DUBLIN CITY COUNCIL
SOUTH CENTRAL AREA COMMITTEE
16th April, 2025

M070 Councillor Ciaran O Meachair

This Area Committee believes there has been a noticeable increase in waste gathering and rubbish dumping in Ash Grove, The Coombe, Dublin 8. This Area Committee requests that Ash Grove be inspected for rubbish by Dublin City Council on a more frequent basis, that rubbish be removed where necessary, that the area is power washed where necessary and that persistent rubbish dumpers are held to account by Dublin City Council.

M071 Councillor Ciaran O Meachair

This Area Committee supports the maintenance and preservation of any green and white Cló Gaelach road signs that remain in the South Central Area and does not believe any more should be permanently removed.

M072 Councillor Ciaran O Meachair

This Area Committee welcomes the commitment of Dublin City Council to take control of the Quaker Burial Ground on Cork Street. This Area Committee requests a timeframe for when conservation work will take place be published. Furthermore this Area Committee notes proposals to use the building on site (owned by the HSE) to be used as housing and calls for Dublin City Council to cooperate with other relevant parties to ensure this happens.

M073 Councillor Vincent Jackson

That Dublin City Council acknowledges the huge amount of development coming to the Bluebell Area of Dublin 12 and needs of this area in relation to looking for services other areas take for granted such as Doctors surgery, expanded children's and youth services, proper traffic management, policing, education provision, retail etc. We need DCC to become a strong advocate for the area. People are tired here and need community development staff based in the area.

Executive Manager South Central

2. Agreed. Recommend to Council.
3. Refer to South East Area.**

7 **Emergency Motions**

The order of business was suspended to deal with the following Emergency Motions:

Emergency Motion 1 - Councillor Hazel de Nortúin

This Area Committee is aware that there has been an increase of Anti-social behaviour, intimidation of the community and vandalism of public spaces within the Bluebell area. We as an area committee condemn this behaviour and we request that DCC's relevant departments meet with Cllrs to see where at a Local authority what can be done.

Order: Agreed.

Emergency Motion 2 - Councillor Ray Cunningham

The Springvale Grove housing complex was officially opened in May 2024 by Lord Mayor Daithí de Róiste. The complex includes a community facility which is to have the 139th Chapelizod Scout Troop as anchor tenants. This facility has been ready to use since last May, and the council approved the lease at the beginning of October, and the Scouts were expecting to have the use of the facility before Christmas, but the handover has been subject to constant delays. All of these holdups have been on the council side, there has been no sense of urgency, no appreciation of the fact that there are people waiting to use this building.

The final handover was supposed to happen last week, but now there is another delay. A door that was visibly damaged when the complex was officially opened in May of last year has not been repaired, and the lease can't be signed until the repair is complete. It will be 12 months between the ribbon-cutting ceremony and the Scouts finally gaining access to the hall. Unless there is a further delay, which at this point would not surprise me.

This meeting deplores this series of delays, and urges everybody working on this project to hand over the facility as soon as possible.

Order: Agreed.

8 **March 2025 Motions**

DUBLIN CITY COUNCIL
SOUTH CENTRAL AREA COMMITTEE
19th March, 2025

M064 Councillor Vincent Jackson

This Committee requests that as part of the Bus Connects project which will happen in Ballyfermot over the next 2 to 3 years, that DCC please ensure in tandem with these works, that the long awaited village improvement would happen at the same time, in order to improve the retail and amenity value of the shopping district. Bad planning by DCC over

many years has not helped the area and this will be a once in a generation opportunity to help improve the area.

Order: Agreed.

M065 Councillor Vincent Jackson

That this Committee request that the DCC owned lamp posts in the Ballyfermot area be repainted as its years since some have got a lick of paint, in particular lamp posts on Blackditch Road, Blackditch Drive, Cleggan Park, Cleggan Avenue and Cleggan Road Ballyfermot. Can the ESB be asked to look at their lampposts also as they are in very poor condition.

Order: Agreed.

M066 Councillor Vincent Jackson

That this Committee, in view of the constant scourge of scrambler bikes in our communities, what effective measures are DCC looking to bring in to address this problem before someone is killed walking / playing in our Parks. Residents cannot believe that we won't put in security cameras etc. to try and address the situation.

Order: Agreed.

M067 Councillor Ray Cunningham

This Committee notes, when Drimnagh was built, every street in the area was lined with trees. These trees helped clean the air, provided shade, and were a support to local wildlife. They also made the streets more attractive and made people feel like the area was being looked after. Over the years, many of the original trees have been lost, to age, disease, or accident, as is to be expected. But these trees are not being replaced when lost, and Drimnagh is being progressively denuded of trees. The local environmental group, Tidy Drimnagh, has volunteers who would like to help replace and look after the trees, and have even raised funds to help pay for these trees. This Committee asks the Parks Department and Public Realm to work with Tidy Drimnagh to identify locations where trees can be replaced, and varieties suitable for those locations, and to replant as many as possible this coming winter.

Order: Report Noted.

M068 Councillor Ray Cunningham & Cllr Michael Pidgeon

This Committee notes the serious, ongoing traffic issues in Chapelizod village, that are endangering pedestrians and cyclists, including the many children going to school in the village. In 2022, an AECOM Traffic Report was commissioned by DCC and it suggested the only solution for the through road via the village is a one-way system which would effectively block off access to motorised vehicles wishing to proceed from the Castleknock area down Knockmaroon Hill and on toward the city centre. This plan has the support of the Chapelizod steering committee, and was supposed to have a six-month trial last year. This Committee calls on the council to take whatever steps are necessary to ensure that the trial happens this year, starting in September.

Order: Agreed.

M069 Councillor Ciaran Ó Meachair

This Area Committee notes that there are to be a total of 137 public housing apartments in the new Emmet Road development. There has been an indication now that 91 of these will be in Block C. Consultation to this point has suggested that social homes would be dispersed throughout the whole development and there would be no segregation (i.e. pepper-

potting of housing). This Area Committee calls for pepper-potting to be done as part of this development and confirmation from Dublin City Council that this will be the case. Furthermore, residents have requested that the hoarding to be erected around the site would be permeable at the canal end of the site as there is some concern for public safety if the hoarding causes a visual blackspot.

Order: Report Noted.

DUBLIN CITY COUNCIL
SOUTH CENTRAL AREA COMMITTEE
19th March 2025

Q1 Councillor Ray Cunningham

To ask the Director of Services if a pedestrian crossing will be installed between Lidl and Walkinstown Park on Walkinstown Avenue. This was being investigated last year, but there has been no update since. If a pedestrian crossing is not going to be installed, could the council install bollards or planters outside the park? The footpath is regularly blocked by illegal parking, forcing wheelchair users and parents with buggies to walk on a very busy road to access the park. Parking enforcement at this location is non-existent, a physical barrier is required to keep the path clear.

Reply

Dublin City Council are currently rolling out Lot 1 of the Pedestrian and Zebra Crossings as part of the Pedestrian and Zebra Crossings 2024 project. A Pedestrian Crossing on Walkinstown Ave is on the list of Crossings for Lot 2 of this project. This proposed Crossing is to be located adjacent to the park entrance beside the Lidl Supermarket and footpath works are to be included as part of the design.

The design for this Crossing is due to be completed in Q3 of 2025. However, currently there is no available funding for the installation of all Crossings in Lot 2 but once funding is obtained this program will be implemented.

Q2 Councillor Ray Cunningham

To ask the Director of Services to install additional barriers on the footpath on Cromwellsfort Road opposite the Ashleaf. The existing barriers are not enough to stop delivery drivers parking on the footpath all through the day, causing an obstruction for pedestrians.

Reply

Pedestrian barriers are not favoured in preventing parking on the footpath. It is illegal to park on the footpath under Road Traffic (Traffic and Parking) Regulations 1997 section 36:2:i "A vehicle shall not be parked - on a footway, a grass margin or a median strip;"

Instances of illegal or obstructive parking should be referred to Dublin Street Parking Services, DSPS (email info@dspd.ie or tel. no. 01 602 2500) or an Garda Síochána for enforcement. **TAMS Ref. No. 7044891**

Q7 Councillor Ciarán Ó Meachair

To ask the Director of Services if he can ensure more frequent cleaning and monitoring of St. Anthony's Road/Reuben walk junction for rubbish as the area has become a magnet for illegal dumping.

Reply

Waste Management Services will ensure that the above mentioned junction is monitored and cleaned on a more regular basis.

Q8 Councillor Ciarán Ó Meachair

To ask the Director of Services for an indication as to when the walkway beside the LUAS at James' Walk/Rialto Bridge will be reopened. At a recent meeting involving Residents around the new NCH and a representative of BAM, it was indicated that BAM have no objection to the walkway reopening now as they have finished works at that side of the hospital. Could a timeframe for reopening be outlined?

Reply

Parks have made contact with BAM to arrange a site visit to review the status of the external areas that will come back into Parks charge. The above request can be raised at this meeting. Once this meeting has happened the councillor will be updated.

To ask the Director of Services for confirmation that tendering documents have been issued for works to take place on Donore Community Centre.

Reply

The Architect led Integrated Design Team appointed to the Donore Youth and Community Centre refurbishment committed to having the tenders ready to be issued for 10th March.

Unfortunately the design team wrote to Dublin City Council on 4th March to inform the Council that they would miss this deadline and the tender documents would not be ready for issuing until 19th March.

The Design Team have ensured they will not miss the new date.

Q11 Councillor Ciarán Ó Meachair

To ask the Director of Services if DCC could ensure that the area around Heuston Station could be made more pedestrian and cycling friendly, and to outline plans to create the high quality Western Gateway to the city with new urban plazas such Heuston Square as set out in the Development Plan.

Reply

The guiding principles set out in SDRA 7 – Heuston and Environs of the Dublin City Development Plan 2022-2028 recognises the importance of improving the public realm and transport interchange improvements to the lands to the front of Heuston Station as well as improving the pedestrian and cycling connections in this area.

The Planning Authority will work closely with Irish Rail, National Transport Authority (NTA) and Transport Infrastructure (TII) and other relevant stakeholders to facilitate such improvements to this area.

The Planning GIS system indicates that there are no current planning applications for any such development in this area. The record of any relevant S.247 pre-application meetings including details of attendees and key issues raised shall be placed on the public planning file should a relevant planning application be submitted in due course.

To ask the Director of services for on an update on the progress of the painting of green lamp posts along the South Circular Road (From SCR Dolphins Barn to SCR Leonard's Conner). In October South Central Area Committee meeting, I was informed that it will be on the list for painting in 2025, when will the painting work begin?

Reply

It was agreed, as mentioned in the question above, that the green lampposts along South Circular Road from Dolphin Barns Road to Leonards Corner would be added to the list for painting in 2025.

An exact timeframe cannot be provided at present except to say that it is intended to carry out the painting of the lampposts during the summer months.

Q21 Councillor Daithi Doolan

To ask the Director of Services to give an update on traffic calming measures for Chapelizod, in particular, those plans for the immediate area around the national school.

Reply

The Transport Advisory Group (TAG) are actively considering all available options for the Chapelizod area given the recent meeting with local representatives.

The traffic signals at the junction of Main Street and Chapelizod Road (Mullingar House junction) have been adjusted to provide an all-stop for pedestrians. The damaged barrier at this location has been repaired and all line marking in the vicinity of the junction has been scheduled for renewal. Following recent speed surveys taken in the area, vehicular speeds were found to be within the enforceable limit. Double yellow lines will be put in place at several narrow pinch-points to reduce vehicles mounting footpaths, damaging parked vehicles and poor driver behaviour. However, adjustments to parking and other measures to keep vehicle speeds low are being developed.

TAG and the DCC Traffic Section will continue to keep Councillors updated on all developments and to work with them regarding the traffic situation in Chapelizod.

Q22 Councillor Daithi Doolan

To ask the Director of Services to erect 30km traffic signs along Cherry Orchard Avenue.

Reply

Repeater speed limit traffic signs are not provided by Dublin City Council. Speed limit signage is provided in every instance where the speed limit changes and the nearest corresponding signage for Cherry Orchard Avenue can be found at the junction of Kylemore Avenue and Kylemore Road to the east and the junction of Ballyfermot Road and Clifden Road to the north.

However, noting that these signs are quite far from Cherry Orchard Avenue, "30kph roundel" road markings are recommended on Cherry Orchard Avenue: one at the junction of Cedarbrook Way / Cherry Orchard Green and Cherry Orchard Avenue and the second at the junction of Raheen Park and Cloverhill Road / Cherry Orchard Avenue. **TAMS Ref. To ask the Director of Services for a report into what happened with the planning process concerning the Curlew Road public health care centre, whereby a 'glitch' in the system excluded some planning observations were submitted and has the 'glitch' effected the processes surrounding other planning permissions that were sought.

Reply

We did experience an IT glitch around that period which resulted in one of the observations for Planning Application Web2678/24 (*Curlew Road Health Centre, Mother McAuley Day Care Centre, and Alzheimer's Society of Ireland at Curlew Road, Dublin 12*) not being brought across to our system. But we run a daily report that shows the online observations that were submitted the previous day. This report also identifies any issues that may have arisen with the submission of an observation, which allows us to contact the person who experienced the problem. In this case, we contacted the applicant and requested that they submit their observation via email. They consequently submitted their observation which was processed, published online and taken into consideration by the relevant Planner dealing with the Planning Application.

This would also apply to all other planning applications.

To ask the Director of Services to outline in detail how does DCC intend to spend the €300,000, agreed as part of the DCC Capital Budget, on redevelopment of Ballyfermot Crescent green and how will residents be consulted with?

Reply

The area office carried out engagement with the local residents and got a very clear overview of what their priorities are for the open space. The area office is working with the Parks Department to develop a design that reflects those views with the budget available. It is intended to involve the local community in the planting when it takes place.

Q 30 Councillor Vincent Jackson

To ask the Director of Services can the Housing Department please explain why people waiting years for accommodation are never contacted regarding possible vacancies? Are we satisfied our current system of allocations approved by the elected members gives those waiting years living in parent's houses a fair chance of accommodation or would they be better presenting at homeless services looking for emergency placements. Can the manager indicate why it's not possible to give a rough indication of when someone will be in contention for suitable accommodation having waited year on the list?

Reply

Dublin City Council advertises the majority of available properties through the Choice Based Letting system. All housing applicants on the waiting list were informed of this in writing and given the details for the Website link. So far the feedback from applicants and elected members has been positive. There are some available properties where DCC Allocations will contact an applicant directly with an offer, in the main this applies to properties designated for older persons, accessible / adapted properties and in areas with specific demands. As previously notified to the Housing SPC, DCC has increased the number of properties advertised on Choice Based Lettings, in line with the Department of Housing policy.

DCC is satisfied that the Scheme of Lettings priorities is operated fairly and all properties are let in accordance with the Scheme, based on time on the list.

Unfortunately, it is not possible to indicate accurately the prospect of an offer for any applicant. The number of vacancies arising will be a determining factor in the length of time applicants could expect to be on the waiting list. Applicants can check their position on list on line via DCC Housing Online portal. I have included below for information, the waiting times on list for current applicants broken down by area and bedroom requirements.

If an applicant is successful in being selected for a property they will be contacted by a member of the Housing Allocations team.

Q 31 Councillor Vincent Jackson

To ask the Director of Services please ensure that the paths in Spiddle Park, Ballyfermot and the green at Drumfinn Park, Ballyfermot have the paths kept clear of overgrowth weeds etc. All too often the areas can become run down with little maintenance.

Reply

Parks can arrange treatment of the paths at the above mentioned parks to clear weeds etc.

Q 33 Councillor Vincent Jackson

To ask the Director of Services to note that we are still awaiting our on-site meeting with traffic personnel for the Chapelizod area of Dublin 20. I am aware there is no easy solution, however residents, school personnel want all to see at first-hand what happens here on a daily basis.

Reply

The Area Office will liaise with traffic personnel to follow up on arranging the meeting.

Q 34 Councillor Vincent Jackson

To ask the Director of Services to please look at trying to provide a bring centre for the Ballyfermot, Cherry Orchard, Chapelizod area of Dublin West? For years people have been looking for such a service without success if Ireland is to reach re-cycling targets we need to re-use items many currently throw out in skips etc.

Reply

Waste Management Services currently provides a Bring Centre on Kylemore Park North, Dublin 10. Waste Management Services have previously attempted to identify a site suitable for the development of a larger facility in the area but have been unsuccessful to date.

Contact: Barry Woods, Head of Waste Management (Acting).

Q35 Councillor Darragh Moriarty

To ask the Director of Services for an update to March 2024 question in relation to installation of public bins or dog waste bins along the canal between Blackhorse and Suir Rd. The response from March 2024 stated: "Waste Management Services will survey the bin needs of the above mentioned area and install some bins where appropriate." Can the details of this survey please be shared and the outcome?

Reply

The above mentioned canal walkway is looked after by Waterways Ireland and any request for litter bins there should be made directly to them.

Q23 Councillor Ammar Ali

To ask the Director of Services (*details supplied*)

Q24 Councillor Ammar Ali

To ask the Director of Services for the repair of damaged planted raised flower bed (*details supplied*)

Q25 Councillor Ciarán O Meachair

To ask the Director of Services for an explanation as to why 15 bollards were installed on Southern Cross Avenue, while at the same time a traffic island was removed. Further to this, a 50 km/h sign was erected at the end of the road which is a far higher speed than cars would normally travel on a residential road such as this, can this speed limit be reduced? Can the Director of Services indicate what consultation was done with residents on Southern Cross Avenue ahead of implementation of these changes.

Q26 Councillor Vincent Jackson

To ask Director of Services that last year I reported the following (*details supplied*)

Q27 Councillor Vincent Jackson

To ask the Director of Services for the public Light outside number 88 Lally Road, Ballyfermot, Dublin 10 be repaired, neighbours have reported it on a number of occasions without any success in having the repairs carried out. Can I ask that the bulb be replaced?

- Q28 Councillor Vincent Jackson**
To ask the Director of Services about my report of loose paving outside the Roma Take-Away on Le Fanu Road Ballyfermot, Dublin 10 (report made approx. 12 months plus ago) At the time I was told when a team was available the works would be carried out. I regret the loose paving was never repaired and is a serious accident waiting to happen. Over the cold nights, water trapped and freezing leaves the area like a skate rink.
- Q29 Councillor Vincent Jackson**
To ask the Director of Services to please look at *(details supplied)*
- Q30 Councillor Vincent Jackson**
To ask the Director of Services to please look at *(details supplied)*
- Q31 Councillor Vincent Jackson**
To ask Director of Services to look at removing the filthy Clothes and Glass banks from the Car-Park of BCFE / Tesco Car Park Ballyfermot Road Dublin 10. I regret that these banks can have 15 – 20 bags of waste left beside on some mornings, CDETB staff are refusing to clean up their own car park due to volumes of waste blowing all over the area. Going forward we need a proper screened area with CCTV to address the re-cycling issue. I operate from Ballyfermot Sports Complex and we have glass re-cycling banks and are constantly left with large volumes of waste of which we have to pay to have removed.
- Q32 Councillor Vincent Jackson**
To ask the Director of Services to as the Planning Department to please explain if we as citizens can now build anything we want in our front and rear gardens? I am looking at seriously detachment from the streetscape, with 6 foot garden walls being built, large gates, lean-to from the side of houses all detaching from view and creating blind corners. I have long had a problem with allowing too many houses being built on large corner sites and have many examples to show very poor planning decisions.
- Q33 Councillor Vincent Jackson**
To ask the Director of Services to please look at *(details supplied)*
- Q34 Councillor Vincent Jackson**
To ask the Director of Services to please look at *(details supplied)*

To ask the Director of Services to please look at *(details supplied)*
- Q36 Councillor Darragh Moriarty**
To ask the Director of Services to please provide an update on the Bridgefoot Street Court Project. The project appears on pg.85 of Dublin City Council Capital Programme with an allocation of €956,500. Can the Director please provide a detailed breakdown of this budget? What amount is allocated to a design team, to direct construction costs etc. Can the Director further advise if a design team has been appointed to the project?

Q37 Councillor Darragh Moriarty

To ask the Director of Services to please maintain and even build upon increased street sweeping between Leonard's Corner/South Circular Road and Dolphins Barn/SCR junction. Following constructive engagement between residents and waste management, residents report a noticeable uptick in street sweeping. Can DCC also please increase footpath cleaning along this stretch? Can you confirm that this level of cleaning is now fixed in the schedule?

Q38 Councillor Darragh Moriarty

To ask the Director of Services for DCC to install an additional public street light at **(details supplied)** where there has been an increase in car break ins. This was previously raised by me in May 2021 and the response received then was that the low pressure orange lighting opposite would be replaced with LED. That that was 4 years ago and the issue persists. Can DCC please re-examine this location and install the additional light as urgently requested by local residents?

Q39 Councillor Darragh Moriarty

To ask the Director of Services to please explain why two public litter bins were removed in the Kilmainham area and to confirm when they will be reinstated **(details supplied)**.

Q40 Councillor Darragh Moriarty

To ask the Director of Services to ensure regular cleaning and maintenance of the greenspace now in place of the demolished long block in Dolphin House. The fenced off greenspace is overgrown and full of litter and I understand the issue of who is responsible for maintaining and cleaning this area is being kicked back and forth by DCC's Housing Department and the Area Office. The end result is a mess right on the doorstep of residents. Can you please ensure whoever is responsible for cleaning it and maintaining it does so regularly?

Q41 Councillor Ammar Ali

To ask the Director of Services to arrange for a traffic survey to be conducted on Merton Park and Dufferin Avenue, Dublin 8, to assess the effectiveness of current traffic calming measures and develop a plan to improve traffic calming in the area, ensuring adherence to one-way system on Merton Park and speed limits on both Merton Park and Dufferin Avenue.

| 1 | 7044863 | TAG General Engineer Query | CHERRY ORCHARD AVENUE (SC) | Dublin 10 | 30kph roundels recommended | Recommended | Repeater speed limit traffic signs are not provided by Dublin City Council. Speed limit signage is provided in every instance where the speed limit changes and the nearest corresponding signage for Cherry Orchard Avenue can be found at the junction of Kylemore Avenue and Kylemore Road to the east and the junction of Ballyfermot Road and Clifden Road to the north. However, noting that these signs are quite far from Cherry Orchard Avenue, "30kph roundel" road markings are recommended on Cherry Orchard Avenue: one at the junction of Cedarbrook Way / Cherry Orchard Green and Cherry Orchard Avenue and the second at the junction of Raheen Park and Cloverhill Road / Cherry Orchard Avenue. | Member of the Public | 11/03/2025 | 0 |
| 2 | 7044872 | Speed Ramps | INCHICORE TERRACE SOUTH (SC) | Dublin 8 | request Ramps to prevent delivery vehicles from speeding through this laneway. | Not Recommended | Following an assessment, the Transport Advisory Group (TAG) area engineer has found that the laneway behind 17-30 Inchicore Terrace South is 100m long. The criteria for the installation of speed ramps are as follows: •The road should have a straight run of approximately 200 metres. •The 85th percentile speed (speed exceeded by 15% of vehicles) should exceed the posted speed limit. •Traffic volumes should exceed 60 vehicles per hour. •There should be genuine road safety concerns based on accident statistics or observed road safety patterns or a written report from an Inspector of the local Garda Síochána. As this laneway does not have a 200m straight run, no speed ramps are recommended at this time. | Councillor | 11/03/2025 | 0 |
| 3 | 7044961 | Bus Infrastructure | JAMES'S STREET (SC) | Dublin 8 | Bus priority measures including Bus Lane Change of hours. | Recommended | Change the days of operation of the inbound and outbound bus lanes on James's St, between the hospital entrance/Luas stop and the Watling St intersections, 0700-1900 Monday-Sunday (currently 0700-1900 Monday-Saturday). | Internal | 19/03/2025 | 0 |
| 4 | 7044962 | Bus Infrastructure | THOMAS STREET (SC) | Dublin 8 | Bus priority measures including Bus Lane Change of Hours. | Recommended | Change the days of operation for both the inbound and outbound bus lanes on Thomas Street, between the Watling Street and Bridge Street Upper intersections, to 0700-1900 Monday-Sunday (currently 0700-1900 Monday-Saturday). | Internal | 19/03/2025 | 0 |
| 5 | 7044964 | Bus Infrastructure | HIGH STREET (SC) | Dublin 8 | Bus priority measures including Bus Lane Change of Hours. | Recommended | Change the days of operation of the outbound bus lane on High Street, between the Bridge Street Upper and Nicholas Street intersections, 0700-1900 Monday-Sunday (currently 0700-1900 Monday-Saturday). | Internal | 19/03/2025 | 0 |
| 6 | 7044968 | Bus Infrastructure | SAINT LUKE'S AVENUE (SC) | Dublin 8 | Bus priority measures to include No Left Turn. | Recommended | Install No Left Turn signage on St Luke's Avenue at The Coombe intersection. Currently, the road markings only allow for a right turn, however, the signage will further enforce this. | Internal | 19/03/2025 | 0 |
| 7 | 11160158 | Disab Park Bay General | FUMBALLY LANE (SC) | Dublin 8 | regarding Disabled Parking Bay. | Recommended | Following an assessment, a Disabled Persons Parking sign (F204) is recommended for the disabled parking bay on Fumbally Lane. While no changes are recommended to the layout or surface of the bay itself, it is recommended to repaint the existing measures. | Member of the Public | 30/05/2024 | 0 |

| 8 | 11165896 | Double Yellow Lines | THOMAS MOORE ROAD (SC) | Dublin 12 | request parking restrictions. | Recommended | <p>Following an assessment, the Transport Advisory Group (TAG) area engineer noted that there is little issue with visibility at these locations. Furthermore, it is illegal to park within 5m of a junction. Under Road Traffic (Traffic and Parking) Regulations 1997 section 36:2:c "A vehicle shall not be parked - within 5 metres of a road junction;" Instances of illegal or obstructive parking should be referred to Dublin Street Parking Services, DSPS (email info@dspis.ie or tel. no. 01 602 2500) or an Garda Síochána for enforcement.</p> <p>However, it was noted that a yield line, sign and marking are absent from the junction of Thomas Moore Road and Balfe Road. These measures will be provided, along with a continuous centre line of 10m in length will be provided to help alleviate parking issues.</p> | TD | 26/09/2024 | 0 |
| 9 | 11166284 | Single Yellow Line | UPPER CROSS ROAD (SC) | Dublin 8 | request to replace some of the double yellow lines with single yellow lines. | Not Recommended | <p>Following an assessment, it was found that the double yellow lines were installed to facilitate access for both emergency services and waste disposal. To replace these double yellow lines with a single yellow line could potentially lead to access issues outside of the hours of operation of a single yellow line. As such, no changes are recommended by the Transport Advisory Group (TAG) area engineer at this time.</p> <p>If residents still feel parking is an issue, they may wish to apply for a pay and display/permit parking scheme (https://www.dublincity.ie/residential/parking-dublin-city-centre/start-parking)</p> | Senator | 03/10/2024 | 0 |
| 10 | 11167055 | Double Yellow Lines | CHAPELIZOD HILL ROAD (SC) | Dublin 20 | request double yellow lines. | Not Recommended | <p>The Transport Advisory Group (TAG) area engineer has previously recommended changes on Chapelizod Hill Road to regularise parking in the area. The recommendation was as follows: "Following an on-site assessment, the TAG (Transport Advisory Group) area engineer has recommended the restriction of parking on Chapelizod Hill Road on both sides from the junction with Kylemore Road until the junction with Annamore Court and on the north side from the junction with Annamore Court until the eastern entrance of Ballyfermot College."</p> <p>These changes are considered sufficient and no further measures are deemed necessary at this time.</p> | Member of the Public | 16/10/2024 | 0 |

DUBLIN CITY SPORT & WELLBEING PARTNERSHIP REPORT

APRIL 2025

2025– Linking in with National Events & Initiatives

The primary goal of DCSWP is to provide opportunities for everyone to get partake in sport & physical activity regardless of age, gender, background or ability. In 2025 DCSWP will continue to align the planning and delivery of programmes with national and international events. This strategic approach helps maximise promotion of the service, adds momentum to local programmes and initiatives and ultimately increases reach across communities in Dublin City. Many programmes will run in tandem with major events and DCSWP will continue to promote existing programmes on all social media platforms.

VHI Women’s Mini-Marathon

DCSWP Sport Officers are currently delivering the citywide 10-week Community Training Programme in the lead up to the 2025 VHI Women’s Mini Marathon. The programme is supported by DCSWP Co-funded Athletics Ireland Officers. Details of the NCA training programme is outlined in the core programme report.

Schools Cross- Country 2025

The citywide 2025 Schools Cross Country Race Series kicked off on 20 March in John Paul Park, Cabra. The programme is aimed at primary school students at 3rd - 6th class level. The next races are schedules as followed:

- 07 May: Sundrive Park, Crumlin
- 08 May: Ringsend Park

More races to follow. Cross-Country events in Ellenfield Park and St. Anne’s Park in the NCA are in the planning stages.

NFL Jet Flag Football League

Continues on a citywide basis. The league will culminate in a **Championship Day** at the Sport Ireland Campus.

The programme has already received fantastic **media coverage on Ireland AM, Virgin Media, and RTÉ News**, highlighting the growing popularity of Flag Football in Ireland and inspiring the next generation of female athletes in Dublin.

DCC Sensoria Festival 2025

DCSWP Sport Inclusion & Integration Officers to deliver inclusive dance and yoga taster sessions during the DCC Sensoria Neurodivergent Friendly Festival on 26/27 April in Merrion Square.

Upcoming Citywide Events

DCSWP to support following events and promote ongoing programmes and initiatives that align with major sporting events.

- **26 – 27 April:** DCC Sensoria Festival - Merrion Square.
- **29 April– 03 May:** National Active Schools Week. DCSWP Sport Officers to support NCA schools in the delivery of multi-sport activities.
- **12 – 18 May:** National Bike Week (DCSWP to promote and delivery cycling programmes).

Dublin City Sport & Wellbeing Partnership Staffing News

Raine Almeida commenced duty as the new Swimming Development Officer on 11 March. Raine comes with a wealth of experience from her previous role and will be looking at

continuing many of the programmes delivered by previous Swim Ireland Officer Christine Russell as well as commencing new initiatives.

DCSWP Advisory Board 2025

The second meeting of the year took place on Tuesday 25 January. Agenda items included Sport Inclusion & Integration and Active Cities.

Particular focus was on the hugely successful Dublin City Half Marathon Community Engagement programme. In the lead up to the Half Marathon DCSWP put out a community call to action through our team of Sport Officers with links to clubs and individuals.

Strong consideration was given to:

- Engaging with individuals currently not participating in sport
- Engaging clubs/individuals who face ongoing obstacles that prevent participation e.g.: socio-economic/cultural/societal

The participants received expert guidance, coaching, motivation and support along the way by the DCSWP team and co funded Athletics Officers

DCC/DCSWP had a total of 225 participants taking part in the Half Marathon from all across Dublin City and from all backgrounds. 75 participants were from NEIC Groups and 15 places were provided to seven running clubs:

- Ballymun AC
- Liberties RC
- Artane Beaumont RC
- Coolock RC
- Sanctuary Runners
- Dublin Frontrunners
- Cherry Orchard RC
