

To the Chairperson and the
Members of the Central Area Committee

Tuesday 11th October 2022

HALLOWEEN 2022 – Overview of Central Area Plans

Report Stockpiling of Bonfire Materials

in Central Area to

litter.central@dublincity.ie

Tel. 01 222 5302

DCC Self Service Portal www.dublincity247.ie

Introduction:

Central Area Offices (North Inner City and Cabra/Glasnevin) have had a Halloween Working Group in place for several weeks with representatives of Public Domain, Community Development and Housing Departments; and representatives of An Garda Síochána from Store St., Mountjoy and Bridewell Garda Stations.

The Working Group has three key objectives:

1. To co-ordinate efforts to minimise anti-social behaviour associated with Halloween; particularly in relation to prevention of bonfires
2. To programme a series of Halloween themed Community activities and events
3. To promote safety messaging and celebration of Halloween locally in a safe, family friendly environment.

There has been a marked reduction in levels of anti-social behaviour in recent years due to the model of combined efforts and it is hoped to build on this in 2022. There is some concern with the timing of the school mid-term break for a full week following Halloween and this will be borne in mind as planning progresses.

Responding to reports of Stockpiling of Bonfire Material

In addition to Dublin City Council's citywide Waste Management arrangements the Central Area Public Domain team will lead on co-ordination of local response to reports of bonfire materials. Reports of bonfire materials are being received by Central Area office since July and to date materials have been removed from approximately 40 locations. In line with

previous years it is anticipated that volume of reports will increase in the coming weeks and the following response measures have been put in place:

- All reports, regardless of the source or communication channel, will be logged centrally via the Dublin City Council CRM system to facilitate a planned and co-ordinated response. Reports may be received from housing complexes, open spaces, laneways, private properties etc. All reports can be made directly by e-mail to litter.central@dublincity.ie or Tel. **01 222 5302**. Reports can also be logged directly via the citywide self-service portal www.dublincity247.ie
- Materials will be removed by public domain crew during normal working hours Mon. – Thursday 7:45 a.m. – 15.45 p.m. and Friday 7:45 a.m. – 12:30 p.m.
- Crews will be on weekend overtime duty 6 a.m. – 12 noon, Saturday 22nd– Sunday 23rdOctober and Halloween weekend 29th - 31st October. (Subject to staff resources)
- Private Plant Hire/staff have been engaged to supplement local resources if necessary and / or to provide and on-call out of hours service where it is deemed necessary by An Garda Síochána. Saturday 22nd– Sunday 23rdOctober 6am to 4pm and 26th – 30th 6am to 9pm and Monday 31st 6am – 2pm
- Non-emergency reports will be risk assessed and assigned an order of priority.
- An Garda Síochána will provide back-up if required to facilitate confiscation of materials in potentially dangerous or conflict situations.
- In case of an Emergency relating to Halloween activity, i.e. where there is an immediate threat to life, reports should be made via Emergency Services 999 or 911.
- Community Gardaí are calling to various premises in the local area informing and reminding owners of their obligations regarding secure storage of pallets, tyres, and any other flammable material and to advise on elimination of any attraction or easy access to their premises. Shops and commercial premises are also being visited and reminded to keep their trolleys and pallet trucks secure.
- A schedule of drone flights have been authorised for the sole purpose of monitoring sites for stockpiling. This initiative has proved very effective in identifying some large scale storage spaces in recent years.
- Any anecdotal evidence of sources of bonfire materials will be investigated and liaison will be ongoing with alleged or known sources such as Dublin Port and the Markets area.

Community Engagement Activities and Events

North East Inner City - The Big Scream Halloween Community Festival

Funded under the **North East Inner City Initiative**, The Big Scream Festival has grown from a one-night event in 2016 to daily community engagement activities throughout the month of October. A six-week programme for youth services is underway while schools and childcare organisations are enjoying creative workshops, trips and Dracula encounters. This year's five-day festival will launch on 27 October with a Monster Party in Mountjoy Square

Park for primary schools. Planned events include a Drac Olympics and Family Fun Day, Ghost Walks (with real live ghosts!) as well as Afternoon Teas and Sing-Alongs in Senior Citizens' Centres. Activities for children with additional needs will also feature. A two-day funfair in O'Connell's School will take place over the Bank Holiday weekend and on Halloween itself, entertainment along the Royal Canal Greenway will lead people to a funfair in Rainbow Park. Everyone will be encouraged to celebrate together as a community and make this a memorable Halloween - for all the right reasons. Full details of the Festival Programme will be available on <http://bigscream.ie/>

North West Inner City

Planning is underway within Central Area resources to programme a series of Halloween themed community activities and entertainment within City Council Housing complexes. These activities will aim to encourage community participation and engagement in a family friendly environment. Programming of these activities will mainly involve the Housing, Sport & Recreation and Community Development teams supplemented with external service providers subject to availability of funding.

Further information and details on these local events will be shared with members as soon as they are finalised.

Cabra Glasnevin

The Community Officers will be proactively engaging with local communities to celebrate Halloween as follows:

Supply of treats via well-known responsible community groups for Halloween parties in residential areas (approx. 15) St. Eithne Road, Drumcliffe Road, Darling Estate, Ardpatrick Road, Ashington Mews, Ashington Park, Priory Estate, Dorset Street Flats, Blessington Street, Synnott Place, Montpelier Park, and Montpelier Gardens.

Other community events are being planned as follows:

A mobile cinema will set up at the swale on Killala road. It is planned to show two movies between 4pm and 9pm on Halloween night. Cabra Gardai have been contacted and asked to have members present throughout the evening.

All of these activities will involve in excess of 5,000 people engaged in positive celebratory activities providing diversion from other potentially dangerous activity and anti-social behavior.

Halloween Safety Promotional Campaign

In parallel to promotion of Halloween festivals and community events there will be a campaign to promote Safety at Halloween. The core messages will be

- **REPORT** stockpiling of illegal Fireworks and Bonfire materials
- **RESPECT** Emergency Services and all frontline workers
- **PROTECT** Yourself, your neighbours, your pets and your environment

Safety Messaging will be rolled out via all communication channels and Councillors are requested to support this through your own channels. Physical banners will be installed at prominent locations throughout Central Area communities to ensure that every effort is made to appeal particularly to young people not to take part in anti-social behaviour. (See sample attached).

The campaign will be supported by An Garda Síochána. A series of school visits are being arranged for Community Gardaí to promote responsible behaviour by giving talks about safety, fireworks, bonfires and prevention of damage to property and the environment.

As in previous years, the Central area post event reports and statistics will be provided to DCC HQ for amalgamation into overall comprehensive reporting on Halloween 2022 in due course.
