

With reference to the proposed disposal of site for a substation at Shangan Drive, Ballymun, Dublin 9.

As part of the regeneration of Ballymun new housing developments were constructed at Shangan, Ballymun, Dublin 9. In order to service these developments it was necessary to provide ESB substations. One such substation, located at Shangan Drive, is located on land in the ownership of Dublin City Council.

In accordance with the standard terms and conditions for the provision of an electricity supply, the City Council is required to provide sites for substations free of charge to the ESB. The site in question is shown outlined red and coloured pink on attached Map Index No.SM-2015-1018.

It is therefore proposed to dispose of the City Council's interest in this site in fee simple to the ESB subject to the following terms and conditions:

1. The site will be transferred to the ESB free of charge.
2. The E.S.B will pay a contribution of €750 (seven hundred and fifty euro) towards the City Council's legal costs incurred in the transaction together with VAT and reasonable outlay.

The lands to be disposed of were acquired from U.C.D.

No Agreement enforceable at law is created or intended to be created until an exchange of contracts has taken place.

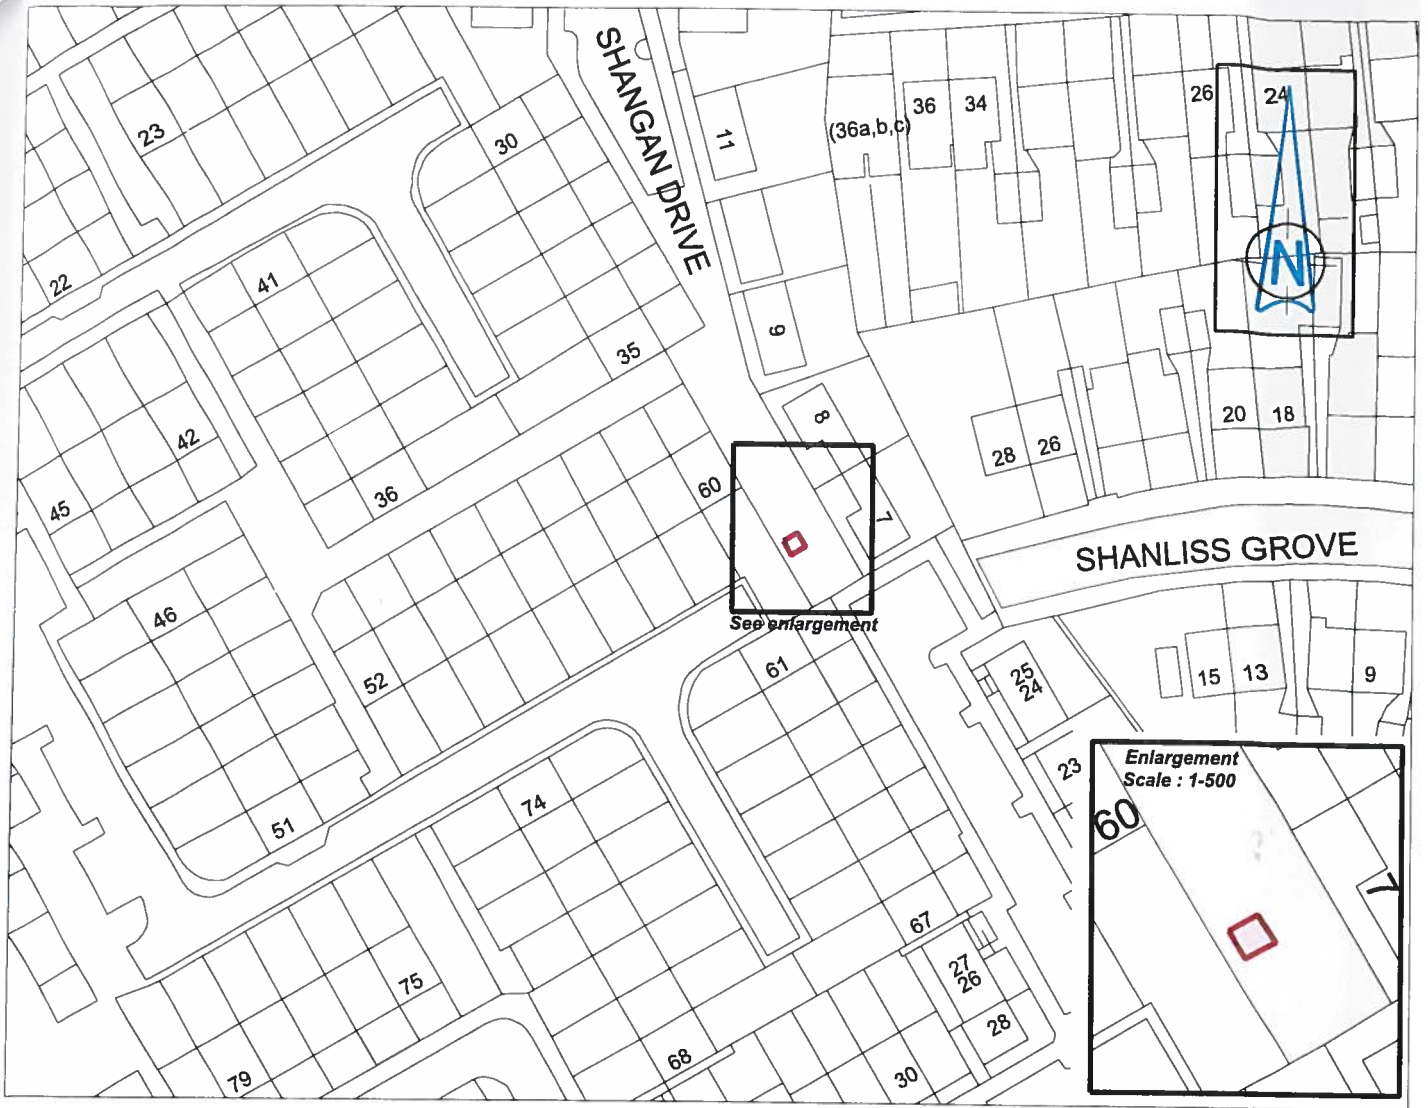

The disposal shall be subject to any such covenants and conditions as the Law Agent in his discretion shall stipulate.

This proposal was approved by the North West Area Committee at its meeting on 15th November 2016.

This report is submitted in accordance with the requirements of Section 183 of the Local Government Act, 2001.

Dated this 17th day of November 2016.
