North Central Area Committee**

**Report on Governance at St Monica's Youth Centre, Tonlegee Road Dublin 5**

I fulfilled on governance issues in so far as my remit extended.

I triggered the process whereby St. Monica's Board registered and undertook training in governance. Expertise was sourced through Northside Partnership Ltd.

St Monica's have undertaken training as provided/organised by Northside Partnership Ltd. and have two additional members on their board. They have also established links with Boardmatch Ireland in order to source further expertise on their board.

St. Monica's on last direct contact with them indicate that they have carried out everything they were asked / requested to do.

Finally, St. Monica's Youth Group are employed by CDYSB who are the ultimate assessors as to the appropriate governance compliances for St. Monica's.
