6 Report on Housing Allocations

6. Report on Housing Allocations & 8. Motion in the name of the Lord Mayor Cllr Alison Gilliland

The Housing SPC recognises the importance of our housing waiting lists working as effectively and efficiently as possible for those who qualify for social housing. Since the introduction of the Housing Assistance Payment (HAP) scheme, Dublin City Council has sought to ensure that those in receipt of HAP are not disadvantaged in terms of waiting time for social housing.

Applicants who avail of social housing support through the HAP scheme are placed on the transfer list in line with s.37, Part 4 of the Housing (Miscellaneous Provisions) Act, 2014 “the provision of housing assistance under this Part shall be deemed to be an appropriate form of social housing support for a household that is determined by a housing authority to be qualified for such support”.

The transfer list has ceased operating effectively and has caused frustration for HAP applicants and for social housing transfer list applicants given the constant 'moving' of one's place on the list. Therefore the Housing SPC agrees to a review of the current approach to providing an effective waiting list approach for those in receipt of HAP with a view to making it more effective.

The Lord Mayor explained the context of the motion.
The following themes were discussed under agenda points 6 & 8;
