issues in Glasnevin Village and to please provide an update on the followi) Following requests from residents to DCC for Welcome to Glasnevin Village signage to be placed at both ends of the village, could this please be provided by DCC and is there a timeline as to when the signs may be installed?

B) Could Glasnevin Village please be prioritised for the weeds to be removed from the road network throughout the whole village and is there a date as to when this may be carried out?

C) Seven street light poles near the National Botanic Garden entrance were painted by DCC in September. All light poles in Glasnevin Village need painting, could this please be prioritised?

D) Could the ongoing issue of illegally parked vehicles in cycle lanes and on footpaths at Glasnevin Village please be addressed, it is particularly a problem outside the National Botanic Gardens. The loading bay outside McMahons Café in the village is also continually used for parking. The village is being used as a 'park and ride' facility. Could DCC also engage with the Bon Secours hospital to ensure that hospital staff are parking in designated parking areas provided to them.

E) Could the black steel bollards which are placed outside the Botanic Gardens be extended to the bridge at Glasnevin Hill, which would also help against the ongoing issue of illegal parking and to ensure a safer environment for cyclists and pedestrians.

To ask the Chief Executive when the footpaths will be repaired on Shanghan Road beside the Shops.
