The new Housing for All Government Strategy was published in September 2021, which set a five year target over a range of different delivery streams. The Department of Housing, Local Government and Heritage has issued 9,087 homes to be delivered by Dublin City Council from 2022-2026.

The table below details the targets by D.H.L.G.H. along with Dublin City Council's projected delivery, with further approximately 4,000 units in Affordable Purchase and Cost Rental.

	2022	2023	2024	2025	2026	TOTAL
Social Housing delivery target	895	1,931	1,974	2,122	2,165	9,087
Long term Leasing targets	480	475	410	100		1,465
D.H.L.G.H. Total Target	1375	2406	2384	2222	2165	10,552
D.C.C. Projected delivery	2022	2023	2024	2025	2026	
D.C.C. Build Programme	937	700	1,547	2,509	1,252	6,945
Long term Leasing Delivery	480	475	410	100		1,465
Part Vs	300	300	300	300	300	1,500
Total Delivery	1,717	1,475	2,257	2,909	1,552	9,910

D.C.C. acknowledges the difference between the total as set by D.H.L.G.H. and the D.C.C. Build Programme total delivery number. D.C.C. is examining ways of increasing delivery over the lifetime of the plan, including P.P.P. (Public Private Partnership) and C.D. (Competitive Dialogue) as additional methods of delivery.

Update:							
Design development & community consultation ongoing.							
Has Stage 1 for initial project and budget approval, the project proposal is for a mixture of deep retrofit, amalgamation and infill of the three existing housing blocks and for the provision of new housing blocks on the site. It is proposed that the project will be completed in two phases. The first phase involves the amalgamation and redevelopment of the northern housing block (block nearest to Broadstone depot) and a new apartment block on the northern end of the site. The second phase will provide for the redevelopment of the two other housing blocks, along with a new apartment block to the south of the site and a row of mews houses along the boundary wall at the rear of the site.

The design team are progressing with their design proposals and working towards Part 8 planning lodgement. The initiation of the pre-Part 8 Circulation of Layout under the Part 8 Planning and Development Regulations 2001 process was noted at the June Central Area Committee. Consultation with the residents is ongoing and information newsletters giving project details and showing proposed images and layouts of the new scheme have been issued. Following a consultation zoom meeting with some residents, in person resident consultations have taken place where all residents were invited to see design plans for the proposed new housing scheme. An information leaflet informing neighbours of the proposed redevelopment plans has also been issued.

Upon receipt of Stage 2 approval from the DHLGH, it is intended to lodge the Part 8 planning permission in early Q4 2022.

---------	--------	---------------------------------	---------------------------	------------	---------------------------------	--	---------

Update:
Following the granting of Part 8 planning permission in January 2022, further consultation with the residents and local community took place. This project has Stage 2 approval and currently work is in progress on preparing the pre- tender cost estimates. Presently, a Stage 3 application is due to be submitted to the DHLGH for approval to go to tender for the appointment of a contractor.

Site surveys are in progress onsite and active decanting is being led out by the local Area Office.

It is envisaged that the scheme will be completed in one phase.

<p>Pearse House is a Protected Structure - Stage 1 has been received for the first phase of the regeneration - the full deep retrofit and amalgamation of existing flats in Blocks L, M, N and P also known as the "Small Flats". Due to the large size and scope of the complex, it is not possible to carry out the regeneration of the entire scheme at the same time, therefore it will be completed on a phased basis over a number of years. The procurement of an integrated design team is almost complete and once a design team is appointed, they will develop and finalise a design to bring to Part 8 planning permission. Update:

The former ready mix site located on East Wall Road is one of three Dublin City Council sites included in Bundle 3 of the National Social Housing PPP Programme. Site location is accessible via this link <https://www.google.ie/maps/@53.3597734,-6.2385626,176m/data=!3m1!1e3>

The proposed scheme was presented to Central Area Committee members at a special meeting held on Feb 1st 2022 and the main feedback from the elected members was their desire to see the development utilised for Senior Citizens to downsize, therefore releasing 3 to 4-bedroom housing within the wider area.

The Part 8 planning application for the proposed scheme was formally lodged on 14th March 2022 with the closing date for submissions 29th April 2022. An online public consultation was arranged with the local community stakeholders for 14th April at 6.30pm by the PPP Project Team.

The proposed scheme which will deliver 68 units in total, comprises 17no. 1 bed units; 28no. 2 bed units; and 23no. 3 bed units (10% of the apartments being designed to Universal Design standards). Site investigations undertaken during design development revealed some soil contamination arising from the site’s former use, detailed reports including the appropriate waste management plans, for both construction and operational stage, were submitted with the Part 8 application.

A report was presented to the Central Area Committee on 14th June 2022. Part VIII approval was granted at the July City Council.

The tender competition will formally launch once planning approval is secured for all six sites included in Bundle 3, this is currently anticipated to September 2022 with construction due to commence on site by Q3 2023.

Update:

This site, located on the junction of Collins Avenue and Swords Road is one of three Dublin City Council sites included in Bundle 3 of the National Social Housing PPP Programme. Site location is accessible via this link: <https://www.google.ie/maps/@53.3813979,-6.2432866,270m/data=!3m1!1e3>

The design team was appointed Q4 2020. The proposed scheme, which will deliver 83 units in total, comprises 41no. 1 bed units; 30no. 2 bed units; and 12no. 3 bed units (10% of the apartments being designed to Universal Design standards) and ancillary facilities. The Dublin Port Tunnel is located under the site and represents a significant constraint on the design.

The proposed scheme was presented to North Central Area Committee members at their November meeting and we received largely positive feedback. The elected members requested additional information on the balcony design, material selection and connectivity/permeability to adjacent lands – this report was circulated to North Central Area Committee members in advance of their February meeting.

The Part 8 planning application for the proposed scheme was formally lodged on the 10th May 2022 with the closing date for submissions the 21st June 2022. An information meeting was held with the local community stakeholders on 31st May 2022.

A report was presented to the North Central Area Committee on 18th July 2022. The Part VIII, Chief Executives report will be brought forward to the September City Council meeting for decision.

The tender competition will formally launch once planning approval is secured for all six sites included in Bundle 3, this is currently anticipated to Q4 2022 with construction due to commence on site by Q3 2023.

Update:

This site, located on Shangan Road, Ballymun is one of three Dublin City Council sites included in Bundle 3 of the National Social Housing PPP Programme. Site location is accessible via this link: <https://www.google.ie/maps/@53.3944613,-6.2612419,539m/data=!3m1!1e3>. The site proposed for development forms part of Site 10 (Ballymun LAP).

The proposed scheme was presented to North West Area Committee members at their December meeting and we received very positive feedback.

The design team was appointed Q4 2020. The proposed scheme will deliver 93 units in total, comprising 73 senior citizen apartment units of which 67 are 1 bed units and 6 are 2 bed apartment units. The remaining 20 units are comprised of 10 general need units (5 x 2 bed; 4 x 3 bed and 1 x 4 bed) and 10 medical need units (5 x 2 bed; 4 x 3 bed and 1 x 4 bed). It is also proposed to develop the link road and a landscaped public open space to cater for all ages/abilities as part of the development, to comply with LAP requirements.

An information session on the proposed scheme was held for local residents and key stakeholders on 23rd February 2022. The primary areas of concern were surrounding privacy/overshadowing of existing properties; drainage; boundary treatment; boundary/building heights and the social mix of proposed tenants. We liaised with the design team on feedback received.

Vacant residential property acquisitions:

We are currently negotiating the acquisition of **7** additional vacant residential properties under the buy and renew scheme.

Since this Buy and Renew scheme was introduced in 2018 and up to May 2022, D.C.C. have acquired 78 such properties and through the active engagement with owners of long term vacant properties has initiated the return of an additional 42 properties to use in the City with a further 39 currently under refurbishment.

The Housing Department vacant housing register has recorded 910 residential properties by accessing data from the CSO, Geo-directory, Vacanthehomes.ie and internal databases.

Dublin City Council, Housing Development has undertaken 403 site inspections with a further 23 inspections scheduled and 44 title searches currently in progress.
