

Local Community Development Committee Annual Report 2016 and Report on LCDC Membership 2017

Hereunder is the Annual Report 2016 of the Dublin City Local Community Development Committee (LCDC) and the membership of the Dublin City Local Community Development Committee for 2017 for formal appointment by resolution of the Dublin City Council.

Background

The Dublin City Local Community Development Committee (LCDC) was established in 2014 in accordance with the Local Government Reform Act, 2014 and the Guidelines for the Establishment and Operation of Local Community Development Committees issued by the then Minister for the Environment, Community and Local Government in July 2014.

The key functions of the LCDC include:

- The preparation, implementation and review of the community elements of a Local Economic and Community Plan for the local authority administrative area
- Co-ordination, management and oversight of local and community development programmes that have been approved either by the relevant local authority or by agreement between the LCDC and another public authority
- The co-ordination more generally of local and community development programmes within its operational area

LCDC Meetings and Minutes

The LCDC met on the following dates during 2016:

28 January; 26 May; 21 July; 29 September; 24 November

As there was no meeting in March, a progress report on continuing LCDC work was issued to members from the Chair and the Chief Officer in April 2016.

Minutes of meetings are available at www.dublincity.ie/lcdc

The Dublin City Local Economic and Community Plan 2016 - 2021

The LCDC, together with the Economic Development and Enterprise SPC, published the Dublin City Local Economic and Community Plan 2016 – 2021 (LECP) early in 2016. The LECP is a statutory plan, and is made up of two documents:

- A six-year strategy document outlining and giving context to the 12 high-level goals established following public and stakeholder consultation in 2015
- An Action Plan to be up-dated annually

A briefing session was arranged in July 2016 to inform stakeholders of LECP progress achieved. At the briefing session, the Chairs of the relevant Strategic Policy Committees committed to progressing the goals and actions of the LECP relevant to the remit of their SPCs. The LCDC arranged for community consultations to be carried out jointly by Dublin City Council and the SICAP Programme Implementers in local areas across the city from September to November 2016. A total of 13 sessions took place and the results of the consultations were used to inform the development of actions for the 2017 Action Plan.

The Social Inclusion and Community Activation Programme

The LCDC is responsible for the monitoring and review of the nationally-funded Social Inclusion and Community Activation Programme (SICAP) which is delivered by five contracted organisations (SICAP Programme Implementers) in five 'Lots' across the City with an overall budget of €5.3 million. In 2016, the SICAP Programme Implementers worked with 600 local community groups and 8,000 individuals across the city, strengthening community development, providing education and training and preparing people for employment. During the course of the year, the LCDC carried out an end-of-year review of the 2015 programme, a mid-year review of the 2016 programme and an appraisal of the proposed annual plans for 2017.

LCDC Membership and Attendance 2016
