South East Area Committee**

29th April, 2024

Sandymount Green - Proposed Traffic Calming for the Summer of 2024

We held a meeting with stakeholders in Sandymount to discuss traffic calming for the Summer of 2024. As a result we are proposing to introduce traffic calming on the east side of Sandymount Green at weekends (Fridays, Saturdays and Sundays) similar to the weekend closures in 2023. It is proposed to start the weekend closures on the weekend beginning the 24th May until at least the end of September. A meeting will be held with stakeholders in early September to consider extending traffic calming to include weekends in October. The Environment & Transportation Department advise that the closure will be under Section 95 of the Road Traffic Act 1961 and Section 37/38 of the Road Traffic Act 1984.

Tables and chairs will be allowable in the parking bays on Fridays, Saturdays and Sundays and must be removed thereafter. For the remainder of the week, Monday to Thursday inclusive, the east side of Sandymount Green will be open as normal.

We have also arranged that the residents of Sandymount Green will be able to use their parking permits on the adjoining roads to the Green during the times the road is closed i.e. Fridays – Sundays only.

The South East Area Office will arrange for planters and musical entertainment at weekends. Waste Management will provide enhanced cleaning at the weekends.
