

## **ARTS FUNDING FOR 2017 (ARTS ACT 2003)**

### Arts Funding for 2017 (Arts Acts 2003)

In accordance with Section 6 of the Arts Act 2003 local authorities may provide financial assistance for the purpose of:

- (a) Stimulating public interest in the Arts,
- (b) Promoting knowledge, appreciation and practice of the arts, or
- (c) Improving standards in the arts within its functional area.

Dublin City Council advertised its Arts Grants Scheme on 29<sup>th</sup> September 2016 with a closing date of 1<sup>st</sup> November 2016. A total of 175 applications were received and these were examined and evaluated by a Sub Group of the Arts, Culture & Recreation SPC.

There are three types of Arts Grants awarded.

1. Revenue Grants: Annual support for established Arts Organisations. €268K
2. Project Grants: Applications by Artists, Arts Organisations and Collectives to mount specific projects such as plays, exhibitions, concerts etc. €159K
3. Neighbourhood/Voluntary Grants: Support for Arts Projects with significant input by residents of, and located in, a City Neighbourhood. Also applications by Voluntary Arts Groups. €103K

In 2016, Dublin City Arts Office has reviewed its approach to supporting the development of The Arts in Neighbourhoods. At the meeting of the Arts and Culture SPC in November 2016, the City Arts Officer proposed and received approval to conduct a pilot Neighbourhood Partnership as part of the Neighbourhood/ Arts Grants. €50K of the normal allocation of €100K will be given in 5K-€10K awards to begin a partnership process with the Arts Office and Area Offices to develop and support a project in each City Administrative Area. The remaining €50K to be allocated as normal. This pilot scheme seeks to address the difficulty that formal Arts application processes can present to community groups and to provide ongoing developmental support throughout the life of the project. Five groups have been chosen from the applications received and are recommended.

The award of grants to the total sum of €530,000, as detailed in the report, is recommended for approval by Dublin City Council.
