<b>Grand Total</b>	<b>459</b>	<b>59</b>	<b>518</b>

**Signage**

A new sign with raised bed in Dublin Stone at Donnycarney East was installed. Plants were ordered for the “Clans Environmental Group” who agreed to plant it up. It is hoped that photos from the group showing the completed planting will be received soon.

## Planting & Planters

Mechanical spring bulb planting was organised to be completed in early December in time for Spring 2024. Lots of new areas were included on the list so a lovely pop of colour will be evident in the North Central Area from early spring right up to the summer. The Environmental Liaison Officer also purchased lots of spring bulbs for local volunteers to plant along a section of Skelly's Lane over the Christmas break and joined them on the day to help with the task which was a great success.

Two new PACE Shiplap planter boxes were placed at the laneway on Macroom Road to acknowledge all of the hard work carried out by the newly established environmental group.

## Discretionary Projects

The “Thornville greening project” has been completed. The area is currently being protected by barriers to allow the grass seed to take.

### Before

### After

The Ard na Greine 50<sup>th</sup> Anniversary Commemorative stone has been installed.

### **Benches**

6 new benches are scheduled for installation in January at a number of locations.

A matching bench has been ordered for Charlemont Estate as per image below. Installation is expected in the first quarter of 2024.
