

Central Area Office
51/53 Sean McDermott Street
Dublin 1

5th March 2018

**To the Chairperson and Members of
The Central Area Committee.**

Central Area Age Friendly Report – March 2018

The CentralArea office and Vantastic are combining to provide a pilot 'Health Route' in the North Inner City and East Wall area. This will be a door to door transport service for those over 65 with mobility difficulties attending the Mater and Beaumont hospitals. There will be a charge each way of €2.50 (Mater Hospital) and €5 (Beaumont Hospital). People can register online or obtain an application form from the Area Office.

This pilot service will be reviewed at the end of 2018 and if funding is available consideration will be given to continuing and expanding this service.
