

To the Chairperson and Members  
of the South East Area Committee

---

Notification of initiation under Part 8 Planning and Development Regulations 2001 as amended. Proposed refurbishment of Temple Bar Square, Temple Bar, Crown Alley and part of Fownes Street, Dublin 2.

---

Location Plan

### **SITE LOCATION & LAYOUT**

Dublin City Council wishes to give notice that it intends to initiate the process leading to an application under Part 8 of the Local Government Planning & Development Regulations 2001 as amended for the refurbishment of Temple Bar Square, Temple Bar, Crown Alley and part of Fownes Street, Dublin 2.

Temple Bar Square is an important public space in the city and a major attraction for visitors. It is located in an area that incorporates many of the defining historic, cultural and heritage attractions of the capital.

The objective of the proposal is to refurbish the public realm and rearrange the layout of the space to support the continued and improved use of the space as a cultural and historic destination in the city, while providing an attractive, accessible space for all users.

Temple Bar Square is located on two of the busiest pedestrian routes in the city, north south linking the north retail quarter to the Grafton Street Area, and east west along Essex Street, Fleet Street.

The refurbishment provides an opportunity to provide a high quality public space that responds to and is formed around the requests of local stakeholders in this bustling part of the city.

In 2016 as part of the City Centre Public Realm Masterplan, Dublin City Council commenced a Public Realm Plan for Temple Bar. This project is one of the emerging projects from that plan.

The agreement of the South East Area Committee for the initiation of the Part 8 process is requested.
