Central Area Committee Meeting
13th February, 2018

Motion in the name of Councillor Janice Boylan

That this Area Committee calls on Kieran Mulvey and the Government to reconsider the decision to spend 600 thousand Euros on the up keep/repair of a bridge when we all have vital projects in the North Inner City on the verge of extinction due to the lack of funding supports.

Report

This project is proposed to be co-funded by Dublin City Council's NEIC Programme, Environment & Transportation Department and Housing & Community Department. As the current estimate is higher than originally anticipated it is currently being reviewed by the Environment & Transportation Department.

Motion in the names of Councillor Janice Boylan and Councillor Gaye Fagan

That this Area Committee calls again on the Taoiseach to respond to a previous request to allocate the same amount of funding that was allocated in the North East Inner City to the North West Inner City to deal with the serious issues relating to crime and gun violence.

Report

A response was received in this office on 7th February 2018 and circulated to members on 9th February 2018.

Motion in the name of Councillor Nial Ring

That this Committee recommends that Dublin City Council, insofar as practicable, immediately arrange for the implementation of those recommendations contained in the Moore Street Report to the Minister for Culture, Heritage and the Gaeltacht (March 2017 – Chapter 7) relating to the Moore Street Market and the traders there, which are reflective of, complementary to and in line with DCC's own policy statement in relation to this historic street market.
