Dear Meeting Administrator,

At a recent meeting of Cork County Council, the Mayor and Members resolved as follows:-

*“Cork County Council calls on the EPA to put in place a full suite of end of waste criteria to support the circular economy and climate action. These criteria must allow for an efficient means to move materials out of the waste streams in all areas including*

- *construction and demolition waste materials such as concrete, topsoil, concrete products such as blocks and kerbs, timber, etc to reduce the demand for virgin materials and it must allow for materials from smaller projects coming to locations such as civic amenity sites.*
- *re-use schemes such as paint, bicycles, etc coming to locations such as civic amenity sites.*
- *Items such as furniture, toys, tools, equipment and schoolbooks coming to locations such as civic amenity sites to extend their useful life or for parts to extend the life of other items.*

*Members agreed that a copy of this letter would be circulated to the EPA and the Southern Regional Assembly”.*

I would be obliged if you would circulate this to your Elected Members.

Yours sincerely,

---
