22	90050413	SP_39309	Cul-De-Sac	PIGEON HOUSE ROAD (SE)	Dublin 4	On the road	Not Recommended	<p>Pigeon House Road is already traffic calmed with the provision of speed ramps spaced between 85m – 95m apart as per the Traffic Management Guidelines.</p> <p>In order to prevent rat running through the area, the Area Engineer recommends the introduction of Pay and Display Scheme on Pigeon House Road as staggered parking; would help reduce the speed of cars on the road.</p> <p>Dublin City Council will proceed with the preparation of a Pay and Display and Residents' Permit Parking Scheme where it is first established that there is a demonstrable and clear desire for a Scheme. On receipt initially of written supporting evidence from 25% of households of the road, the request for a Parking Scheme will be referred to the Traffic Advisory Group for examination and report. The supporting evidence may take the form of a number of written requests or a signed petition, indicating names and addresses. Apply to parkingenforcement@dublincity.ie</p> <p>Furthermore, the area is under reviewed as part of the National Transport Authority Bus Connects Project (Ringsend to City Centre). Therefore the introduction of traffic measures such as the modification of the flow of traffic with the introduction of one way system or make Pigeon House Road a cul-de- sac is not recommended as this could effect the Bus Corridor Plan proposed for the area.</p>	Member of the Public	21/07/2017	0
