costello and Councillor Declan

Meenagh

That this Central Area Committee call on Dublin City Council to place the 300 year-old stone façade of Washerwoman restaurant, Glasnevin Hill on the list of protected structures.

ORDER: Agreed. Report to Councillor.

Motion in the name of Councillor Joe Costello

That this Central Area Committee calls on the Minister for Housing to include residential apartments in the new planning guidelines prohibiting bulk buying of houses and duplexes; and to allow for up to 50% of homes in apartment developments to be ringfenced for owner occupiers.

ORDER: Agreed. Letter to be sent to the Minister for Housing, Local Government and Heritage.

Motion in the name of Councillor Cat O'Driscoll

That this Central Area Committee requests the manager to follow through on the commitment made to Co-Lab to facilitate an exhibition of their work on the Sean McDermott Street Laundry and to meet with them to discuss practicalities as soon as possible. This Committee also invites Co-Lab to present their work to the July Area Committee Meeting.

ORDER: Agreed. Report to Councillor.

Motion in the name of Councillor Nial Ring

That this Central Area Committee requests an update on the status of the following motion, vis a vis its implementation, passed at the North Central Area Committee and at the last Transport SPC, vis a vis its implementation. "That this Area committee proposes that a voluntary 30kph maximum speed limit trial takes place on two consecutive days (one weekday / one weekend day i.e. Friday / Saturday or Sunday / Monday) within the Dublin City Council functional area. The purpose of the voluntary 2-day 30kph trial would be to raise the public's awareness of Dublin City Council's ongoing Special Speed Bye-Laws procedure and allow them to make an informed submission. The voluntary 30kph trial would only take place if approval is given by Dublin City Council that the impending DCC Special Speed Bye-Laws are sent for statutory public consultation".

ORDER: Agreed. Report to Councillor.

Motion in the name of Councillor Nial Ring

That this Area Committee requests the Area Manager to commission a report as to how DCC can develop, promote and encourage rowing/sailing/kayaking etc. on the River Liffey. It is clear that the river is mostly underutilised and has great potential. Promoting such water based activities would encourage social inclusion, health & wellbeing, community, education, team work, water therapy, new skills, water safety, cultural experience, mental health benefits, all while animating the amazing asset of our City that is the River Liffey.

ORDER: Agreed. Report to Councillor.

Motion in the name of Councillor Nial Ring

That this Area Committee acknowledges the work, effort and expertise of the City Council Planning Department in defending and upholding the integrity and principles of the North Lotts and Grand Canal Dock Special Development Zone (SDZ) planning scheme.

ORDER: Agreed. Letter to be sent to the Assistant Chief Executive, Planning and Property Development Department.

Motion in the name of Councillor Nial Ring

That this Central Area Committee request a report from the Law Agent detailing what, if any, legislation references parking prohibitions relating to parking on footpaths are in force and, to further detail if this or any other legislation extends to parking prohibitions on footpaths of bicycles, e-scooters, motor bikes and any other non-vehicular modes of transport.

ORDER: Agreed. Report to Councillor.

Motion in the name of Councillor Colm O'Rourke

That this Central Area Committee calls on the Office of Public Works (OPW) to examine whether it is feasible to introduce an outdoor gym or calisthenics workout area, for a suitable location in the Phoenix Park.

ORDER: Agreed. Letter to be sent to the Office of Public Works.

Motion in the name of Councillor Janet Horner

That this Central Area Committee supports Make Way Day on September 24th and calls for a campaign and events around the day to raise awareness about the importance of maintaining clear footpaths for accessibility.

ORDER: Agreed. Letter to be sent to Sustainable Mobility and Project, Environment and Transportation Department.

Councillor Colm O'Rourke

Appendix 1

Questions to the Area Managers with replies

Central Area Committee Meeting

8th June 2021

Q1 Councillor Christy Burke

To ask the Area Manager to find the cause of raw sewage and to replace the manhole cover outside (details supplied)

Reply

DCC Drainage recently carried out a thorough inspection of the drainage system serving (details supplied) and adjacent properties. The blockages are resulting from a damaged private outfall manhole located in the public footpath. There may also be issues associated with the private sewer pipework located beneath some of the affected properties.

DCC drainage referred the matter to Irish Water for their consideration. Irish water have since carried out repair works to the manhole in the public footpath. This should offer relief to the affected properties.

Residents are advised to also get their own private drains checked internally for any issues that may contribute to future blockages.

Contact: Cathal Kenny, A/Senior Executive Engineer, Drainage.
Tel: 222 6375.
Email: cathal.kenny@dublincity.ie

Q2 Councillor Christy Burke

To ask the Area Manager when the (details supplied) will be ready for housing stock.

Reply

Dublin City Council has vacant possession on one unit in (details supplied). This unit became vacant in April 2021 and the necessary surveys and works schedules have been completed by the Voids Section in Housing Maintenance. The property is currently being refurbished by a Framework Contractor and is expected to be completed within six weeks.

Contact: Michelle Robinson
Email: [michelle.robinson@dublincity .ie](mailto:michelle.robinson@dublincity.ie)
Tel: 2223517

Q3 Councillor Christy Burke

To ask the Area Manager if the North Inner City will be allocated extra Litter Wardens.

Reply

Dublin City Council has no plans to increase the number of litter wardens in Dublin City.

The Litter Enforcement Manager who is due to take up duty in the next few weeks will liaise with local area management to define priority areas for action and implement enforcement activities in conjunction with the local public domain teams.

Contact: Bernie Lillis, Litter Prevention Officer, Waste Management Services.
Email: bernie.lillis@dublincity.ie

Q4 **Councillor Christy Burke**

To ask the Area Manager to ask Cluid what plans are in place to replace windows in the (details supplied).

Reply

See attached reply from Cluid

Q5 **Councillor Christy Burke**

To ask the Area Manager to outline when works will start and when works will be complete, and the cost it will be to repair/replace items at Sean McDermott Swimming Pool.

Reply

As you are probably aware in February 2020 City Council staff noticed that floor tiles in the pool were beginning to come loose and break away from the pool floor and walls. The pool was closed in March 2020, which coincided with the onset of the Covid19 pandemic. In the past the Council would have carried out the required tiling repairs but over the years the pool floor and walls became a patch work quilt. This proved to be a health and safety concern for all our user groups.

The Council arranged for engineers to carry out an extensive examination of the pool and report on the required works. Complete tiling of the pool is essential, along with drainage and plant room works. The roof is also leaking and in need of repair. Unfortunately, Covid-19 restrictions have delayed the engineering assessment. All pools and leisure facilities in the country were required to close and all non-essential construction work to cease. Opening up works, which are required to enable the engineering assessment to be completed could not proceed.)

From 4 May 2021, construction works have recommenced on non-essential construction sites. On Monday 17 May, the required opening up works have commence at Sean McDermott Street to allow an initial inspection of the roof space and the collection of other information on the required scope of works.

If the required works are confined to tiling of the pool basin, deck and walls, and along with drainage and plant room works we should be in a position to go to tender in Q3 2021. If the inspections next week reveal more serious problems with the Sean McDermott roof (as happened with Markievich pool a few years ago), then the project will inevitably be delayed.

Capital Funding of €700,000 is in place to complete this project.

Contact: Gerard Carty, Senior Sports Development Officer
Email: Gerard.carty@dublincity.ie

Q6 **Councillor Christy Burke**

To ask the Area Manager that an extra public light be placed at (details supplied), as the area is subject to anti-social activity at night time and the extra lighting will help to prevent such behaviour.

Reply

We will investigate the light levels on (details supplied) and if extra lighting is required, we will consider for inclusion on a future lighting improvements programme subject to available finances.

Contact: Dale Donnelly, Assistant Engineer, Public Lighting Services.
Tel: 2224682.
Email: dale.donnelly@dublincity.ie

Q7 **Councillor Christy Burke**

To ask the Area Manager for an update and when works will take place at (details supplied), that new equipment will be installed and to reinstate the ground area, if in need, and any other works that may be required for children to be safe.

Reply

The initial playground programme of works included for equipment repairs and spot resurfacing repairs, where required. These were highlighted during a routine yearly inspection by an independent certified playground inspector. The contractor has since been asked to provide a quote for the complete resurfacing of all safety surfaces and removal of a small amount of hard surfaces along with the replacement of the pedal merry-go-round. If these additional works are approved to proceed, a 4-6 week lead in time will be applicable.

Contact: Stephen Wearen, Projects Unit
Email: Stephen.wearen@dublincity.ie

Q8 **Councillor Christy Burke**

To ask the Area Manager when a new boiler and other works will be complete for the new tenant at (details supplied)

Reply

The Contractor has made arrangements with the tenant to carry out an inspection of the boiler and following on from this any necessary repairs will be done.

Contact: Michelle Robinson
Email: [michelle.robinson@dublincity .ie](mailto:michelle.robinson@dublincity.ie)
Tel: 2223517

Q9 **Councillor Christy Burke**

To ask the Area Manager when will the (details supplied) be open, given the restrictions that have been in place, has a new date been put in place?

Reply

The substantial completion date for the new development at (details supplied) is expected for the end of Quarter 4 2021, with allocations anticipated to start in early 2022.

Contact: Darach O'Connor
Tel: 086 8150528
Email: Darach.oconnor@dublincity.ie

Q10 Councillor Ray McAdam

To ask the Area Manager to provide a report into the plans to (details supplied) as outlined to residents in the area last October, and if he will make a statement on the matter.

Reply

The (details supplied) needs a complete makeover and as part of the re-design a consultation will be held later this year to ascertain the views of the local community. The plan was to initiate the consultation earlier but due to Covid-19 restrictions this has been delayed. The implementation of a plan is not therefore likely until early in 2022.

Contact: Leslie Moore, Head of Parks, Biodiversity and Landscapes Service
Email: parks@dublincity.ie

Q11 Councillor Seamas McGrattan

To ask the Area Manager to upgrade the public lighting on (details supplied) and to repair the damaged road way in the cul-de-sac.

Reply

The public lighting on (details supplied) was replaced with LED lights in 2017. The lighting meets the required standard and there are no plans for further improvements.

Contact: Seamus MacSweeney, Senior Executive Engineer,
Public Lighting Services,
Email: seamus.macsweeney@dublincity.ie

This request for repair of the carriageway on (details supplied) has been added to Confirm, Road Maintenance Services Asset Management Database for site inspection and defect assessment. Any necessary repairs will then be scheduled for completion subject to other defects priorities and when there will be a crew available in this area.

Contact: Ronan Connolly, Executive Engineer, Road Maintenance Services
Tel: 222 2576.
Email: ronan.connolly@dublincity.ie

Q12 Councillor Seamas McGrattan

To ask the Area Manager who owns the (details supplied)

Reply

Dublin City Council is the owner of the area shown shaded pink below (details supplied)

The land to the east and west of the DCC owned land is in private ownership.

Contact: Oliver Hickey, Administrative Officer
Tel: 222 3055
Email: oliver.hickey@dublincity.ie

Q13 Councillor Seamas McGrattan

To ask the Area Manager what dealings Dublin City Council has had in relation to planning issues at (details supplied) and if Dublin City Council has considered buying the property.

Reply

The planning enforcement section has a current, live planning enforcement file relating to these properties.

Following receipt of the recent Board Pleanala decision on the third party section V referral, the owner of this property together with his design team have lodged (18/05/21) an additional section 5 referral to DCC's planning department, taking cognisance of the planner's report and DCC's planner's submission to the Board.

The recent section V referral outlines in greater detail the actual nature and extent of the use of these properties, requesting clarity as to whether the uses/development outlined in the most recent section V submission are or are not exempted development. Further consideration will be given to these matters once a decision is made by the planning department on the owner's section 5 submission.

In relation to any prospective purchase, this property is currently not on the market and if the property was presented for sale, DCC management would assess this possibility in due course.

Contact: Mary Hayes
Tel: 01 222 6611
Email: mary.hayes@dublincity.ie

Q14 Councillor Seamas McGrattan

To ask the Area Manager to put a traffic mirror at the (details supplied) so that vehicles exiting the carpark can see pedestrians coming down the path.

Reply

It is the policy of Dublin City Council not to provide concave traffic mirrors as they give a distorted view of approaching traffic which is potentially hazardous and also because such mirrors attract a high degree of vandalism with associated maintenance costs.

Contact: Seán Callaghan, Central Area Engineer, Transport Advisory Group.
Tel: 222 6397.
Email: sean.callaghan@dublincity.ie

Q15 Councillor Seamas McGrattan

To ask the Area Manager to repair the pot holes on the (details supplied)

Reply

(Details supplied) was patched on Friday 15th May 2021. Defective sections will be permanently reinstated as part of the 2021 Works Programme during July or August 2021.

Contact: Ronan Connolly, Executive Engineer, Road Maintenance Services
Tel: 222 2576.
Email: ronan.connolly@dublincity.ie

Q16 Councillor Seamas McGrattan

To ask the Area Manager to arrange to have the roads and paths swept more regularly in (details supplied)

Reply

Waste Management Services have the above mentioned residential estate swept every three weeks.

Contact: Mick Boyle, Senior Staff Officer, Waste Management Services.
Tel: 222 4240.
Email: mick.boyle@dublincity.ie

Q17 Councillor Seamas McGrattan

To ask the Area Manager for an update into the extension (due to overcrowding) for the tenant in (details supplied) and also for an update to when this property will be insulated.

Reply

Following receipt of this question, an application was sent out by post on 1st June 2021 to the tenant of the above property, As Dublin City Council Adaptation Section had no record of an application on file. There are no insulation works scheduled for the above address for 2021, however a revaluation will be done at the start of 2022 to review works planned for the year ahead.

Contact: Michelle Robinson
Email: [michelle.robinson@dublincity .ie](mailto:michelle.robinson@dublincity.ie)
Tel: 2223517

Q18 Councillor Seamas McGrattan

To ask the Area Manager if Dublin City Council can introduce parking restrictions for residents only along the lower end of (details supplied)

Reply

With regards to the request for parking restrictions for residents only on (details supplied), Dublin City Council cannot provide '*residents only parking*' signs or restrictions on a particular road as there is no legal basis to restrict parking on a public road to the residents of that road. Should residents wish to apply for a Pay & Display & Permit Parking scheme they can do so providing the criteria is met, details of criteria and process in the link below.

<https://www.dublincity.ie/residential/parking-dublin-city-centre/start-parking-scheme>

Contact: Seán Callaghan, Central Area Engineer, Transport Advisory Group.
Tel: 222 6397.
Email: sean.callaghan@dublincity.ie

Q19 Councillor Seamas McGrattan

To ask the Area Manager to put a new big belly bins along (details supplied)

Reply

This location will be considered together with all requests for Big Belly bins when allocating future budgets and planning for the provision of Big Belly bins. Big Belly solar compactors come at a significant cost which means that we are not in a position to fulfil every request to have existing bins swapped for Big Belly solar compactors.

Contact: Mick Boyle, Senior Staff Officer, Waste Management Services.
Tel: 222 4240.

Email: mick.boyle@dublincity.ie

Q20 Councillor Seamas McGrattan

To ask the Area Manager has any pre-planning meetings been held with Dublin City Council in relation to the (details supplied)

Reply

The purpose of Section 247 is to assist potential planning applicants to gain a greater understanding of the planning application process, any relevant regulations and any relevant objectives of the development plan that may impact on the planning authorities decision in relation to applications for the site in question. Dublin City Council keeps a record of consultations held under Section 247 of the Planning and Development Act 2000 as amended. When an application for planning permission is subsequently lodged details of any consultations which were held become part of the planning file and so become publically available at that stage.

Contact: Bryan Ward, Senior Planner
Tel: 222 6169
Email: bryan.ward@dublincity.ie

Q21 Councillor Seamas McGrattan

To ask the Area Manager when will the proposed pedestrian crossing be installed on (details supplied)

Reply

With regards to the proposed Pedestrian Crossing on (details supplied) the design has being finalised. It is envisaged the Pedestrian Crossing will be installed in Q3 of 2021.

Contact: Will Mangan, Acting Senior Executive Engineer.
Tel: 222 5030.
Email william.mangan@dublincity.ie

Q22 Councillor Joe Costello

To ask the Area Manager if the parking issues outlined in the enclosed emails will be addressed:

Reply

Parking and other traffic matters in the (details supplied) are currently under review as part of a neighbourhood transportation study. There have been numerous public consultation processes in an effort to reach agreement with local representatives on the preferred option to proceed. The current feedback has been referred to the Neighbourhood Engineer who will provide an update ahead of the July Area Committee meeting.

Contact: Fergal McKay, Assistant Staff Officer, Administration/Transport Advisory Group.
Tel: 222 2296/3781
Email: fergal.mckay@dublincity.ie

Q23 Councillor Joe Costello

To ask the Area Manager to state the number of housing developments in the (details supplied) that have planning permission but:

- i. Have not yet reached commencement order.
- ii. The number which have commencement orders.

- iii. The number which are still at some stage of the planning process
- iv. The number of all such developments that are SHDs.

Reply

Due to the volume of records that have to be checked on APAS (planning system) we will not be in a position to provide the information to the Council meeting. We will provide the information to the Councillor directly within the next fortnight..

Contact: Greg Bryan, Administrative Officer
Tel: 222 3108
Email: greg.bryan@dublincity.ie

Q24 Councillor Joe Costello

To ask the Area Manager if the laneway at (details supplied) can be cleared out and erect a “no dumping” sign at (details supplied)

Reply

The lane between (details supplied) a closed lane Ref : 13-10. The lane is gated and locked. Dublin City Council will not be in a position to clear it out on a once off basis. The Area Office will arrange for a no dumping sign to be erected on the gate at the entrance to the lane.

Contact: John McPartlan, A/Senior Executive Officer
Email: john.mcpartlan@dublincity.ie

Q25 Councillor Joe Costello

To ask the Area Manager if the park and playground in (details supplied) is monitored daily, as used needles are found there regularly.

Reply

(Details supplied) is monitored on a daily basis and is cleaned in the mornings before opening and again in the evenings before closing. The problem with ‘sharps’ is that they can be indiscriminately thrown over the perimeter railing into the park at any time, day or night making it very difficult to keep the park free from such items. The Park Ranger will increase daily visits with a view removing discarded ‘sharps’ when found.

Contact: Mark Jones, Parks Department
Email: mark.jones@dublincity.ie

Q26 Councillor Joe Costello

To ask the Area Manager to examine the feasibility of having electric charging sockets installed in public lighting standards particularly in the Inner-City Areas where houses open on to streets.

Reply

This matter has been considered in the overall context of the strategic study mentioned in previous replies and which is being finalised. The study sets out modelled EV uptake and consequent grid capacity requirements (ESBN are looking to pilot a number of new technical innovations). It also details numbers and recommended types of chargers required together with suitable business models, capital costs (including anticipated leveraged private sector capital), and areas more suited to Charge Points. However, there still remains some key items that require additional work and consequently the strategy has not as of yet been fully finalised and agreed.

Some of the remaining key items relate to the adaptation of Public Lighting columns for the purposes of EV charging. At present significant works are required to convert a public lighting column to have

EV charging capabilities. These include the installation of the ESB meter and associated mini pillar and ducting. Often it may be the case that the existing cabling does not have the capacity required to facilitate the additional EV loads, or the column itself may not be suitable for EV charging adaptation.

Nonetheless, discussions are continuing as a pressing matter and are ongoing with ESNB, the Department, the 4 Dublin Local Authorities and internally in this fast evolving space, with a view to finalising and agreeing a way forward (to include presentation to Council) at the very earliest opportunity.

Email: martin.maycock@dublincity.ie

Q27 **Councillor Joe Costello**

To ask the Area Manager that when a property is acquired by DCC under Vacant or Derelict sites legislation or under the Revolving Fund system that it be brought to the attention of the local Area Committee before a decision is made on how to deal with it.

Reply

The acquisition of property is an executive function while the disposal of property is a reserved function. Where a property is acquired and subsequently placed on the market a detailed report setting out the reasons for the intended disposal is required to be submitted to the Local Area Committee for approval to submit to Council. With regard to derelict and vacant sites legislation, the Derelict Sites Act 1990 does provide for the acquisition of derelict sites either by agreement or compulsorily but the Urban Regeneration and Housing Act 2015 does not contain such specific powers to acquire vacant sites. Since 2017 the Council has acquired twenty five derelict sites compulsorily. The Council does give consideration to retaining derelict sites compulsorily acquired but only where there is a required use and if it is feasible to do so. To date twenty one properties acquired compulsorily have been retained by the Council under the control of the Housing & Community Services for use as social housing. The majority of properties have been completely refurbished and rendered non-derelict and are now occupied or are currently undergoing refurbishment. To date only one property was placed on the market as it was not considered economically feasible for the Council to retain it. This disposal was subject to the approval of the Local Area Committee in the first instance.

Contact: Nial Dully, Administrative Officer
Tel: 222 3941
Email: nial.dully@dublincity.ie

Q28 **Councillor Joe Costello**

To ask the Area Manager to explain why people who have been approved for an extension are being refused on the grounds that they are "Level 2" and only applicants on level one are being dealt with; if she will state how many people on Level 2 are affected by this decision; and if she will state when a decision will be made on the appeal by (details supplied)

Reply

Revaluations of this application are currently underway. The tenant will be furnished with a letter informing them of the outcome of their application within the next three weeks, when a decision has been reached.

When a file is given Level 2 priority, it recognises that there is a medical need and the application should not be refused. However, due to the more serious medical needs which are awarded Level 1 priority, commitment cannot be given to commencing Level 2 works. There has been 34 Level 2 priority applications.

Q29 **Tel:** 2223517
Councillor Joe Costello

To ask the Area Manager to include (details supplied) in the local Greening strategy and if she will liaise with NEIC Taskforce to ensure it gets similar landscaping as Sean McDermott Street.

Reply

The NEIC Greening Strategy 2018-2026 (Pg. 35-37) contains a large scale re-design concept for (details supplied). This is available to view at http://dklm7jhs8nu2s.cloudfront.net/general/NEIC-Greening_Strategy.pdf?mtime=1573034124

It is the intention that this project will be completed within the lifetime of the strategy subject to availability of funding. Any works carried out under the NEIC Greening Strategy will be of a high standard similar to the landscaping projects completed to date e.g. Sean McDermott St., James Joyce St., Summerhill Median.

In the meantime, (details supplied) is considered to be one of the best streets in the NEIC area in terms of existing green infrastructure. Priority is therefore been given to other streets where there is a deficit of greening e.g. Buckingham St. Funding has been approved in 2021 to carry out a feasibility study for Buckingham St. and that is currently underway. It may be possible to incorporate part of (details supplied) with that project, pending progress on the longer term plan for the entire street.

Q31 **Councillor Cat O'Driscoll**

To ask the Area Manager to meet with the (details supplied)

Reply

The City Council have over the last few months spent a lot of time blocking up areas of the former convent for safety reasons and we are abiding by our Engineers direction that access to the former convent buildings by anyone other than our own technical staff or contractors is not permitted as the safety of persons entering cannot be guaranteed.

Contact: Karl Mitchell, A/Executive Manager
Email: karl.mitchell@dublincity.ie

Q32 **Councillor Darcy Lonergan**

To ask the Area Manager if there are plans in place to resurface (details supplied)

Reply

The resurfacing of (details supplied) was delayed due to Irish Water works. I am informed by IW that have now completed the works. A cellar survey will hopefully start in the next week or so, in advance of the resurfacing work. It is anticipated that the resurfacing work will commence sometime in June 2021. The resurfacing work is circa 2 weeks duration.

Q33 Councillor Eimer McCormack

To ask the Area Manager to investigate and report on the provision of speed ramps along (details supplied). Very long residential road with speeding motorists a problem.

Reply

(Details supplied) is residential in nature, the road itself is naturally traffic calmed, on approach to the entrance from the estate from Kinvara/Ashington Avenue, Dublin City Councils Speed Limit review 30km/hr "Slow Zone" signage is provided and as such, motorists are informed that they are entering a residential area as they turn on to the road. The provision of on street parking on the road offers natural traffic calming by significantly reducing the available carriageway width for motorists and the mature tree lined nature of the estate offers additional traffic calming and increases driver caution. As a result of the above information it is determined that (details supplied) does not warrant the installation of additional traffic measures.

Contact: Seán Callaghan, Central Area Engineer, Transport Advisory Group.

Tel: 222 6397.

Email: sean.callaghan@dublincity.ie

Q34 Councillor Eimer McCormack

To ask the Area Manager to take steps to replace the speed bumps on (details supplied) to the more rounded type and remove the current configuration, which is sharp edged and a danger to cyclists and motorists alike.

Reply

Within the traffic management annual capital works there are a number of implementations including; traffic calming, pedestrian improvements, buildouts, signalised and uncontrolled pedestrian crossings amongst other measures. As with many programmes, the installation of these new measures are prioritised over roads which currently have traffic calming. Depending on available funding, DCC can provide for the upgrading of older ramps to the newer asphalt ramp. Generally funding for such works are provided for by Area Committee discretionary funding.

Email: sean.callaghan@dublincity.ie

Q35 Councillor Eimer McCormack

To ask the Area Manager to provide a report into what action has been and will be taken by Planning Enforcement at (details supplied)

Reply

Following receipt of the recent Board Pleanala decision on the third party section V referral, the owner of this property together with his design team have lodged (18/05/21) an additional section 5 referral to DCC's planning department, taking cognisance of the planner's report and DCC's planner's submission to the Board.

The recent section V referral outlines in greater detail the actual nature and extent of the use of these properties, requesting clarity as to whether the uses/development outlined in the most recent section V submission are or are not exempted development. Further consideration will be given to these matters once a decision is made by the planning department on the owner's section 5 submission.

Q36 Councillor Eimer McCormack

To ask the Area Manager to report on any plans to address the (details supplied). In particular, whether a roundabout at this entrance/exit might alleviate the congestion and assist in avoiding potential accidents.

Reply

The OPW published the Phoenix Park Transport and Mobility Options Report in January 2021, this report was carried out with input from DCC and FCC as well as the NTA. Further details can be found in the following link.

<https://www.gov.ie/en/press-release/064d4-minister-odonovan-announces-publication-of-phoenix-park-transport-and-mobility-options-report/>

Public constitution was carried out in February/ March and a review of the outcomes of this report is currently be carried out by the OPW.

Within the report the (details supplied) has been identified as a "Key Node" where walking & cycling facilities are to be upgraded (see map on P14). The report also proposes to make (details supplied) one way – Entry Only (see map on P16). It is DCC's intention to work with the OPW, Fingal County Council, & the NTA to improve the level of service for vulnerable road users at the external part of the (details supplied) in coordination with the proposed upgrade to the internal road network of the park.

Q38 Councillor Nial Ring

To ask the Area Manager if consideration could be given to a greening strategy for (details supplied)

Reply

(Details supplied) is part of the North East Inner City Greening Strategy. Plans are already in progress, contractors appointed and all materials are procured for (details supplied), works were due to take place in the first quarter of 2021 but were delayed due to Covid-19 restrictions on construction work. The current plan is to be back on site in August 2021.

Contact: Gareth Toolan, Executive Landscape Architect
Email: parks@dublincity.ie

Q39 **Councillor Nial Ring**

To ask the Area Manager if the Ballybough Area will be considered for additional public realm improvement works/greening given the huge commitment, work and success of the Ballybough Pride of Place group in cleaning, tidying and looking after the area.

Reply

The Area Office are highly supportive of the Ballybough Pride of Place group. Area Staff are meeting this group on a regular basis and have agreed a number of significant interventions for this area.

- New trees and shrubbery will be planted in the grounds of Ballybough House.
- A landscaping scheme is at the design stage for Annesley Place and due for installation on August / September
- A landscaping scheme is at the design stage for the central medium at the junction of Poplar Row and Ballybough Road and due for installation in June / July
- The suicide plot is due to be re organised and replanted.
- Six additional mahogany planter units have been purchased and will be planted to a high standard for placement at the new houses on the Clarkes Bridge and on Poplar Row.
- Wild garden Ballybough Road & Sackville Avenue. Work to start by 7th June.
- Additional works are under consideration for Spring Garden Street

The Ballybough Tidy Pride of Place group has been grant aided by the Area Office and are regularly stocked with cleaning equipment. They have also received flowers, paint and signage from us.

Q40 **Councillor Nial Ring**

To ask the Area Manager to detail the (details supplied)

Reply

The target for this funding was to replace any long term temporary reinstatements located on the street with the correct surface materials. Road maintenance have been approached with regard to ascertaining what can be procured and achieved within the budget.

Additionally, a number of benches were removed during LUAS works which were located at the various monuments along the street. The Public Realm team were approached and advised that

given the proximity to the LUAS these locations would be unsafe. Likewise, space is very limited between the carriageway and private landings. Further engagement for an alternative is ongoing.

Q46 Councillor Colm O'Rourke

To ask the Area Manager to request that a notice be given to residents in the area to not park their vehicle at (details supplied) before the gullies are planned to be cleared at this location. Every time that Dublin City Council makes efforts to clean the gullies, there are vehicles blocking them, and they have not been cleared. This has resulted in the road becoming flooded after heavy rain.

Reply

The gullies outside (details supplied) were successfully cleaned by members of the Gully Cleaning Crew in the *Surface Water & Flood Incident Management Division* on 31/05/2021.

Contact: Richard Sheehy, Senior Executive Engineer, Surface Water and Flood Incident Management.
Email: richard.sheehy@dublincity.ie

Q47 Councillor Colm O'Rourke

To ask the Area Manager that flowers be planted at (details supplied) as the flower bed is empty here at the moment.

Reply

The flowerbeds in question are scheduled to be planted up with Summer Bedding over the next two weeks.

Contact: Mark Jones, Parks Department
Email: mark.jones@dublincity.ie

Q48 Councillor Colm O'Rourke

To ask the Area Manager to request information regarding the status of a Dublin City Council owned house at (details supplied) and if a social housing applicant would be eligible for the property.

Reply

The above applicant is on the Transfer Housing List in receipt of Homeless HAP with an application date of 03/11/2008, and the applicant holds the following positions on this list:

Area	Bedsizes	Position
Area E	2	6

The applicant will be considered for offer when accommodation to meet her household need becomes available and according to her position on the list.

(Details supplied) is not currently available for a tenancy as it is not a void. I have noted the applicant's interest in same should it become available.

Dublin City Council allocates properties based on time on the list and currently there are applicants of longer standing who have to be considered as suitable vacancies arise. It is not possible to indicate accurately the prospect of an offer for any applicant. The number of vacancies arising will be a determining factor in the length of time applicants could expect to be on the waiting list.

Tel: 2222639

Email: cathal.daly@dublincity.ie

Q49

Councillor Colm O'Rourke

To ask the Area Manager that several measures be put in place at (details supplied) to tackle the dog fouling issue here due to dog owners not being responsible.

Reply

Please be advised that the issue of dog fouling is fully on our agenda. In the most recent Climate Action, Environment and energy SPC, councillors agreed to form a subcommittee in response to concerns, to consider and devise additional steps to take. Prevention, awareness and enforcement strategies will be considered by the subcommittee.

The City Council launched a dog fouling media campaign last year and it has been rolled out again in recent months using the tag line "It's everybody's Business". The campaign includes signage on bins, lamp posts, buses, press releases, radio and social media. We are currently trialing a new pilot which is a motion action speaker system advising the public to clean up after their dog. The Green Dog Walker scheme which originated in Scotland has been adopted by Dublin City Council. It is a pledge scheme, whereby people sign up to become a responsible dog walker, cleaning up after their dogs and offering dog bags to owners.

We will ensure that the above mentioned location is included in the various measures to tackle the dog fouling issue there. Our litter warden will include this location as part of his regular patrol.

Reply

A letter has been forwarded to the ESB and the Councillor will be informed when a reply is received.

Contact: Ursula Donnellan, A/Senior Executive Officer, Central Area

Email: Ursula.donnellan@dublincity.ie

Q57 Councillor Janet Horner

To ask the Area Manager to examine the merits of closing off the lane between (details supplied) or any other approaches to dealing with anti-social behaviour here?

Details: 23 & 24 Fairfield Avenue, East Wall

Reply

The lane between (details supplied) is not in charge to Dublin City Council Ref : 15-034. The residents can, by agreement with the houses that have access to the lane, put up a gate at the entrance to the lane. Planning permission for the gate is not required once the gate does not exceed two metres in height.

Contact: John McPartlan, A/Senior Executive Officer

Email: john.mcpartlan@dublincity.ie

Q58 Councillor Janet Horner

To ask the Area Manager to provide maintenance to the (details supplied) and landscaping improvements to provide a welcoming atmosphere here?

Reply

Road Maintenance Services have a term maintenance contract whereby the (details supplied) is regularly inspected and any defective boards are replaced. The contract also includes regular power-washing of the (details supplied) to remove detritus.

The discolouration of the (details supplied) is due to the fact that it's in excess of 20 years old and the timber has naturally discoloured with the aging process. It cannot be painted, as this would simply be removed by the power-washing process.

Contact: Ronan Connolly, Executive Engineer
Email: ronan.connolly@dublincity.ie

The (details supplied) is currently well furnished with planted planters (specimen Palms) and in addition the summer floral hanging basket display is programmed to be installed over the next two weeks.
