132	7013907		EAST WALL ROAD (C)	Pedestrian Crossing	I frequently take the Dublin bus from the airport and alight at the first stop (The Point/Luas/Hotels). I find it very difficult to get across the East Wall Road where the bus drops you off. It is often bumper to bumper with cars and trucks so attempting to cross there feels very dangerous. This issue is made even worse by the fact that passengers are often carrying bags/luggage. If a pedestrian crossing was in place, I believe it would be of great benefit. I am from Dublin but I feel embarrassed that tourists have to brave this wide crossing to connect with Hotels, Luas and The 3 Arena	19/02/2020	2

140	7014511		PRUSSIA STREET (C)	Disab Park Bay General	There are a number of Pay & Display bays on Prussia Street. They run from numbers 18-25 and in front of 27/28 and we would like to get one of them converted so that it is reserved, for use by a wheelchair badge holder. We understand it would be bound by the morning clearway restriction. Furthermore, we would like to get the path dishd, so it is flush with the road. This is to facilitate moving the wheelchair, between the path and the road, so he may be loaded/unloaded We are suggesting that you reserve the spot in front of number 25, it is the rear/most northwesterly of the main group of spots.	07/04/2020	2

143	7014601		HOLLYBANK ROAD (C)	Electric Car Bay	My problem is that the charging station on Hollybank is not hatch marked or marked in anyway. This means that it is regularly blocked by non- charging cars. In the precovid days they would park there to hop into the shops on Drumcondra road, now with covid homeowners are half blocking the station making what can hold two cars only have space for one car. PLEASE PLEASE PLEASE put some paint lines around that charging station so people can simply KNOW where the charging station is and that it's kept for people who need to charge their cars.	17/04/2020	2

There is no reason for 2 lanes of traffic there. I understand that one lane filters into a car park after the traffic lights, but even after that, there is no need for 2 lanes. 148	7014816		AMIENS STREET (C)	TAG General Engineer Query	Since the introduction of the bus lane around Custom House Quay it was resulted in one less lane when one crosses over the bridge from the north side to South side. As a result there is a miss alignment of the lanes when one crosses from the R105 to the R802 which is forcing cars to merge lanes where there is no requirement to do so as there are sufficient lanes and resulting in unnecessary traffic. If the lanes were re aligned this could resolve this issue. I hope whilst it is quiet in the area that DCC could action this	05/05/2020	2

150	7014923		BRIDGE WATER QUAY (C)	Pedestrian Zone	A zebra crossing could work at the location where there is currently a refuge island in the middle of the road. This would be very helpful to residents if Sarah Place and Islandbridge in General, as well as providing a pedestrian route between the Phoenix and Memorial Parks. This route is currently busy as local residents exercise during the Coronavirus lockdown. A cyclist also died here recently: the presence of a zebra crossing will encourage cars to observe the speed limit more, and will be a good preparation for the pedestrian crossing which will be necessary once the proposed new pedestrian bridge crossing the Liffey from the Memorial Park is built.	11/05/2020	2
151	7014924		CONYNGHAM ROAD (C)	Pedestrian Zone	Addition of a signal controlled pedestrian crossing at this point would be very helpful. 159	7015161		NAVAN ROAD (C)	Pedestrian Crossing	<p>I am contacting you in relation to the Ashtown roundabout on the Navan Road as it is extremely hazardous for pedestrians and cyclists and indeed there has been a number of deaths there in recent years.</p> <p>There is no pedestrian crossing at this roundabout in order to allow pedestrians to safely cross the Navan Road. This dangerous situation is compounded by the fact that the road is a two-lane one, very busy in normal times and I believe that the speed limit is 80km/hr (if not 100km/hr?) Furthermore, the Ashtown roundabout is situated directly between Phoenix Park and the Royal Canal walkway and so sees a lot of footfall. At present, the only way of crossing the Navan Road at the Ashtown roundabout is to simply "make a dash for it" and hope that oncoming cars will slow down. However it is impossible for those of impaired mobility to cross at all given the heavy and fast-moving volumes of traffic, even during this post-covid time.</p> <p>The Ashtown roundabout and indeed most of the Navan Road is also extremely dangerous for cyclists and new measures are desperately needed, particularly now that so many people are getting around by bike. Speed reductions are certainly needed, as are segregated bike lanes and measures to prioritise cyclists and pedestrians.</p> <p>It is, quite simply, shameful that this situation has not been ameliorated despite pressure being brought to bear by local residents over the years. It seems that now is an opportune time to introduce measures to enhance pedestrian and cyclist safety and I hope that you will advance this goal at the Council level.</p>	04/06/2020	2
160	7015187		IMAAL ROAD (C)	Traffic Calming	<p>The objective would be to get cars off the footpaths, and to make the community safer and more inclusive for pedestrians.</p> <p>At the moment there are two-way roads, two footpaths, and very few driveways.</p> <p>Cars park on the footpaths to make way for two way street driving.</p> <p>Counter-flow cycle lanes, alongside speed bumps could combat any potential speeding that the proposal could bring.</p>	08/06/2020	2

There are no speed limit signs, no ? slow down? measures whatsoever on Cabra Road, vehicles go up and down as if on a motorway.</p> <p>?First of all I wasn't sure if you were the correct organisation to raise the query with* I thought also to contact the following : An Garda Siochana, Local Councillors, The Road safety Authority (or all of them??)</p> <p>-Please let me know the correct organisation this should be raised with ?</p> <p>Serious measures need to be put in place, ie speed bumps, speed monitor camera, speed limit signs (30 KMP should really be enforced).</p>	11/06/2020	2
