13th June, 2018

Dear Mr Keegan,

The following motion was agreed by Fingal County Council at its meeting held on 11th June 2018:

"That the Council, given the continuing delays in Metro North, calls upon the National Transport Authority and Dublin City Council to examine every means for the elimination of the severe bottleneck between The Point and the Custom House for express buses, which can add an extra 30 minutes to a commuters journey."

I would be obliged for your observations in due course.

Yours faithfully,

Brian Buckley,
Senior Executive Officer
Corporate Affairs & Governance
Fingal County Council
