# WHAT CAN THE DUBLIN PLACE FINDER SERVICE DO FOR YOU?

**If you are homeless and registered with one of the Dublin Local Authorities, the Dublin Place Finder Service will support you in finding a tenancy using our dedicated Housing Assistance Payment (HAP).**

HAP is a social housing support that allows you to work and/or attend training and education. You pay rent to the local authority that is affordable and based on your income. The local authority pays your landlord the market rent.

## DUBLIN'S PLACE FINDER SERVICE WILL WORK FOR YOU TO:

- Fast track your application to ensure that the new tenancy starts as soon as possible.
- Arrange to pay the deposit for a property on your behalf to the landlord/agent.
- Pay one month's rent in advance on your behalf to the landlord/agent.
- Arrange to pay the monthly rent in advance to your landlord/agent each month.
- Arrange for a support service called Support to Live Independently (SLI) to visit you in the first weeks/months of your tenancy to make sure everything is going smoothly.
- If you have a key worker, your key worker can discuss your housing needs with the Place Finder team for consideration when properties become available.

## DUBLIN'S PLACE FINDER SERVICE WILL:

- Deliver independent living with housing supports as required,
- Prevent housing insecurity leading to crisis homelessness and,
- Enable greater participation in work, education and training.

## What are the rent limits for the Dublin Place Finder Service?

The rates set out in the table below are the current rent limits in each of Dublin's four local authorities for different household types.

## How does becoming a HAP tenant affect my application for social housing in Dublin?

When you become a Dublin Place Finder Service tenant you are in receipt of a social housing support and are no longer homeless. You remain eligible to apply for other social housing options. Your time to date on any of Dublin's social housing waiting list is not lost. It continues to build and your application is registered on the social housing transfer waiting list of your local authority.
