### **NEIC Drug Related Intimidation & Violence Engagement (DRIVE) Lead – €56,968.96**

DRIVE is a data-driven intervention model to respond effectively to drug-related intimidation and violence in communities in Ireland.

Drug related intimidation and drug related violence continue to be a significant issue in the NEIC area negatively affecting the lives of the people who live in the area and the perception of those outside of the area.

This proposal will build on the work of the Ana Liffey Drug Project's Drug Related Intimidation Initiative and the 'Debts, Threats, Distress and Hope: Towards Understanding Drug-Related Intimidation in Dublin's North East Inner City' report on Drug Related Intimidation in the NEIC area.

The Local Community Safety Partnership (LCSP) will host the post. LCSP will also host the DRIVE inter-agency group as a sub-group. LCSP will cooperate with the drugs and alcohol task force when it is re-established, to delivery this project.

NEIC DRIVE project will be connected with the national structure and will be supported by the national coordinator to ensure sharing of learning and adherence to the model.

## **A community response to Domestic, Sexual and Gender Based Violence (DSGBV) in the North East Inner City (NEIC) - €62,641.00**

The NEIC unique for many different reasons but it also presents many challenges because of the diverse and dense population, particularly around DSGBV.

It is proposed to employ a project lead to drive the community response to Domestic, Sexual and Gender Based Violence in the NEIC.

The project lead will work with the national HSE DSGBV health co-ordinator to implement and report on progress on the relevant actions under the national strategy in the NEIC, thus linking up the local and national dimensions.
