**Breviate of the Traffic and Transport Strategic Policy Committee meeting held on 7<sup>th</sup>  
June 2023**

---

1. Minutes of SPC meeting of 8<sup>TH</sup> February, 2022
  - 1 Minutes of Walking & Cycling Sub-Committee
  - 2 Minutes of Public Transport Subcommittee

**Order: Agreed**

2. Canal Cordon Count Report – Brendan O’Brien, Executive Manager

**Order: Report & Presentation noted.**

3. Update and progress on the City Centre Study – Brendan O’Brien, Executive Manager

**Order: Report & Presentation noted.**

4. Irish Road Haulage Association presentation - Eugene Drennan

**Order: Presentation Noted. Possibility of establishing subcommittee to examine the issues raised to be explored**

5. Transport Advisory Group, Neighbourhood Schemes & Safe Routes to Schools Programme funding report – Brendan O’Brien, Executive Manager

**Order: Presentation Noted.**

6. Active travel Programme Office update report – Michele Murphy Senior Executive Planner

**Order: Presentation Noted. Any queries should be sent to [michele.murphy@dublincity.ie](mailto:michele.murphy@dublincity.ie)**

7. **Motion in the name of Councillor Dermot Lacey.**

This Committee requests the Traffic Department and the Parks Section of Dublin City Council to examine how natural planting, planter boxes and other more environmentally friendly means could be used in place of plastic bollards and other more concrete type dividers across the various mobility (pedestrian, cycling and motor) routes.

**Order: Agreed, motion to be referred to the Active Travel Programme Office**

**8. Motion in the name of Councillor Damian O'Farrell**

That this Traffic and Transport SPC urgently requests the Minister for Transport Eamon Ryan and the National Transport Authority to both include and separately provide increased funding for much needed pedestrian crossings and other pedestrian related projects into our 'active travel' programme function.

There has been an impact of the success of active travel on pedestrian related journeys including those of children walking to school. However we are lagging dangerously behind in the provision of safe pedestrian journeys and crossings.

Over 16 traffic engineers transferred to our active travel programme office leaving multiple vacancies in our Traffic Dept and which is severely effecting the quantity of work our traffic department can undertake. There is one neighbourhood engineer attached to the Northside of the city and one to the Southside (separate from TAG).

Only three pedestrian crossings are being undertaken in the North Central Area presently, all other requests are to go through TAG but there are not enough engineers available. The North Central Area alone requires several more pedestrian crossing installations not to mention other areas of the city.

Walking is Active Travel and should be recognised as such.

**Councillor Farrell advised that he is largely satisfied that this contents of the motion will be addressed with the additional funding referenced by Mr. O'Brien under Item 5**

**Order: Motion moved**

**9. Motion from Public Transportation Subcommittee held on 11<sup>th</sup> May 2023, to bring Traffic & Transport SPC meeting.**

**Motion in the name of Councillor Deirdre Conroy, Chairperson of the Public Transportation Sub Committee** to the Traffic & Transport SPC, requesting this committee writes to the Department of Education to bring forward and address a policy in support for a School Bus System for students within the Dublin Area.

There previously was a school bus system in place, which was very successful in promoting the use of public transportation for the school-going younger generation but for various reasons this scheme was stopped. Currently in place of this scheme are private operators for specific routes providing a service for selected schools depending on the demand in the area. This privately operated school bus system is on the north side of the city but unfortunately, we are not aware of such services on the south side. As the demand for secondary schools is becoming more oversubscribed, students often find themselves at a disadvantage in having to travel a significant distance for a place in a school that may not have private bus services operating from them. Also during school term, we can clearly see the impact of congestion and delays that the school run by private car has on the road network.

Although during the school run times, bus operators put on universal additional buses on routes to meet the increase in demand, but these services are discreet and buses can be already be quite full by the time they pass various schools. This does little to prompt the modal shift to encourage students to take the bus. If there was a dedicated bus service or a bus on the public route service for school going students only, we believe that this would raise a profile of public transportation services for students and provide a friendly and comfortable environment for children at this school-going age.

The purpose of this policy would be;

- To promote change to public transportation and to allow students to become accustomed to taking the bus.
- To reduce the unnecessary school car run as students would have an alternative
- To reduce traffic congestion and as a result reduce pollution and improve air quality
- In providing a dedicated school bus service, this raises the awareness of choice for parents in the use of public transportation and would encourage the right modal-shift.
- With the integrated ticketing system in place, the travel demand for students on the public routes would be known and this would assist in surveys to determine effective times and routes for dedicated school buses and encourage other students to avail of the service.

As the remit of school bus services at a national level is with the Department of Education and provided via Bus Eireann, unfortunately there is no central system or scheme in place for the Dublin Area for school children. Thus for the purposes presented above, the Department of Education is in the best position to assist in supporting this policy and we welcome the opportunity to work with the Department of Education to develop and support the policy that would result in the school bus being the 1<sup>st</sup> choice for students.

**Order: Agreed**

#### **10. Motion in the name of Councillor Janice Boylan**

To ask the Manager and Chief Executive to look at and drastically improve the timeframe around the implementation of pedestrian crossings. At the moment in the central area for example we have 4 agreed which is brilliant, however the time frame in which it takes from request to finished result is way too long and causing undue stress on all concerned. Our communities and in particular our children deserve better than this. Their safety cannot be jeopardised by time frames that makes no sense what so ever. When we witnessed and experienced during Covid, how quickly some of these measures could be put in place. Will the manager and CEO now commit to speeding up this process through whatever means are necessary?

**This matter is largely addressed by the additional funding referenced by Mr. O'Brien under item 5**

**Order: Motion Moved**

#### **11. A.O.B.**

Colm Ryder requested that the next meeting be rescheduled to facilitate members that wish to attend the Irish Cycling Symposium

**Order: Examine if this request can be accommodated.**

Cllr. Pidgeon requested an update on the City Road Safety Strategy workshop and Bike Bunker. Brendan O'Brien advised that there will be a report on the Bike Bunkers on the meeting of the SPC.

**Order: Noted**

Cllr Cooney queried funding for public art on active travel / cycle routes

**Order: Refer to Active travel**

**Councillor Noeleen Reilly**

**Chairperson**

**8<sup>th</sup> June 2023**

## **ATTENDANCE:**

### **SPC Members:**

Councillor Noeleen Reilly  
Lord Mayor Caroline Conroy  
Councillor Keith Connolly  
Councillor Deirdre Conroy  
Councillor Mannix Flynn  
Councillor Anne Feeney  
Councillor Keith Connolly  
Councillor Janet Horner  
Councillor Carolyn Moore  
Councillor Paddy  
McCartan; Councillor  
Larry O'Toole

Mr Martin Hoey, Public Participation Network  
Mr Colm Ryder, Dublin Cycling Campaign  
Mr Richard Guiney Dublin Town  
M Declan Gray, Dublin Chamber of Commerce  
Mr Keith Gavin, Irish Parking  
Mr. Gary Kearney, Public Participation Network

**Apologies/Absent:** Councillor Daniel Céitinn; Councillor Jane Horgan Jones

**Non-Members:** Councillor Damian O'Farrell

### **Dublin City Council Staff:**

Brendan O'Brien, A/Executive Manager (Traffic); Andy Walsh, Director Active Travel; Michele Murphy, Senior Executive Planner, Ciarán McGoldrick, Senior Staff Officer, Niamh Sloyan, Staff Officer, Fergal McKay, Assistant Staff Officer.

### **Outside Bodies:**

Eugene Drennan, Irish Road Haulage Association
