133	7013907		EAST WALL ROAD (C)	Pedestrian Crossing	I frequently take the Dublin bus from the airport and alight at the first stop (The Point/Luas/Hotels). This issue is made even worse by the fact that passengers are often carrying bags/luggage. If a pedestrian crossing was in place, I believe it would be of great benefit. 142	7014511		PRUSSIA STREET (C)	Disab Park Bay Residential	<p>There are a number of Pay & Display bays on Prussia Street. They run from numbers 18-25 and in front of 27/28 and we would like to get one of them converted so that it is reserved, for use by a wheelchair badge holder. We understand it would be bound by the morning clearway restriction. Furthermore, we would like to get the path dishd, so it is flush with the road. This is to facilitate moving the wheelchair, between the path and the road, so he may be loaded/unloaded We are suggesting that you reserve the spot in front of number 25, it is the rear/most northwesterly of the main group of spots.</p>	07/04/2020	2

150	7014816		AMIENS STREET (C)	TAG General Engineer Query	Since the introduction of the bus lane around Custom House Quay it was resulted in one less lane when one crosses over the bridge from the north side to South side. As a result there is a miss alignment of the lanes when one crosses from the R105 to the R802 which is forcing cars to merge lanes where there is no requirement to do so as there are sufficient lanes and resulting in unnecessary traffic. If the lanes were re aligned this could resolve this issue. I hope whilst it is quiet in the area that DCC could action this	05/05/2020	2
151	7014904		DRUMCONDRA ROAD LOWER (C)	Pedestrian Crossing	Lack Proper pedestrian crossing without lane or signal, witnessed several near missed due to the fact that cars have the green light and turn while pedestrians have to chance their arms and crossed without proper structure. 152	7014923		BRIDGE WATER QUAY (C)	Pedestrian Zone	A zebra crossing could work at the location where there is currently a refuge island in the middle of the road. This would be very helpful to residents if Sarah Place and Islandbridge in General, as well as providing a pedestrian route between the Phoenix and Memorial Parks. This route is currently busy as local residents exercise during the Coronavirus lockdown. A cyclist also died here recently: the presence of a zebra crossing will encourage cars to observe the speed limit more, and will be a good preparation for the pedestrian crossing which will be necessary once the proposed new pedestrian bridge crossing the Liffey from the Memorial Park is built.	11/05/2020	2
153	7014924		CONYNGHAM ROAD (C)	Pedestrian Zone	Addition of a signal controlled pedestrian crossing at this point would be very helpful. In particular two cars were speeding towards the red lights to turn right onto Ballybough road. It is a residential street & I would be concerned for any children on this road. 157	7014967		PHIBSBOROUGH ROAD (C)	Cycle Track	There is a great and urgent need for *segregated* bicycle lanes on the NCR, especially from Pjinsboro to the Phoenix Park, a stretch of road widely used by families with children on bikes commuting to school, for leisure and other activities. The combination of heavy traffic and narrow road space forces cyclists young and old to resort to using the pavement.	14/05/2020	2
