

## **Cromcastle up date 17/09/18**

### **Stairs**

All stair works have been completed

Extra community activities that have been in operation in Kilmore Community Centre during refurbishment works have now come to an end.

### **Maintenance**

A maintenance program is still in place in Cromcastle Court and will remain in place until the back log is cleared, anyone with outstanding maintenance complaints should contact the Darndale Area office on 01 2226930.

Roofing and heating issues are the main issues to be addressed

### **Regeneration**

A Project Manager has been appointed to Cromcastle Court to coordinate the start of the regeneration process.

As Cromcastle Court has been selected for Regeneration all allocations into Cromcastle Court has been stopped.

Allocations to resident in Cromcastle Court will still be made under the Scheme of letting priorities.

The new project manager will make contact with each resident in the near future to discuss the plans for the area and to examine the needs of all residents on an individual basis.

A new community forum is to be established for all residents in the Cromcastle Estate, if you wish to become involved in the forum you can register your interest by emailing the project manager directly on [connell.mcglynn@dublincity.ie](mailto:connell.mcglynn@dublincity.ie) or calling 01 2228844.

Thanks

Connell McGlynn

Project Manager
