Ennaville Avenue, D.3
Binns Bridge, D.9
Royal Canal Bank, D.9

Pop up Park Church Street Brunswick Street Junction

The finalized DCC owned vacant site recently improved and opened up under the direction of Mark Jones Parks Department. It is a great improvement not only to Church Street but to central area on the whole.

Below are the images from start to finish.

N.I.C.L.A.G. – Road Sweeping – Clonliffe Avenue

In early January 2017 Central Area Public Domain Team in conjunction with the Waste Management have organised a road sweeper to clean Clonliffe Avenue. We have requested residents to park on the right hand side of the street 10th January 2017 for a number of hours so that the sweeper could access the kerbs and road along the left hand side of the street. Then alternate to the other side the following day the 11th January 2017. Signage was erected along the street and every house was leafleted in advance to ensure residents were informed.

Please also find included a copy of the notice posted to local residents.

December 2016

Notice Road Sweeping - Clonliffe Avenue

Dear Resident,

Dublin City Council is requesting that you park your motor vehicle (if applicable) on the **right hand** of **Clonliffe Avenue** (when entering from the Ballybough Road –please see below location map) on **Tuesday 10th January 2017 from 9.30am – 1pm**.

Also please park your motor vehicle (if applicable) on the **left hand** of **Clonliffe Avenue** (when entering from the Ballybough Road –please see below location map) on **Wednesday 11th January 2017 from 9.30am – 1pm**.

This is to facilitate the Road Sweeper to sweep the left hand side of the street properly

Thanking you in advance for your co-operation in this matter.

Yours sincerely,
Robert Ingram

Robert Ingram
Environmental Liaison Officer Central Area

CCTV

As part of central areas anti-dumping CCTV initiative, Public Domain Unit have identified more black spots in central area. Continued installation of CCTV has proven a success in dumping blackspot areas.

New locations identified December:

- Merchants Road East Wall
- Bella Street
- Gaelic Street Ossary Road

at the following locations**

Dublin Central Area

Croke Park, Cusack Stand (via St. Joseph's Ave.)	Wed 4th to Fri 6th Jan: 8am - 8pm Sat 7th to Sun 8th Jan: 10am – 4pm Mon 9th to Fri 13th Jan: 8am – 8pm Sat 14th to Sun 15th Jan: 10am– 4pm (Refer to www.crokepark.ie)
Grangegorman, Upper Grangegorman Road, Dublin 7	Opening hrs Mon to Thurs 9am – 4pm Fri 9am – 1pm Sat 10am – 4pm Sun (8th 15th 22nd January only) 12pm– 4pm

Dublin City Council would like to thank everyone for their recycling efforts during the year. Let's make 2017 the best year yet for recycling!

John McPartlan

Public Domain Enforcement Officer

**To the Chairperson and Members of
the Central Area Committee**

January, 2017

Central Area Housing Report

(1) Chris Butler, Area Housing Manger

Vacant site, Railway Street

Circle Voluntary Housing Association have now finalised a proposed design and made a presentation to Councillors on Thursday 10th November. DCC have since met residents from the Kiln and Forge to discuss the proposal and they have expressed support for the project. Circle VHA made a presentation to their residents in Peadar Kearney House on the 9th of December. While many residents were positive some objected strongly on the basis that they wanted the site retained for community use and in particular a football pitch. Further meetings will be held in the New Year.

St. Mary's Mansions

Following a presentation to the residents and the Area Councillors which received a very positive response, a planning application was lodged on the 6th May 2016 for redevelopment of the complex. Final Grant Notice was issued on the 8th August and Cluid expect work to commence on site in April 2017. The redevelopment is due to be completed in December 2018.

Detenancing has continued but it was not possible to have the complex vacated by the end of the year. Approximately 8 tenants will remain in the complex until early 2017 and most of these have accepted offers and will move in January. DCC and Cluid continue to work to residents who have not yet been facilitated but some residents have now changed their housing requirements and are being somewhat excessive in their demands for rehousing. All tenants have been or will be made reasonable offers of temporary alternative accommodation but should they continue to be intransigent they may jeopardise the viability of the project.

Entrances to the stairwells on K block have been secured s all residents on the upper floors have now moved out.

Gloucester Place/Former IDA site

Construction work commenced in late February following some delays with the issuing of fire certs. As part of the initial works the site has been hoarded off along with the adjacent smaller site which the same developer has agreed to purchase. Plans for the adjacent site will be submitted shortly. Site clearance works are also underway and the project is progressing well.

Prior to commencement of works a meeting was held on the 26th January between local Housing staff, residents reps, school reps and Bennetts Construction to outline the project and discuss issues such as traffic and noise management. A further meeting has since taken place and issues around traffic management and window cleaning were raised. Residents in Gloucester Place also staged a protest, blocking the road, but following a meeting between the builder and these residents no further protests have taken place. As most of the issues raised by residents were not directly related to matters that DCC could address it has been decided that DCC will no longer participate in this meetings. The meetings have continued between the contractor and residents and residents can raise any planning or other relevant issues directly with DCC.

Some issues in relation to working hours and illegal parking have been raised by residents recently. These matters have been referred to Parking Enforcement and Planning Enforcement for investigation.

Castelforbes

The 26 units at Castleforbes (Northbank), that DCC are acquiring, are not completed and are now in the hands of the receiver. Dublin City Council is currently engaging with the receiver regarding the acquisition of the Part V units in the development. Due to the nature of the works to be undertaken it now extremely unlikely that these units will be acquired before the beginning of 2017.

Tuath Housing have now agreed contracts to acquire 21 units in Castleforbes Square. Sales were due to close on these units in early October but there has been a delay and it now unlikely units will be occupied until early in the New Year. 11 of the units will initially be used to temporarily house residents from Gallery Quay to facilitate remedial works in relation to water ingress and insulation. The remaining 10 units (8x 2 bed, 2 x 1 bed) will be allocated to applicants from DCC's Housing, Transfer and Priority lists. Selection of applicant has taken place and names of nominees have been forwarded to Tuath Housing for interview.

Avondale House

Following ongoing issues with the security doors in the complex, along with concerns the residents had raised after the violent incident earlier in the year, it was decided to replace the doors with a stronger and more durable door. The new doors were installed in December.

Apartment blocks Sheriff Street

The stairwells and common areas in the apartment blocks at Mariners Port, Crinan Strand and Spencer Dock have fallen in to a poor condition over recent years. We have recently installed new, more secure post boxes and now intend to replace the main entrance doors and the floor covering and to paint the stairwells. These works have now commenced and should be completed by early 2017.

(2) Brian Kavanagh, Area Housing Manager

Poplar Row, Taaffe Place, Annesley Avenue & Place – Pyrite Issues

The Pyrite remediation works were carried out in three 10/12 week phases. All 3 phases have been completed with the exception of some snagging works and all of the tenants having returned to their homes. The work will be inspected before the end of the defects period and any defects attributable to the works will be rectified. These inspections will be carried out on the 12th and 13th December. A service along with an inspection of the gas boilers has been carried out.

Croke Villas

There are 8 dwellings out of 79 currently occupied in Croke Villas 1 of which are currently in the process of moving to alternative accommodation.

Works are continuing on Block 3 to facilitate consolidating the remaining residents from blocks 1, 2 and 4 into the one block and these moves will be completed by early January 2017 pending the completion of the homes at 2-6 Ballybough Road.

The Project Estate Officer for Croke Villas continues to liaise with An Garda Síochána in relation to drug users congregating on some of the stairwells in this complex.

The Part 8 report in relation to the demolition of all four blocks was approved at the October meeting of the City Council.

The Main Tender for the development of the units on 2-6 Ballybough Road has been assessed by Dublin City Council and is with the Department of Housing & Community seeking their approval to proceed with the award of contract to the successful tenderer.

City Architects have appointed the design team for the overall project and preparation of a Part 8 for the cottages on Sackville Ave, housing units on the site of the Croke Villas flat blocks and the roadway has commenced.

Ballybough House

The Housing Manager and Community Worker met with residents in November to discuss ongoing maintenance and anti-social issues. Significant works are now taking place to improve the complex.

New lighting is being installed and the entire courtyard has been power washed. Repairs have been carried out on four of the six stairwells and the remaining stairwells will be repaired after Christmas, provided arrangements can be made to maintain access while the works are being done. New, replacement, bins have also been provided.

To address the ongoing problem of youth's congregating on the stairwells it is proposed to install security doors at the entrance to the stairwells. This work is expected to commence in early January. The Project Estate Officer is continually liaising with An Garda Síochána to identify the individuals causing problems in the complex and to take whatever action is required to resolve this problem.

Repair works to the playgrounds will be completed in January and some landscaping works will be done in the Courtyard. Some painting works will also be carried out.

We are currently examining the potential to knock 2 flats into 1 and create larger living spaces within the units. As we may require tenants to move temporarily within the complex none of the current vacant units will be let for the moment.

Delays have occurred to the completion of the CCTV system but works should be completed shortly.

The Area Housing Manager, the Project Estate Officer and the Community Development Officer continue to meet with Residents and good progress has been made with residents working with the Area Office to bring about improvements at the complex.

Vacant Site at Poplar Row

Oaklee Housing lodged a planning application ref: 4124/15 on 30th November 2015 for a development of 29 units of accommodation (4 no. 2 beds and 25 no. 1 beds) at Poplar Row (formally Block 2). Planning permission with conditions was granted to Oaklee Housing on 10th June 2016 however an appeal was lodged with An Bord Pleanála by the local Residents Association. A meeting with Area Councillors, Oaklee Housing Trust and representatives from the adjacent residents was held on the 5th July 2016 in relation to their concerns with an agreement to provide additional information as to the effect the proposed building will have on the light to adjoining homes. An agreement was also reached to ensure improved communications by forming a liaison group with DCC, Oaklee and Resident representatives when the development commences. Oaklee Housing Trust were advised on Friday 30th Sept 2016 of a notice to grant planning by ABP for Poplar Row. Work on the detailed design has commenced and site surveys are currently being carried out by Oaklee's Design team.

Tom Clarke House

Work commenced on site on the 2/11/2015 converting bedsits into one bedroom apartments. The Contractor is D&S Higgins Construction Ltd. Work on the first phase is completed and the units are allocated, work on phase 2 has commenced with completion anticipated end of Quarter 1 2017.

St. Agatha's Court

The Peter McVerry Trust was asked by Dublin City Council to bring forward proposals for the site at St. Agatha's Court. The proposal put forward is to convert 16 units into 8 larger units and construct 4 additional units giving a total of 11 units. The units have been vacant for some time so it would bring them back into use. The Department of Environment Community and Local Government in May granted approval in principle to the construction of the 11 units at a cost of €1,170,000 with a view to starting on site in 2015.

Work commenced on site in April 2016 and completion is scheduled for January 2017.

Disposal of the site (by lease) to the Peter McVerry Trust was approved at the March meeting of the City Council. The Peter McVerry Trust are liaising with Housing Allocations/ Homeless Services in relation to allocating the completed units.

(3)Sean Smith, Area Housing Manager

Dominick Street Lower

The part 8 proceedings for 5-3 bed town houses, 68 apartments consisting of 5-3 bed, 50-2 bed and 12-1 bed units, a community facility and retail/commercial units with 47 car spaces at basement level on the eastern side of Dominick Street.

Ongoing meetings will take place with the Dominick Street Lower Redevelopment group and our design team during the months of January, February and March.

Luas Cross City Works

Residents of Constitution Hill, Dominick St Lower, Dominick House, Dominick Court and Dominick St Upper have been kept updated on the progress of the Luas Cross City (LCC). LCC staff and the Contractor (SSJV) have discussed the programme of works with local residents. Contractor is currently on-site in Constitution Hill, Dominick Street Lower/Upper, Mountjoy St, Dorset Street/Bolton Street and Parnell Street.

Work is ongoing on the road reconstruction of the traffic lane of Dominick Street Lower. January will see the commencement of the road reconstruction of the traffic lane on Dominick Street Lower near the entrance to Dominick Place.

TRAFFIC FLOW

- The access from Parnell Square West and Granby Place onto Dominick Street Lower will be closed during the works. The current traffic flows on Parnell Street and Dominick Street Lower remain unchanged during these works.
- Please note that vehicles can access Granby Place as normal via Parnell Square West. Vehicles can exit Granby Place via Granby Lane towards Granby Row to reach Dorset Street.
- There is no impact on the pedestrian access to Granby Place during these works.

It is anticipated that works will take place between the 13th and 27th January, subject to site conditions and weather conditions.

- Broadstone – Constitution Hill
Works continue off street on the Broadstone plaza levelling works and at the Grangegorman stop.
- Dominick Street Lower
The traffic lane between Parnell Street and Bolton Street will be reconstructed in a phase approach. Dominick Place will be closed off to allow the road reconstruction to be completed. Local traffic will get to Granby Place via Parnell Square West and exit via Granby Lane onto Granby Row only. On completion of the road works, the crews will move into footpath works on the side of the Lower Dominick Street flats.
- Dominick Street Upper – Between Constitution Hill and Mountjoy Street. The works on the paving started during week commencing 12th December 2016, on the side of Temple Cottages. These works will continue during January and February 2017. The traffic flow stays the same. No impact on pedestrian movements. The last tracks are getting completed at Cumiskey's pub during January. The hardscaping and landscaping in that general area near Western Way will continue over the coming months.

- Dominick Street Upper – Between Constitution Hill and Bolton Street.
Hardscaping in the general area near the Bolton Street Junction will take place during December 2016.

Various milestones were achieved in the City Centre and in the off street section of the works. With the last on street tracks brought to site and due for completion in the coming weeks, the focus of the works will switch to the close out of the road works, the paving of footpaths and platforms and installation of power and systems during 2017.

SSJV would like to thank everyone for the collaboration they gave the project throughout 2016. It is anticipated that the Luas Cross City will be operational by the end of 2017.

Sisk Steconfer JV (SSJV) crews will endeavour to reduce the impact of the works to a minimum. However, if you need to get in touch with us during these works, you will be able to reach SSJV's site representative on 01/5397979.

Constitution Hill

Ongoing meetings with Residents are taking place. Luas Cross City Staff, the Housing Manager and Project Estate Officer are keeping Residents up-to-date on the proposed plans/works for Broadstone Gate.

Dorset Street & Saint Marys Terrace

Ongoing meetings are taking place with Residents, Estate Management and the Gardai in relation to antisocial behaviour in Dorset Street and Saint Marys Place complex.

Henrietta House

Painting of the stairwells in both blocks commenced in December, works are ongoing.

Blackhall Place/Marmion Court

An extensive painting programme for the Blackhall/Marmion complex is ongoing.

Saint Michans House

Works on the speed restriction ramps in Blocks C,D,E,F. will commence in January.

C.C.T.V

A contractor is currently on site in Dominick Street Upper, Constitution Hill, Dorset Street and Kevin Barry House, doing necessary repair works to the defective cameras in these complexes.

Christmas Events

All four community centres held their annual Christmas dinner for the Senior Citizens in the NWIC area, and was a great success. Santa Claus visited the centres for the children's Christmas parties and numerous Christmas events and outings were organised for the children in the NWIC area.

The Following Complexes have regular meetings between residents and Estate Management and there are no outstanding issues.

- Henrietta House
- Dominick Court
- Dominick House/Palmerston Place
- Dominick Street Upper
- Eccles Court
- Saint Peters Court
- Kevin Barry House

- Sheridan Place/Court
- Hardwicke Street
- North King Street
- Haymarket/Queen Street
- Dorset Street

(4) Dick Whelan, Area Housing Manager

St. Bricins Park

Works on Block 3 (Phase 2 to the refurbishment) are continuing and fortnightly on site meetings are being held which will closely monitor progress. As previously stated the scheduled completion date for Phase two is mid 2017.

O'Devaney Gardens

A detailed report on redevelopment proposals for the site was presented to the December meeting of Housing SPC and hard copies of that document have been circulated to remaining residents. There have been no further transfers out of the last two blocks and, as was the case last month, there are still 6 occupied flats.

Drumalee Estate

The MUGA has been reopened for limited use by the public and it is hoped to have it fully open early in the New Year. Works on the courtyard area of Drumalee Court (Prussia Street side) have made a significant difference to the appearance of the complex and it is expected that these works will be completed in the next couple of months.

Karl Mitchell

Assistant Area Manager

**To the Chairperson and Members of
the Central Area Committee**

North East Inner City Ministerial Task Force

In early November 2016 Dublin City Council was notified by the Department of Housing, Planning, Community & Local Government that scope had been identified in the Department's regeneration funding commitments for 2016 to re-allocate up to €3M to Dublin City Council, under the NEIC Initiative, for the purposes of further regeneration works and upgrade of community facilities. The Department of HPC&LG requested a submission setting out proposed projects for funding under this allocation. It was emphasised that in order to secure the funding it must be drawn down in 2016.

A submission was prepared in consultation with relevant front line Dublin City Council services and final approval was received from the Department on 6th December 2016 for a total allocation of €2.655M in respect of the following projects.

Housing	Ballybough House, Courtney Place and surrounding areas – upgrade and improvement works e.g. lighting, deep cleaning, security systems, landscaping, resurfacing etc.	€750,000
Public Lighting	Painting of lampposts and upgrade of existing public lighting, replacement with LED including Ballybough Rd., North Strand Rd., Amiens St., Summerhill Parade.	€250,000
Public domain improvements	Hoarding and façade improvements of various sites in derelict or unsightly condition including corner of Russell St. / NCR, ESB site Sean Mac Dermott St.	€20,000
	Further road re-surfacing and street improvements to complement works approved under Round 1 funding i.e. Railway St. (section from James Joyce St. to Buckingham St.); James Joyce St. (section from Foley St. to Sean MacDermott St.); Sean Mac Dermott St. (Marlborough St. to Buckingham St.); Cumberland St. North, Beaver St.	€745,000
	Mountjoy Square Park improvement works including restoration of railings.	€300,000
Refurbishment / maintenance/ upgrade of community facilities	Dorset St. Fire Station (Community Use); Lourdes Daycare Centre; Lourdes Parish Hall; NEC Community Garden; Sean MacDermott St. Swimming Pool (internal works); The LAB City Arts Office; Sheriff St. Recreation Centre; Ballybough Community Youth & Fitness Centre; Sophia Housing Association.	€590,000
TOTAL:		€2,655,000

As specified by the Department of Housing, Planning, Community and Local Government Dublin City Council committed to delivering these projects within a short timeframe and works is progressing in this regard.

Mr. Kieran Mulvey presented a draft of his report to the Ministerial Task Force on 21st December 2016. It is understood that a draft will also be presented to local community representatives for feedback in the coming weeks with a view to submission of the final report to Government at end January 2017.

To the Chairperson and Members of
the Central Area Committee

GGDA Report – January 2017

A platform for a unique conversation between transition year students and artist-lecturers at D.I.T.

A new art project is set to enable young students in the Grangegorman area to engage creatively with two artists who lecture in DIT. This new project has been commissioned under Pathway 2 of '...the lives we live', the Grangegorman public art programme. This pathway is aimed at supporting community based projects/events and opening up relationships between secondary and tertiary level students as well as with the wider local community. The Public Art Working Group is currently supporting eight community-based arts projects to support openness within institutions to explore and engage ambitious projects of lasting relevance.

The next deadline for submissions for Pathway 2 is Friday 25th January 2017. For full information on all of the pathways go to www.ggda.ie/public_art.

Central Area Age Friendly Report - January 2017

Summary of a Central Area Age Friendly meeting held with An Garda Síochána on the 7th December 2016

A meeting was held this month to discuss how to progress actions in the Central Area Older Person's Strategy where the Gardai are a lead agency.

1. Encourage more policing within parks to enable older people to use and feel safe in them – Liberty Park / Blessington Basin

Action

- DCC will notify the Gardai of upcoming events in Liberty Park / Blessington Basin so that a police presence can be arranged.
2. (a) The Gardai to regularly attend events/activities at venues for older people to provide information and address safety concerns.

(b) Provide information/guidance for older people to protect themselves against bogus callers/tradesmen in the Central Area

Action

- DCC will supply list of older persons groups in the Central Area to the Gardai.
- DCC will liaise with local older person groups to identify suitable venues/events for Gardai to attend. DCC will give details of make-up of group, their concerns and topics they want covered.
- DCC will also consult locally to identify any vulnerable older people/locations which the Gardai can assist.
- The Gardai will liaise with their Community Liaison Gardai and Crime Prevention Unit in Harcourt Street to provide information and 'meet & greet' sessions for older people in the Central Area.
- The Gardai will be invited to give a presentation at the next Central Area Age Friendly Alliance meeting to link in with other agencies in providing support to vulnerable older people.
