To ask the Manager to provide a report on the percentages of different housing tenures in the Ballymun area. I believe the goal of Ballymun Regeneration was to increase home ownership and decrease rental properties in the area. Since the introduction of the Modular homes as a way to assist the homeless crisis it seems that this goal has been forgotten and with current building in the Hampton Wood area, and sales to Investment Funds for 100% rentals, I would like to know where we are with the goals of Ballymun Regeneration tenure diversity.
