- 7 College Green verbal update - Patricia Reidy Senior Engineer City Centre Projects

Patricia Reidy Project Manager for the College Green Project gave a presentation and update on the College Green Project. With the extension of the project to include a wider area following public consultation in favour of a larger footprint, it was necessary due to procurement rules to go to tender again for design consultants. More definitive timelines in relation to the project will be given once the design consultants have been appointed, hopefully in early 2023. Patricia Reidy and Brendan O'Brien answered questions by members in relation to delays, communications issues, procurement, timelines accessibility, bus routes, bus stops etc.

Noted.

- 8 School Mobility Report - Niamh Ni Cholmain, Schools Mobility Outreach Officer.

Niamh Ni Cholmain, Schools Mobility Outreach Officer gave an update report and presentation on Scholl Mobility project.

Members acknowledged the amount of work done by Niamh and Antonia Martin in relation to school zones. Any additional questions that Members may have can be emailed to Niamh.nicholmain@dublincity.ie for reply.

Presentation to be circulated to members.

Members requested that this SPC group write to An Garda Síochána for their support in relation to the schools zones project.

- 9 Report from Active Travel Office - Chris Manzira, Deputy Director for the Active Travel Programme.

Chris Manzira Deputy Director for the Active Travel Office updated members with a presentation on Active Travel Programme. CM advised that Active Travel Office will be launching their communications strategy on 14th October with more detailed information on projects.

Members were asked to email CM with any questions they have on the presentation to activetravel@dublincity.ie and replies would be circulated to members. MH to circulate the presentation to members.

Noted.

- 10 Presentation by Metro South West Group - Seán Ward Metro South West Group.

Séan Ward member of the Metro South West Group who represents 39 residents groups between red and green line gave a presentation which was given to Min. Eamon Ryan previously in May 2022 outlining their issues and concern regarding the current Metro Link interchange at Charlemont. The presentation outlined the benefits in requesting that the government direct TII to amend their plans and

change the interchange from Charlemont to St. Stephen Green East

Cllr Conroy requested the information be held by Dublin City Council and brought to the attention of NTA and metro link as this is a major project affecting the Capital City.
