9	7027648		Speed Ramps	ARDCOLLUM AVENUE (NC)	Dublin 5	Speed ramps to slow down motorists using Ardcollum Avenue as a short-cut between Maryfield Crescent & Ardlea Road.	Not Recommended	Following investigations by the area engineer, it was observed that Ardcollum Avenue is not conducive to speed and is naturally traffic calmed with the provision of on-street parking which act as passive traffic calming measures. Thus reducing carriageway width for motorists and increasing driver caution in accordance with Design Manual for Urban Roads and Streets guidelines; in addition, the bends near house Nos. 39, 20 and 90 Ardcollum Avenue act as a traffic calming measures. Ardcollum Avenue has residential speeds of 30 km/h with corresponding road traffic signage (Ardcollum Ave. junction with Ardlea Road and on Ardcollum Ave. junction with Mayfield Cres.). Alerting drivers the area is a Home Zone/Slow Zone and to expect children. A Previous speed survey indicated drivers travelled at an 85th percentile of 32 km/h and therefore the provision of any extra traffic calming measures is not recommended at this time. However, the area engineer will raise the Councillor's concerns regarding speeding on Ardcollum Avenue with An Garda Síochána at the next Traffic Advisory Group meeting The Gardai are responsible for enforcing road traffic legislation to ensure that citizens comply with speed limits.
