If so requested the licence holder shall produce the licence on demand to any person.

A licence holder shall only use a stall or other like receptacle for carrying/displaying goods which is approved by an Authorised Officer of Dublin City Council and shall remove same at the end of each day's trading. PART II

General terms and conditions

Designated area trading pitch allocation policy

- Persons wishing to register for a designated area Casual Trading pitch must complete an "Expression of Interest to trade" form.
- Vacant pitches will be offered on a first come first served basis, except in the case of new areas which will be allocated by lottery.
- **Expression of interest for certain pitches may apply**
- A licence will not be granted unless all the relevant information required in the application process is supplied. Documentation must be supplied within 30 days of receipt of offer. The acceptance of an application form by Dublin City Council does not guarantee the granting of a licence.
- An individual who is not in a position to accept the offer of a pitch at the time, for whatever reason, but still wishes to be considered for a pitch must go back to the end of the waiting list.
- Due to demand for spaces only one pitch per Casual Trading area will be allocated to an individual **going forward Contradicts the Act (b) A local authority may grant more than one casual trading licence to a person in respect of casual trading in different casual trading areas or at different specified places in a casual trading area. The act allows for giving more than one pitch. This would be exceptional circumstances. Licensee must only operate one pitch at any given time.**
- A Casual Trading pitch cannot be sub-let or sold.
- Dublin City Council reserves the right to revoke a licence at any time during the licensing period for failure to comply with the licence conditions.
- Licences are not transferable but consideration may be given in exceptional circumstances (i.e. in the event of either death or long-term illness of the licence holder) to the transfer of a licence on a Casual Trading pitch to an agent/assistant who is a family member subject to the following conditions:
 - The family member has been the registered agent of the licence holder and has been working with the licence holder on the pitch for a minimum of **two** years.
 - The family member who has been the agent/assistant must also have previously registered an expression of interest for a Casual Trading pitch with Dublin City Council before consideration can be given to the transfer request. Priority may be given in this instance over others on the waiting list.
- Dublin City Council reserves the right to re-allocate any pitch that has been left unoccupied by a licence holder for a period of 2 months without reasonable explanation to Dublin City

Council. A reduction with the two months before a trader has to notify the Council as to why their pitch was unoccupied. With the current set up we have traders who do not trade for months on end and resume for a couple of days. This effectively resets the 2 month clock and the traders have another 2 months grace where they do not have to trade, but keep their licence. **A minimum number of time to be discussed**

- Agents must register an expression of interest if they wish to be considered for a Casual Trading licence to trade in a designated Casual Trading area.
- An agent has no right or entitlement to succeed to a Casual Trading pitch.
- Dublin City Council reserves the right, in the event of works planned or due to take place, to relocate existing traders in designated areas in or adjacent to works, into other available designated trading areas within the City Council functional area. This will be done following consultation with traders.
- Licence holders must give two months notice if surrendering a pitch.

Terms and conditions of trading

- Only the licence holder shall engage in Casual Trading at the location specified in the licence. (see below *) Should be or specified Agent/Agents (take out)
- The licence can only be held by one person (new)
- Attaching commercial advertisements or unauthorised banners or material to a stall is prohibited (new)
- No goods other than those specified in the licence shall be sold from or stored with the precinct of the stall/trading place

- Traders in foodstuffs must comply with the requirements of the local HSE Environmental Health Office in relation to the statutory control of food.
- All people engaged in Casual Trading, with the exception of those "trading from the hand" at particular events, must indemnify Dublin City Council and any person using the facility/service being provided, against any liability arising out of the use of the facility/service in question. In this regard public liability insurance of €6.4m (minimum) in the case of any one accident must be obtained and proof of same must be given by the applicant to Dublin City Council before any licence is granted.
- A licence holder shall provide, at his/her own expense, a suitable receptacle that meets the requirements of Dublin City Council for the disposal of litter/waste and shall keep the trading place clean and tidy at all times.
- Dublin City council may remove any stall or like receptacle found in a trading place outside of trading hours.

- A licence holder shall prominently display his/her casual trading licence in such a position as to be clearly visible and easily legible to members of the public.
- A licence holder may nominate two agents to assist in the operation of a designated trading stall under the following terms and conditions:
 - There may only be two people operating the stall at any one time and each of them must be trading within one metre of the stall. (see above *)
 - The licence holder must be present at all times where practicable. It is acceptable that the licence holder be absent during holiday periods or due to illness but this absence must be advised to the Casual Trading Section as soon as practically possible.
 - Phone: 01-2222165

 - E-mail: casualtrading@dublincity.ie.
 - A medical certificate is required for prolonged period of absence.
- A licence holder must at all times be able to produce a paper trail identifying the provenance of goods clearly identifying where stock came from.
- The sale of counterfeit and/or Contraband items is strictly prohibited. Dublin City Council reserve the right to refuse to issue a licence to persons convicted for offences relating to the sale of counterfeit goods in the previous three years.
- All goods that are sold as "seconds" must be clearly identified as "seconds" at the point of sale.
- While occupying a trading place a licence holder must obey all lawful reasonable requests of an authorised officer or a member of An Garda Síochána.
- This licence may be revoked at any time if any condition of the licence has been or is being contravened.
- The only generators which are acceptable for use should be of the Diesel variety.
- A person engaged in Casual Trading shall not obstruct any business, premises, footpath, public road or public right of way
- A person engaged in Casual Trading shall not conduct trading in a manner that causes or is likely to cause offence.

Penalties for infringements of terms and conditions

Infringements of the above terms and conditions shall be treated as follows:

1st Infringement – 1st written warning (within a year)

2nd Infringement – 2nd written warning (with fine)

3rd Infringement - total revocation and non renewal of licence

Dublin City Council reserve the right to refuse to issue a licence to persons convicted for offences relating to the sale of counterfeit goods in the previous three years (new)

Suggestions below :

With regard to the written notices, could we include some clarity as to how long the warning stays in effect and defined time period where warnings issued can lead to revocation of licence? **To be discussed**

Are they considered "active" when a licence is renewed and do they "roll over" to the next period. Is there an end date for the warnings. **To be discussed**

Waste Management

The removal of waste generated at each trading stall is the responsibility of the trader.

Under the Waste Management Act 1996 traders have two options to dispose of their waste:

1. Arrange for a private waste disposal company to do it.
2. The trader can arrange to dispose of their waste in an alternative proper manner.

Both options must comply with the Waste Management Act 1996 and relevant EU regulations/directives. Traders are reminded that when they are disposing of their waste and either fail to do so or do it in a way which infringes the Waste Management Act 1996 they are liable to be prosecuted by the local authority. Traders are also reminded of their responsibilities under the Protection of the Environment Act, 2003 and the Litter Pollution Act 1997.
