

Central Area Office
51/53 Sean McDermott Street
Dublin 1

25th September 2017

To the Chairperson and Members of
The Central Area Committee.

GDA Report – October Area Committee

The construction of two major new buildings on the GDA site is expected to begin later this year. The Central Quad and East Quad together will bring over 10,000 students and staff to Grangegorman once complete.

As with all Grangegorman projects, the GDA, in association with the National Development Finance Agency (NDFA) will hold a “Meet the Contractor” event for the community prior to construction commencing.

The GDA will advertise when this event will take place once the commencement date is finalised. In the run up to the start of construction there will be testing on the two sites along with the placement of a range of environmental monitoring devices around the area.

The Central Quad will be home to ten schools from the College of Sciences & Health, College of Engineering & Built Environment and the College of Arts & Tourism. The East Quad will be home to five schools from the College of Creative & Cultural Industries.
