

Central Area Office
51/53 Sean McDermott Street
Dublin 1

6th June, 2017

To the Chairperson and Members of
The Central Area Committee.

With further reference to a Naming and Numbering Proposal for a Residential
Development

This proposal is for a residential development which forms part of the Dominick Street Redevelopment Project and is located on North King Street bounded by Anne Street North to the east and Beresford Street to the west.

It will consist of 30 dwellings comprising seven no. one-bedroom apartments, 18 no. two-bedroom apartments, three no. two-bedroom duplex units and two no. three-bedroom apartments in a six-storey block, with associated balconies and top floor roof gardens.

Dublin City Council wants the development be named “**Sean Foster Place**” after the youngest child to die in the 1916 Easter Rising.

The Heritage Officer considers the proposed name appropriate.

The dwellings will be numbered 1-30 Sean Foster Place.
