Dear Cathriona

It has come to the attention of the Dublin 12 Local Policing Forum that a high number of people and families in Dublin 12, are impacted by drug debt-related intimidation (DDI) but are not coming forward to Gardai or Dublin City Council to report their situation. An anonymised audit of Drug Debt-related Intimidation is currently being carried out by Citywide and Health Research Board. Early indicators from Dublin 12 services participating in the Audit, show that over 60 case reports have been submitted to the researchers since Sept 2014.

As the Policing Forum, and participating services, are unclear how to address this serious matter, we are escalating it to you for guidance & instruction. Could you please raise this matter with the representatives of the Dublin South Central Joint Policing Committee, at your next meeting, please?

We await your reply.

Yours Sincerely
