1	90045465	SP_20568	Yellow Box	PHIBSBOROUGH ROAD (NW/C)	Dublin 7	Yellow Box	Request for yellow box at entrance to Bective Square Apartment complex at junction with Phibsborough road	Member of the Public	05/10/2015	Not Recommended	It is not recommended to install a yellow box at this location. Yellow boxes are intended to prevent blocking of junctions. Side road traffic flows should be significant and the side road should serve a minimum of fifty houses.	0

2	7000026		Zebra Crossing	OLD CABRA ROAD (NW)	Dublin 7	Zebra Crossing	at the junction of Glenbeigh Road.	Member of the Public	25/10/2017	Not Recommended	<p>"In relation to the request for a pedestrian/zebra crossing at the junction of Glenbeigh Road and Old Cabra Road, It was previously reported that assessments for a pedestrian crossing at this location showed extremely low numbers of pedestrians wishing to cross the road and, therefore, did not meet the criteria for the installation of a Pedestrian Crossing. It was noted however that traffic numbers and speeds would make crossing difficult.</p> <p>The potential Bus Rapid Transit route along the Old Cabra Road does not bar the introduction of a pedestrian crossing or traffic calming in the future. However, with the potential installation of a BRT route on this section of road in the coming years, the National Transport Authority will not provide any funding for traffic management civil works that may restrict or conflict with any future deigns of the Bus Rapid Transit route.</p>	0

Member of the Public	14/11/2016	Not Recommended	A stop sign is not necessary where normal rules of the road apply. Under the Road Traffic Act, traffic on a road ending at a T junction must give way to traffic from either direction on the other road. A stop/yield sign is not necessary where normal rules of the road apply, moreover such signs are only provided on approaches to major junctions, otherwise this would lead to a proliferation of signs throughout residential estates. Therefore this request is not recommended.	0
