

Motions on Notice Dublin City Council Meeting 7th November 2022

1) Councillor Máire Devine

Submitted: 21st October 2020

Replaced: 13th October 2022

"This Council is baffled at the exclusion of Dublin City Local Authority from the recent raise in income thresholds eligibility for social housing that was afforded to five other counties. This blatantly ignores the areas that have the most acute affordability issues-the capital city. The government's decision to ignore Dublin, which nationally has the most expensive rents, is astonishing and is a cynical attempt to prevent the rise in social housing waiting lists.

Modest income families housing costs have been left to the mercy of the free market and large numbers have been removed or refused access to the housing list.

We demand that the Minister publish the Income Threshold Review (December 2021) as a matter of urgency and increase the baseline income thresholds in line with reality".

2) Councillor Mícheál MacDonncha

Submitted: 25th November 2020

Replaced: 26th October 2022

This Council notes and welcomes the establishment of two new Citizens' Assemblies by the Irish Government; it further notes that Citizens' Assemblies are powerful democratic exercises that inform citizens, allowing them to debate specifics, develop positions and inform policy. They have operated effectively in many jurisdictions across the world. This Council calls on the Irish Government to establish an all-Ireland Citizens' Assembly to debate and discuss our constitutional future. The debate on Irish Unity is live and growing, and we must plan for constitutional change, in the context of the Good Friday provision for a Unity referendum.

This Council also invites officials from the Taoiseach's Shared Island Unit to present to the Council and provide an update on activity and plans for the future.

This motion should be forwarded to the Office of the Taoiseach.

3) Councillor Cat O' Driscoll

Submitted: 25th November 2020

Replaced: 26th October 2022

This Council agrees to programme a series of events in the Fruit and Vegetable market, making it available to community and creative groups on an interim basis while a long term plan for the structure is determined. Performance, exhibition and rehearsal space in the city is not adequate and as a capital city more spaces are needed for culture.

4) Councillor Tom Brabazon

Submitted: 11th January 2021

That this council instructs the Chief Executive and calls upon the Chief Executive of the NTA to carry out the democratic will of this Council as expressed by the amendment of the Housing Land Initiative Report of on the 9th January 2017. This report was the foundation document of the Procurement and Disposal Process of the Oscar Traynor Road site which was passed by a 100% vote by Councillors in favour of the amendment on the 9th January 2017, the wording of which was (**in bold**) below:

"Dublin City Council has recently met with residents of Lorcan Estate and public representatives from the North West and North Central Area. It is proposed to put in place a Local Consultative Forum to ensure that there is fair and ongoing engagement and consultation with Community Interests in the area. The exact consultation structure can be agreed between the Area Committees and the local Area Managers and their teams **but will include representatives of Lorcan Estate, Castletimon Estate, Woodlawn Estate, Aulden Grange Estate, Santry Court Estate and Gaelscoil Cholmcille.** ¹ **This forum will be consulted by those drawing up the statutory Master Plan.** ² **The Masterplan will then be presented to the City Council for approval."**

As neither 1: ¹ **This forum will be consulted by those drawing up the statutory Master Plan**

Nor 2: ***2-The Masterplan will then be presented to the City Council for approval.***
have ever been completed, it is incumbent upon the Chief Executive to complete these two steps immediately and should have done so “before” the Oscar Traynor Road was presented for disposal.

That Dublin City Council supports the call for the release of Julian Assange and for all charges against him to be dropped and that we fully support the National Union of Journalists campaign to oppose Mr Assange’s extradition, which states:

'We condemn the detention of Julian Assange pending his extradition proceedings. We further condemn the attempted use of the US Espionage Act to prosecute Assange for his work exposing the war crimes committed by US service personnel in the Iraq and Afghan war logs. It is our view that the use of these judicial measures by the US constitutes a grave threat to free speech and a free press. It further notes that this attempted prosecution is without precedent in US law.'

In the interests of good planning and upholding the integrity of the City Development Plan in the minds of Citizens this Council agrees to write to the Minister for Housing and Local Government to withdraw the Specific Planning Policy Requirements provisions that enables Ministerial Guidelines to override such plans and lead to the probability of An Bord Pleanala continuing to ignore democratically agreed City and County Development Plans. That this meeting of DCC call on the management of the Artane Band and the Artane School of Music and the GAA to change the uniform and change the name of the Artane Band.

The symbol of the Artane Band, its uniform, its name, its insignia and its history are deeply traumatising and hurtful to the many thousands of us who were incarcerated in industrial and reform schools run by the Christian Brothers and other religious organisations. Indeed, many children from the mother and baby homes were incarcerated in Artane. Many more were press ganged into the band where children suffered horrendous abuse, sexual and otherwise, in the band room. Today, many of us still carry these scars and we find it wholly unacceptable in this

day and age having gone through all of the various inquiries including the Ryan Report, and the many horrors of child sexual abuse that the Artane Band still marches under that banner and in the uniform of the residential industrial School, Artane, St Joseph's where it was formed over 150 years ago. It is no excuse in this day and age to say that the children in the present band are well looked after or that the children in the band at present are going to be in anyway hurt by a change of uniform and change of name. In a world of political correctness, in a world where symbols of this nature are being frowned upon, one only has to site the symbols of slavery and the decommissioning of public monuments etc. to realise that the time has come, and long overdue, that the oppressive symbols of the Artane Band, its uniform and its name, be consigned to history.

It is absolutely outrageous that the National sports field, that the likes of the GAA and indeed RTE would blatantly display these symbols and this band without having any regard whatsoever for the ongoing dreadful suffering many thousands of children had to endure in residential institutions.

Indeed, Justice Ryan in his report regarded the Artane band, "The band was the public face of Artane and was used as propaganda to reassure the public that those in residential institutions such as Artane and Letterfrack were receiving good care and education" But as we all know now, the reality was very different. Indeed many of those that were in this band have since committed suicide. And many more who are alive today can't even look at a GAA match or go to Croke Park where the band is playing. This is our present day suffering and it needs to stop. It is time now for change. Stop this re-traumatising and let us begin a proper process of recovery and healing.

That this Council agrees to reduce commercial rates on premises which allow the public to use their toilet facilities.

19) Councillor Alison Gilliland

Submitted: 20th June 2022

Dublin City Council recognises that a clean, well maintained and litter free public realm across our city not only supports pride in and respect for our City but also supports outdoor enjoyment of our city. This is particularly relevant for the core city centre area where the City also welcomes a significant number of workers and visitors. However, Dublin City Council agrees that the current presentation and collection of commercial waste in the core city centre area is not supportive of a clean, well maintained and litter free public realm - too often bags of food rubbish ends up torn apart by seagulls and strewn across our footpaths while recycling materials in particular take up significant space on our footpaths and add to the sense of clutter. Therefore a) to better manage the presentation and collection of commercial waste in the core city centre area, Dublin City Council agrees that a new system be put in place that drastically reduces the

time commercial waste is allowed on our footpaths awaiting collection and that requires businesses to regularly sweep the public space directly in front of their premises so as to keep it free of litter and

b) to enhance the cleanliness of the core city centre area, Dublin City Council agrees that a the power washing rota be greatly enhanced to allow for more frequent and responsive power washing with particular attention being paid to areas with high daily and high night economy footfall.

20) Councillor Donna Cooney

25) Councillor Cieran Perry

Submitted: 26th October 2022

This council supports the Fair Employment Bill 2022 drafted by the Trade Union Left Forum as a replacement for the 1990 Industrial Relations Act.

The 1990 Industrial Relations Act was introduced as a control mechanism on trade unions. The act introduced many changes to the accepted norms of industrial relations up to that time. It banned support strikes, solidarity action, political strikes, sit-ins and immediate action. It isolated individual workers and introduced 7 day notice. It puts many conditions and restrictions around balloting for industrial action it ended Union autonomy and transferred what were always Union decisions to the judiciary.

At the Irish Congress of Trade Unions (ICTU) biennial delegate conference last year the following motion proposed by the Dublin Council of Trade Unions (DCTU) was unanimously passed and is now ICTU policy:

"Conference recognises that the restrictions on trade union action in the 1990 Industrial Relations Act need to be opposed, and that the act should be reformed to restore rights which trade unions had before 1990. Conference mandates the executive to seek an alternative legislative regime which would allow trade union and industrial action for workers, for issues that concern workers across society and, across employers, and for effective solidarity to workers in dispute"
