Item	Enquiry	SP Ref	Site	Subject	Description	Logged	Status
188	11070049		ULSTER STREET (NW)	Double Yellow Lines (Extend)	Here is street view of Ulster Street if you are coming from the direction of Connaught. As you can see the dip in the path is in front of the brown gate, meaning if this is blocked the person in a wheel chair has to go back up to Connaught Street, come off the footpath at the corner of Ulster and Connaught, on the outside of the cars in the white designated zone as far as those iron gates whereby they can mount the path and continue the remainder of Ulster Street on a path. Ulster Street is a two way traffic street and therefore it is very dangerous. At least 3 cars continuously use the space so it's a very regular issue.	26/09/2018	2

194	11070279	2382890	NORTH CIRCULAR ROAD (NW/C)	Yellow Box	There is a blind spot for vehicles exiting from the DIT campus onto the NCR. This junction forces vehicles turning right to exit through rush hour traffic with zero visibility of traffic coming from the left. A crosshatched box might help this issue. For the record, I have had my car written off for a collision at this spot, and have subsequently narrowly avoided two other collisions at the exact same spot.	03/10/2018	2
